

## From the Principal High Talent

Congratulations to our 'Philosothon' boys for

their recent strong showing at the St Andrews School competition. Jonah Beer (9F), Alexander De Araujo (10R) and Nicholas Giannoulis (11R) were placed second in the teams' event and Alexander

was ranked first in Year 10. For a school without a formal philosophy elective as part of the curriculum our boys acquitted themselves very well indeed.

## End of Term 3

Thank you to everyone in the High community for all their efforts this term. Our boys have had many opportunities to learn, perform, compete, compose, reflect, demonstrate and share. We welcome our new permanent staff member Dat Huynh (SHS-2004) who has been appointed to the Industrial Arts staff. Dat has been a temporary teacher with us for some time and is also doing a great job as MIC Fencing. This week we say goodbye to Mark Pavone, Head Teacher of Sport who leaves us after seven years in the role. Mark has left a significant legacy in the form of the *Sports Policy* implemented in 2013, expanding the number of sports offered by the school, increasing the organised training sessions and providing a coach for nearly every team. His Strategic Plans for Sport were well conceived and practicable. Much progress has been made thanks to his leadership. We wish Mark all the best in his new role in Queensland.

## The Class of 2016: Principal's Farewell Message

It has been a great six years for the Class of 2016, full of activities and achievements. You came in 2011 to a school where the grounds had just been given a much needed facelift.

Around the gym encapsulation work provided concrete dish drains, bitumen roadways and a grassed bank. The COLA was fenced and the run-ups extended and a sandstone retaining wall added. The Junior Quad had a big area of new bitumen. The Senior Library was fitted out for research, allowing you as Year 7 students more access in the Junior Library. Most rooms had data projectors, computers and sound systems. You were the last cohort to be issued with the DER laptops. The environment for learning was in place and you made the most of it.

There were many notable achievements by Year 12 students. Thomas Shortridge represented Australian Schools in debating. Edward Belokopytov represented Australian Schools in table tennis and led our team to a CHS title. Kabir Agrawal took 7 for 6 against Sydney Grammar in cricket. Jason Hong was ranked in the top 5 in golf in NSW schools. Luke and Jayden Schofield qualified for nationals in cross-country. Garry Huang won gold in the NSW Schools sabre competition. Kalem Best, Christian Haddo, Luke Schofield and Andrew McNaughton set an all-time record for High in the 4 x 50m open swimming relay. Garry Huang, Arthur Chao and James Ye were members of gold medal fencing teams at the Australian Schools Championships. Other team successes involving Year 12 boys this year included: the CHS Championship in open volleyball, GPS Premierships in Rifle Shooting (first and second grade), volleyball champions in first grade and premiers in second grade, and cross country (open).

Our Combined GPS representatives from Year 12 were: Tully Moffat (cricket), Marcus Plataniotis, Thomas Nimac and Finley Hayhurst (football), Luke Schroeder, (basketball), Kalem Best, Christian Haddo, Luke Schofield and Andrew McNaughton (swimming) and John Huang (rifle shooting).

As you all leave High, I want you to remember also one of its most valuable cultural attributes – its ability to connect you with mentors. Substantial people in our society have often had significant exposure to the influence of mentors. Our Old Boys Union has a program aimed at providing mentors and career

coaches for its members. In his impressive biography, *Keating* (Allen & Unwin, 2015), Kerry O'Brien asked Keating about his relationship with Jack Lang (Labor stalwart and former Premier of NSW). Keating visited Lang twice a week in his Sydney office for seven years (1962-69) until he was elected the Member for Blaxland. During their long friendship, Keating learned from the old man how the game of politics was played. Lang urged him to believe in the force of self-interest in politics. He cautioned him to seek the support of earnest people. He stressed that it was the issues that sorted people out in the long run.

Lang was Old School Labor but his great insight into politics helped Keating form one of his own 'long lines of logic' concerning the policy direction he would push for the Australian economy. He came to the view that the 'socialisation objective' (the government managing the high points of the economy) was old thinking. The future was in using capital and employing people. Keating sought to enlarge Australia by bringing its driving forces together – labour and capital. He believed in markets, not business.

