

From the Principal High Talent

Chris Morrow jumped 2.07m in the High Jump at Homebush at the weekend. Well done! Regular bus commuter, Dr Ganderton, catches the 610 in the mornings from Central. In conversation with Bus Inspectors he was told that Inspectors try to get assigned to the 610 station because it is regarded as the best group in the system to manage. Thank you to the great number of well behaved students using RTA buses.

Sports Equipment Drive – Coles Vouchers

We have always a great need for sports equipment. The latest Coles promotion from September 2 until October 30 allocates points for vouchers available for every \$10 spent at Coles. The points are redeemable for sports goods at the end of the promotion. Schools need to register to be eligible for the goods. SBHS is registered. I have kicked off with 16 vouchers in a box at the Front Office. As you might imagine, we will need a very large number of vouchers to get a worthwhile return. Mr Pavone has a box outside the PE staffroom. A box will also be placed in the Andrews Library. We need your support! Ask for the vouchers when you or your parents shop at Coles. If we all work together we can make a difference!

Debating Double - Hume Barbour & Karl Cramp, 2010

SBHS has won the Year 12 and Year 11 PDC debating double for the second time in its history - 1992 was the other occasion. Congratulations to Nakul Bhagwat, Ashwin Rudder, Samir Kinger and Krishan Sivayogaran who won the PDC Karl Cramp Trophy for Year 11 metropolitan state schools. This is High's 13th win in the competition since its inception in 1953. A round robin format reduced the 60 competing teams to 14 Zone winners. A knockout phase ensued, reducing the teams to 8 quarter finalists after inter-zone finals. SBHS debated a solid Holsworthy High School in the final. The topic was that we should

prosecute the CEOs of companies responsible for environmental accidents. Holsworthy's line as affirmative was that companies causing major damage to the environment in avoidable circumstances ought to have their CEOs prosecuted in a UN court. They argued that CEOs were responsible for their companies' actions; that there was nothing to be gained by prosecuting a company itself because nothing changes; and that prosecutions of CEOs would set a standard and act as a deterrent. BP was their key example – a company with a poor safety track record before the recent Gulf of Mexico disaster. SBHS argued a counter model that focussed on the collective responsibility of a company for its actions and the distance of CEOs from daily operational matters in large companies. They proposed attacking the share price of the companies involved by imposing massive fines on the company as a whole and making the companies liable to all compensation claims for the damage they caused. They argued that the effect of their proposals would in most cases lead to the dismissal of the CEO by the Board and a shakeup of company process at all levels. The CEO would be rendered unemployable – a severe punishment in itself. SBHS also contested the legal and equity principle that a person ought not to be prosecuted for the actions of others – “men in hard hats cutting corners”. The adjudicators did not buy the argument that the CEOs were not directly responsible for operational matters, but they did agree that the counter model proposed would be more effective than the affirmative's and they were uneasy about the legal principles involved in the affirmative's model. SBHS were declared the winners by a unanimous decision. Ms Berger can now retire from debating with a great sense of accomplishment.

Non-participation in Saturday Sport

At High we strongly believe in pursuing a well rounded education. Our Saturday sporting programs are integral to that education. We need to field senior teams in depth to meet our GPS commitments. It is quite disappointing to read that parents are writing

notes to exempt their sons from competing in Saturday sports for non-medical reasons for the summer season. On our letter of offer to students in Year 6 it states very clearly that this school competes on Saturdays in sporting competitions. All parents are aware of our expectations. Activities such as tutoring ought not to be scheduled in competition with school activities. Remedial coaching, as opposed to small group coaching, can be useful but can also be scheduled at the convenience of the client.

What's Up in the McDonald Senior Library?

The Senior library has been a busy place recently with Year 11s doing that final bit of study before their end of year exams, Year 12 recovering from their Trial HSC exams and last Friday the Year 10s attended a presentation by the author and filmmaker Tristan Bancks. Tristan exposed students to a multimedia show which asked viewers to use all their senses when they write creatively. Visually he had a slide show of various places and experiences he used when writing his novels as well as playing us a selection of music he gathered to inspire mood and meaning in both writing and filmmaking and taste and touch were also evoked when

he described various interesting foods and tactile experiences including peanut butter, marshmallow and jam sandwiches and flights using "jetpacks" where the user straps this to his or her back and flies around for several minutes..

