

Economics - Course Structure

Economics Stage 6 consists of a Preliminary course and an HSC course.

Preliminary Course

The Preliminary course is essentially microeconomic in nature, focusing on aspects of the economic behaviour of consumers, business and governments. Much of this behaviour is influenced by the operation of markets. Two key markets, the labour market and the financial market, are examined in detail. The Preliminary course provides an essential foundation for the HSC course.

Preliminary Course 120 indicative hours	% of course time	Indicative Hours
1 Introduction to Economics	10	12
2 Consumers and Business	10	12
3 Markets	20	24
4 Labour Markets	20	24
5 Financial Markets	20	24
6 Government in the Economy	20	24

HSC Course

The HSC course focuses on the management of an economy and is therefore essentially macroeconomic in nature. It examines the external framework in which the Australian economy operates. The course investigates the impact of the global economy on the Australian economy and the link between economic issues and the management of an economy, with specific reference to the Australian economy.

Higher School Certificate Course 120 indicative hours	% of course time	Indicative Hours
1 The Global Economy	25	30
2 Australia's Place in the Global Economy	25	30
3 Economic Issues	25	30
4 Economic Policies and Management	25	30

The order of the topics in both the Preliminary and HSC courses is not prescriptive and may be influenced by economic events, the interests and needs of the students or the availability of resources.