Between the ages of 18 and 25 people can derive great knowledge and vicarious experience by engaging with a mentor. The life lesson is to learn from people with great insight and experience in your chosen field. Just as Keating made use of his connections to develop his political philosophy, so would you derive benefits from connections with Old Boys or other mentors in your chosen fields of endeavour.

I trust you will really enjoy the next phase of your education and hope that your teachers and peers have prepared you well to undertake it.

### Year 12 Farewell Assembly: Principal's Address

Good afternoon Year 12, parents, students and staff. Welcome to our Farewell Assembly for the Class of 2016. It is with great pleasure that the High staff and I can host your visit to the school today to participate in our annual celebration but unique experience for you - your sons' graduation from high school. The Class of 2016 expressed its character in its own unique way. It has been a cohort that should be proud of its undoubted achievements in a range of co-curricular activities. I have listed the most significant of these in my 'Principal's Message' contained in your program.

Whenever you talk about your time at High, you will always be able to say that in your final year the school earned five GPS Premierships. Missing in your program

is the undefeated run by our first grade GPS debaters as Champions, retaining the Routledge Louat Shield for the first time since 1938-39.

Also unique to your Year is the fact that the Bennie twins (1996) and the Schofield twins (2016) were important members of High's only two GPS cross country premierships. High also retained the Kippax Cup as the champion CHS Boys School in athletics for the 4th consecutive year.

We have as one of our marketing slogans – nurturing scholar-sportsmen since 1883. The implied strength of our sporting culture is in its belief in mutual support and group perseverance in adversity. Our students participate because they want to. They know it is good for their personal balance in life and helpful to their team mates and important for the strength of the reputation of the school. Whether in sports, community service, music, chess, social justice, debating or public speaking, participation is our key cultural message.

I customarily take this opportunity to thank the senior leadership group for their support: William, Vishal and Eli were very committed to their roles. They had complementary skill sets and were able to tap into a broad cross-section of students' interests. I think they made an effective team. Thank you for being our student leaders. I want to acknowledge all the Year 12 parents who are coming to the school for an event for the last time. Thank you for any help you have given to our programs over the years. We value your contributions highly.

We constantly need to reaffirm our culture of the scholar-sportsman. We really appreciate those who care enough to plan their busy lives around academics and sport. Such a disposition to find successful balance is the hallmark of the High boy. We need more boys prepared to compete in two sports in their final two years at High. I want to thank the eight boys who competed in three sports each year they were at school.

Fifty-nine boys participated in two GPS sports each year and sixty-one played one sport each year of school. I want to thank the 92 Year 12 boys who showed such great pride in their school and represented High in at least two sports in their final year at school. Another 57 played one sport. More than 71% of the cohort showed their commitment to our ethos right to the end. That is a statistic to be proud of in a free-choice environment.

There were 19 boys from Year 12 who competed in GPS first or second grade in two seasons of sport this year. Congratulations to those highly committed boys who represented the school at the highest levels in multiple sports in 2016. Our 'Triple Firsts' this year were: Luke and Jayden Schofield, Elias Hall, Christian Haddo, Jacob Katafano, Ethan Merrick and Andrew McNaughton. Our 'Double Firsts' were: Kalem Best, Marcus Plataniotis, Adam Smagarinsky and Daniel Zhang. We had a large 'One-Two- Club': William T Chen, Jerry Gek, Finley Hayhurst, Raphin Hossain, Liam Jepson, James Merlo, Nafis Rahman and Karthik Subbanna. Our 'Double-Two' boys were Desmond Cai and Kentaro Takahata.