He also showed us how he puts "Book Trailers" together using Adobe software and animation. Book Trailers are short films which promote new books just like film trailers whet our interest in new movies! The librarians are interested in utilizing this technique to promote new library books in the future so if you would like to be involved or lend a hand it would be very well received!

Several new books will be on the display shelf this week too and available for loan.

My Private Pectus by Shane Thamm – fits into the Belonging – Identity area of study as supplementary material. This is "[a] story about footy, cars and a young man who discovers that revealing his greatest secret is the only way to hold onto the people he loves" (from book blurb). This book has been shortlisted for the NT Book Awards and CBC Australian book awards in 2010 and deals humorously and sympathetically with male body image.

The Piper's Son by Melina Marchetta – by the same author who wrote *Looking for Alibrandi* and *Saving Francesca* this novel, like the previously reviewed, about a young man who deals with the shocks, tragedies and losses that occur in his life and who comes out the other side valuing his family and friends who help him "put the pieces back together" and show him that he is needed equally as they need him. Again might be useful as supplementary material for English study for HSC.

Maestro by Peter Goldsworthy already listed as an HSC text and available as a new copy in the Senior library.

Tales from Outer Suburbia by Shaun Tan – is a brilliant collection of quirky and "intriguing, illustrated stories about the mysteries that lurk below the surface of suburban life." Shaun has won many awards and accolades for his "sophisticated" picture books.

From the Canteen.

Order your lunch and you DON'T miss out!! We are selling out of some very popular items early – this means if you want a pide for lunch, you may well miss out. **Order** your lunch before school and get what you want!!

Home style food made on site, but we need your help!!

It is pleasing to see students continuing to purchase large volumes of the fresh food we make on site. We mark up our pre-packaged goods to offset the cost of the fresh food and with our volunteer labour, this allows us to keep the price of the healthy homestyle food down - as affordable as possible – and maintain a reasonable profit margin for the school. We absorb any price rises during the year and put prices up, where needed, at the start of each year.

Remember...all Canteen profits are returned to the school for the benefit of our boys' education and development.

Help Needed

With many Year 12 parents leaving, we are actively seeking *new volunteers*

If you have never tried helping in the canteen, why not give it a go? It's a great way to make a really substantial contribution to our school. No need to wait until next year.... ring and introduce yourself! Even if you can only manage the odd day here and there, every bit of help counts. Just ring the Canteen and offer your services

The direct number for Canteen is 9360 4027. Speak with Karen or Tracey.

The following people will all go into the volunteers draw for a \$10 canteen voucher for their son.....

Irene Ben, Betty Chan , Anita Bezjak., Fiona Nassif, Robyn Gordon., Vikki Angell, Fabienne Ovadia ,Nina Lui, Katrina Morrow, Haewon Jeong, Helen Lazarou.

Special mention of the extra people who popped in to help out on Open Day in addition to their normal days.

Thank you to everyone last week.

Thank You The Canteen Team

Sydney Boys and GPS Athletics

Come support our High Athletes in the AAGPS Athletics Championships at Homebush on the 18 September 2010. This is an opportunity for you to support our athletes who are competing in the prestigious AAGPS Athletics competition. This is the best schoolboys Athletics competition in Australia. Standards are high. High School has the reputation of having the friendliest and most inclusive team in the competition.

History of GPS Athletics

Official competition commenced in 1892. In 1912 the competition was divided into two levels – Senior and Junior. Trophy Senior: first awarded in 1895. The Shield has Championship Shield for Athletics engraved on it. Trophy Junior: first awarded in 1912. Presented to Athletic Association of the Great Public Schools of NSW 11th May 1895. Junior Athletic Championship AAAGPS is engraved on it. Engraved on the back is The Ladies Challenge Plate.

The GPS Athletics Finals

The GPS Athletic season is run for four weeks towards the end of Term 3. The season culminates in the AAGPS Athletics carnival held at Homebush. Here the nine AAGPS schools compete against each other in two different age division. Boys from each year group represent Sydney Boys in these divisions. They compete in front of nearly 10,000 spectators.