In my Principal's message I recounted Paul Keating's relationship with his political mentor, Jack Lang, who had the propensity to go to the barricades for causes. Nicknamed 'The Big Fella', he was elected NSW Premier in 1930 on a platform of opposition to tax cuts. With 20% unemployment that year he refused to cut government salaries and spending and restricted landlord's rights to evict defaulting tenants. He paid workers the minimum legal wage on government relief projects. His refusal to repay the Commonwealth for interest owed to British banks and his subsequent withdrawal of government cash from NSW banks, were political acts too challenging for Governor Sir Phillip Game who dismissed him in 1932.

Lang may be characterised as an extreme ideologue but nonetheless, Australia needs more 'issues men' like him to show us that public service through politics can be more than a game of survival driven by a 24-hour news cycle. It can and should be about earnest people, standing up for issues and arguing their points of view with 'long lines of logic' aimed at the enlargement of Australian society.

I trust that your time at High has built your personal capacity to think long term and act earnestly in pursuit of

your goals. Seek out mentors in the profession you wish to enter and find out more about it before you decide to commit to it. I wish you all the

best in your HSC preparations and in the examinations to come and expect that you will be successful in gaining entry to your chosen tertiary options. It was my great privilege to serve as your Principal.

**Dr K A Jaggard**  
Principal

## Debating

Good Evening Dr Jaggard, teacher, coaches, parents and last but not least High Debaters. I am thrilled to welcome you all to our annual SBHS Debating dinner and I am honoured to thank each and every one of you for the role you have played in our very successful debating program during 2016. This evening is a wonderful opportunity to celebrate our achievements, but it is also a sad time because we have to say goodbye to so many key members of our debating community.

To Dr Jaggard I would like to emphasise your ongoing support for the debating program and also to thank you for the advice and guidance you regularly give me. And to the teachers: Ms Cook, Ms Jollie, Ms Barr and Mr Higgins, I am very grateful for your coordination of the PDC Program and the Legal and UN debating. Without the help of Dr Jaggard and the staff, I would not be able to juggle my roles as DP and Manager in Charge, so thank you very much.

This year we have certainly had some genuine bad luck and a few rogue adjudications along the way. However, whilst we were runners up in Eastside Year 11, we won the FED Senior B trophy. Our unbroken record of Year 12 Eastside wins came to an end, but we maintained our long standing success in the UNSW Schools Debating Tournament. Unfortunately, we were knocked out of PDC too early this year but, on the other hand our GPS win tally has been better than any other year since 2010 and we won in four divisions: 8B, 9B, 10A and Firsts making us GPS Debating Champions again in 2016. Winning the Louat Shield for two years in succession has not been achieved by SBHS since 1938 and 1939. Further acknowledgement of the depth of our program can be seen in the individual achievements of some of our students: Thomas, Max and Hugh are currently representing CHS and Kai and David GPS, in the 2016 Representative debates. Thomas was part of the NSW team who were runners up in Nationals and the Australian team who ranked thirds at Worlds. Congratulations to all our winners.

One of the most pleasing aspects of debating is how supportive parents are to the program. Sydney Boys High have always been known for providing the best suppers, but this year we have surpassed all expectations and Friday's double supper was certainly a very special event. We all owe a huge thank you to Edwina Henningham and Usha Arvind for their coordination and to all the other parents who have helped make the Friday evenings such

a success. Please join me in giving them a round of applause.

Furthermore, I would like everyone to join me in thanking the Debating Supporters Group. Our President Pam Jepson, Treasurers Keith Shortridge and Elaine Sadler, Secretary Victor Ziegler, Car Parking Coordinator, Vivien Suttner and Zerman Akarsu. Importantly, tonight, of course we must thank Glynis Bartley for the wonderful organisation of this dinner which I will let you get to in just a few more minutes.

This year there has been a real sense of camaraderie amongst the boys and we have seen audiences in unprecedented numbers. As you all know debating with an audience over and above the adjudicators and the two coaches is very exciting and when you get to debate to an audience like the one on Friday night, it really is very special. Thanks to all of the boys for being so supportive of each other and of the High Debating Program. In addition, I have been really grateful to the weekly helpers who have been organised by Lincoln Hui this year– these boys work really hard. Debaters give yourselves a round of applause.

Our Program at High would not be anywhere near as

successful, if we weren't so lucky to have such skilled and supportive coaches. As I walk around the coaching corridors every Friday, I feel very grateful about the high quality of coaches we have at High all

coordinated by our Head Coach, Justin. This year the Year 7s have been ably managed by Christopher who, along with Ganeshmoorthy have coached the GPS teams. Doing a great job with non GPS Year 7s have been: Christine, Alicia and Arlo. When Albert left for the USA, Khushaal singlehandedly took on all the GPS debaters and Riley, Lokesh, Jon and Dom worked hard with everyone else. In Year 9, Amelia and Rachael worked wonders with the GPS debaters and, when Romaan departed, Zafar worked wonders with the rest. Nick, Rob and Suman have done an excellent job with the Year 10s. Our Firsts and Seconds coaches, Angud and Declan have shaped hearts, minds and moulded future University debaters. This year we have been pleased to have two new additions to the coaching structure with Andrew as our regular casual coach and Ali becoming a designated coach for Thirds. Also we have sown the seed for developing whole school coaching themes based around equality and social justice issues, such as the gender pay gap so well handled by our coaches in the light of last term's controversy. Debaters have a key role to play in such discussions and our coaches showed that

they can help you articulate a calm and considered view in response to those who shout loudly against progress. This is absolutely the best way to fight discrimination. A huge round of applause for the coaches please!

This year we are very sad to say good bye to some of our

*Thank You*

key coaches. Zafar has been a coach at the school since 2012 and his speciality has been keeping large numbers of unruly juniors under control. I am amazed that every time I

go past his classroom, Zafar is explaining something important about world events and boys appear to be listening. His secret technique he tells me is extra low lighting! Alas, Zafar is forced to leave us, in order to concentrate on his medical degree. I, for one, will really miss Zafar's effervescent charm and would like to wish him well in the future. Round of applause for Zafar.

So we come to the three musketeers of debating at High. Justin, Declan and Angud all left school in 2010 and have coached at High ever since. Any one of them could have taken up a much more lucrative offer at one of our competitor schools. However, they have remained loyal to the public system and have generously given back their time and considerable expertise to the best debating program NSW has to offer.

Whilst Justin has been coaching teams and more recently performing the role of Head Coach, he also been President of UNSW DebSoc, Convenor of Australs, and has debated in and adjudicated the Finals at Worlds. Even though Justin coached the SGHS team that beat us in Eastside and stole our chance to win back the Hume Barbour this year, we will still remember him fondly. Round of applause for Justin please.

Until this year, Declan has always coached non GPS groups. His lively personality and positive approach to the students made him appear perfect for that role. Both the team and I are, however, very pleased he took on the role of GPS seconds coach and let's face it as a successful voiceover artist since the age of three, we know that we were lucky to have him. With Declan gone, we have lost our most debonair debating coach and a loyal supporter of the program. Please show our thanks for Declan.

Angud has been our Firsts Coach for two years and at the same time he also managed to become champion and second best speaker at the 2015 Australs and Grand finalist and fifth best speaker at this year's Worlds. I put it to you that being part of the team that won the Hume Barbour in 2010 and then the coach for the 2015 and 2016 teams that won the Louat Shield, probably makes

for a special kind of SBHS debating history. Angud, the respect and admiration you have from all here is huge and we would like to show you that now.

Inevitably we lose students every year, but this year is particularly sad for me because the Year 12s started their debating career at High, the same year I did! I have really enjoyed watching these boys grow from Year 7s barely able to fill 3 minutes of air time to young men with such erudite arguments which enthral us all. Well done to the two of you – Eli and Esmond who stuck it out to the end. Congratulations to Kai, Max and Thomas for your amazing achievements. I hope to see all five of you back next year inspired by your own coaches, to support the Public School that has served you so well.

When students leave so do their parents and more often than not it is sadder for them than it is for their sons. Kai, Esmond and Eli's Mums have been very supportive of their sons and have regularly watched them debate over the years. Max's parents have hopefully got another five years of debating with their third son, Jesse. For Thomas's parents this is goodbye. I first met Keith and Elaine at Orientation Day in 2010 before I was MIC of debating and before they had made up their mind between North Sydney Boys and us. Keith and Elaine, we are so glad that the stars aligned and you made the decision to join us at High. You have undertaken a key role in the DSG by job sharing the Treasurer role and overseeing an astronomical rise in the budget. Keith has taken some of our most stellar photos and Thomas, your son has made us all-star struck with his success as a debater. We wish all the Year 12 parents well.

And so for another year we have a term's rest from debating with some time to do what 'normal' people do on Friday nights and some time to recharge in preparation for 2017. I hope you all enjoy a wonderful evening. Thank you.

**Rachel Powell**  
Deputy Principal and Debating MIC

### **Term 3 Student Wellbeing Matters** **John Lincoln Youth Community Services Award**

This award was initiated by the late Dr John Lincoln AM, on behalf of the NSW branch of the Order of Australia Association. Since 1992, about 20 candidates are selected and honoured at a special ceremony, to give recognition to students with an excellent record of community service. This year the ceremony was held at the Macquarie University with Vice Chancellor, S. Bruce Dowton presenting the Awards and Superintendent Robert Critchlow, NSW Police Area Commander, was Guest Speaker.

In Vice Chancellor, S. Bruce Dowton's speech he quoted from Marian Wright Edelman, "Service is the rent for being". He challenged the students to pause in their transition to university or work, to think about the privilege of the education they received. He encourages the students to take risk, especially for the benefits of others. Superintendent Robert Critchlow spoke about leadership and he inspires student to "have a goal, have a go and have the skills".

Two of our exceptional Year 12 students Kai Matsumoto and Andrew McNaughton were the worthy recipients of the John Lincoln Youth Community Service award. Kai and Andrew had dedicated many hours of their own time to serve other in the school and local community. Their tireless effort and work were recognised and honoured. It was my great pleasure to attend this ceremony, along with Kai and Andrew's parents to this event. We are extremely proud of their achievement and selfless service for others at High. Congratulations, Kai and Andrew. Well done!

**Joanna Chan**  
HT-Wellbeing

## Canteen

Did you know that the canteen donates a substantial amount of money to the school each year for valuable educational resources and infrastructure projects?

This is only possible because of fantastic network of volunteers, who assist canteen managers Karen and Tracey each day. In fact, we are one of the few parent-run high school canteens still operating in Sydney. School prefects serve at windows during recess and lunch.

Constantly striving to meet the nutritional needs of our

diverse community, we offer a variety of hot and cold foods that are reasonably priced. Our range includes hot breakfast, freshly made focaccia, sandwiches, wraps and burgers, homemade pasta, rice box, pide, sushi

and pies. Vegetarian and halal options are available and can also be pre-ordered. Those with allergies or on exclusion diets can be catered for.

We would like to acknowledge the following parent helpers:

**MON:** Lillie Urbina, Stephanie Fung  
**TUES:** Michelle, Jun Wang  
**WED:** Tina Zeng, Minhua Zhang, Theresa Tran  
**THU:** Le Giang, Arti Shah, Annie Yu  
**FRI:** Jenny Beer, Edwina Henningham

New parents are always welcome, even if it is only for a

few hours and the canteen managers will provide full training. Language is no barrier. It is a great way to build new relationships and

engage with wider school community.

**Usha Arvind**

**President Canteen Committee**

## Chess News

On Saturday 17 September 2016, we played against Sydney Grammar School, Scots, The Kings School, St. Ignatius College, Newington and Shore in the annual GPS Sydney Boys High School Invitational Games.

Our team played well and came a close second to Sydney Grammar School. Our players were Manil Abeysekera, Johnson Lin, Andrew Wu, James Snow, William Weber, Sean Zhang, Peter Boylan and Henry Chen.

Congratulations to Henry Chen and Amerthan Thevathasan of Year 9. Henry is first out of the twenty five

most improved NSWJCL players in the state lifting his rating by 167 and Amerthan has been placed second in the state with an improvement of 140.

**Rowena Barr**  
**MIC Chess**

## National Youth Football Championships 2016

Congratulations to Sydney Boys High School student Ikko Ihode Arimoto (8S).

Ikko has been selected to represent NSW in the Boys National Youth Football Championships in 2016.

He will represent NSW Metro at the FFA's Boys National Youth Championships in October 2016.

This tournament serves as a primary talent identification opportunity for NSW representative teams and the FFA various National Teams. To play at this level is a chance very few players achieve and an opportunity to test yourself against the best players from across the country all representing their respective States and Territories.

**Geoff Tesoriero**  
**MIC Football**

## Mahjong Club

And that's a wrap! The Mahjong Club concluded its competition last Friday. Congratulations Victor Chua from Year 12.

It has certainly been a new and fun experience for me,

having taught and shared Chinese culture and my heritage with many students in the past two terms.

However, with the club currently being composed of mainly Year 12 students, last Friday was our last session.

I would like to take this opportunity to invite students from other years to join/help run the Mahjong Club! Especially

Year 11s! The administration work is pretty straightforward and I would be happy to give you a brief run-down of the process. Please let Miss Zhang know if you are interested.

I think the Mahjong Club is yet another example of the diverse range of activities which students can participate in at High and as such, would like to see it continue into the future.

P.S. I also put the Mahjong Club on my reference!  
Dylan Goh

Club 2016

# SHOOTIN' HOOPS

## 199

---

The AAGPS Basketball is up and away, after an exciting week of trials. With games coming up and our CHS knockout teams playing their very finest, our season has kicked off to a great start.

Over the holidays there is a basketball camp for the Junior School run by our old boys who care about our juniors. Be sure to contact [sbhsbasketball@gmail.com](mailto:sbhsbasketball@gmail.com) to register your interest. It's a good way to enjoy your basketball and catch up with friends while getting match fit.

Our under 15s CHS knockout team played extremely well, and the tournament was entirely in their favour. Winning all of their games, the effortless matches brought the team closer together, leading them to celebrating their CHS Sydney East championship. The finals game was against Sydney Technical High School, where they won by 70 points. The game was really entertaining, with outstanding performances being witnessed by spectators. Noah Casacang, the team's guard, scored six three pointers, earning 18 points for the team by shooting from the outside. Campbell Green, the team's star centre, also made some big leads inside the paint, extending the team's lead even further. Congratulations to this highly skilled team. Also a big thanks to Mr Hayman for making this team's success possible. And at the end of the day, we really showcased how proud we are to be part of the High Basketball community.

Congratulations to Brad Ness the Rollers' Captain (Mens' wheelchair basketball team) on his selection to be the flag bearer in the opening ceremony of the Rio

Paralympics. He has proudly represented Australia at five Paralympic Games.

Well done to the Australian Rollers. Although not winning a medal we are in awe and respect of your skill and commitment. Playing basketball at the top level is hard work, but doing it in a wheelchair is amazing. Let's hope the women can get a wheelchair basketball team together in the future to represent us at the next Paralympics.

Australia's National Basketball competition is imminent. The Kings have a new coach and a fresh look. Let's get behind our local team for the season. First home game is 8 October.

Jumping to the world of the NBA, some new Hall of Famers were introduced; Shaquille O'Neal, the former Laker's killer centre, Yao Ming, the Rocket's Chinese replica of Shaq and the 76ers' guard Allen Iverson were taken into the spotlight of the NBA Hall of Fame. These stars are to be greatly congratulated for their achievements.

**Glandon Zheng**

**Go HIGH!**

**Play Hard, Play Smart and Play Together!**

**Thanks to everyone who make Shootin' Hoops possible**
