

## From the Principal Welcome Back to Term 3

I hope students and staff are returning relaxed and healthy after the holidays and ready for another busy term. We welcome back Donna Marsh who is returning part time from maternity leave and will be working Wednesday to Friday in the Social Sciences Faculty. During the holidays, concrete paths were laid from the two staircases to the basketball courts on The Flat. Two aluminium seats with back rests were concreted in along the wall under the trees on The Flat for boys to access summer shade and for basketball spectators. Two concrete slabs were poured on the SGHS side of the COLA – one is for the new cricket / fencing kit storage shed, the other will accommodate permanent barbecue installations for our numerous events – social, celebratory and charitable. The COLA fencing alongside the retaining wall was also refurbished during the break. The long jump pits have been raked and cleaned with new protection sheets laid over them, ready for the athletics season. I want to thank Jim Crampton for all his work during the holidays. Thank you to John Prorellis and George Barris for giving up their vacation time to help with school business.

### High Talent

Congratulations to our rifle shooting team for their win in the All-Schools Competition held at Malabar during the holidays. Well done to James Jiang (12F), Nathan Wong (12F), Wentao Ruan (12F), Ricky Li (11F) and Frank Zhou (10M). Our first grade boys finished second in the GPS Premiership and second grade was fourth. Congratulations to Nathan and Frank who were selected in the combined GPS Rifle shooting team.

### Transitioning to LMBR

We 'go live' on Monday. That means that the OASIS system will be closed down and its files

archived. All our students' records from ERN will be uploaded into the new system. All our invoices will have to be re-entered. We have to work with only 18 'cost centres' instead of our 50 or so 'dissections'. We have to use state wide 'internal orders' and establish bespoke ones for some of our activities. There are many changed practices to be internalised and our SASS colleagues will be working hard to prepare our complex accounting activities to fit the new arrangements. All of the above means that we are not going to be able to reopen for normal 'business' until at least July 31<sup>st</sup>. To those groups planning and organising celebratory functions for the end of the winter season, it means extra work will be needed to track transactions. We will be able to receipt payments manually and return the funds in cash but we will not be able to supply lists of those who have paid. Committees or Managers in charge, will have to keep track of paid up participants independently of the office.

### Debating, Rifle Shooting and Volleyball Assembly 2017

My address to the assembly is reprinted below.

Special guest Ms Jenny Leong MP for Newtown, staff, parents, students, representative debaters, volleyballers and rifle shooters, welcome to our annual assembly recognising the students and their achievements in these three popular and successful co-curricular activities that are flourishing at our school. The official start of the GPS debating season is this Friday night. We hope to vigorously defend the Louat Shield that our boys retained last year.

I want to begin by thanking Rachel Powell for her ongoing high standard work as Manager in Charge of Debating. The depth and strength of our program is built upon her efforts to recruit and retain strong coaches and to maximise competition debating opportunities for our students. On her behalf I would like to thank the members of the Debating Supporters Group for all their work. Pam Konecny served again as President, with Victor Zeigler as Secretary. Edwina Henningham coordinated High's highly regarded suppers. Vivien Suttner organised the parking effort again. Zerman Okarsu took over as Treasurer. Wendy Dar is coordinating the debating dinner. Thank you all.

Thank you to Khushaal Vyas (SHS 2014) our Head Coach. We really appreciate the long hours put in

by our team of 23 coaches. Thank you to Nakul Bhagwat (SHS 2011), first grade, Nicholas Gerovasilis, second grade, Ali Thompson, third grade, Robert Sternhell (SHS 2012), Year 10 Coordinator, Ganeshmoorthy Chandrasekaran (SHS 2015), Year 9 Coordinator, Rachael Short Year 8 Coordinator and Christopher Chiam (SHS 2012) Year 7 Coordinator. Our PDC program is mentored by Melinda Jollie, Rowena Barr and Jeanette Cook. Thank you for your assistance which is so necessary to make such broad participation of teams possible. Thank you also to Sara Critos for her great preparation of our Legal Debating team.

For rifle shooters, their season concluded on Wednesday after a long commitment over the holidays. They trained and then won the All Schools Competition, then backed up to train and compete in GPS shooting at Hornsby this week. Thank you again to the dynamic duo of Cathy Meaney and Daniel Comben (SHS 2003) for their fine work in managing the shooting program. I acknowledge and thank them both for their efforts. Our great team of Old Boys is headed up by High stalwart Sam Kremer (SHS 1992). Thank you to Brendan Leo (SHS 2011), Jacky Yang (SHS 2012), Joe Banh (SHS 2006), Terry Fong (2013), Keller Huang (SHS 2015), Timothy Tran (SHS 2015), Desmond Chang (SHS 2015), Evan Han (SHS 2015), Jack Zhou (SHS-2015) and Jeremy Chan (SHS 2014) for their great support. Our parent supporters are heavily engaged in our program. Thank you so much to Amy Cao and Frank Ruan. Yi Sheng Jiang and Li Ping Cai in particular, as departing Year 12 parents. We will miss their energy on behalf of rifle shooting.

Volleyball, as always, is managed expertly by Michael Kay. It is consistently our most successful sport. Our boys are set for another successful season. I would like to thank our teacher managers Patrick Parker, Everett Coan and Kerryn Ibbott for their help with the program. Well done also to our impressive squad of Old Boy coaches: Pinyan Gao (SHS 2014), Kevin Lu (SHS 2015), Gordon Qin (SHS 2014) Sunny Xu (SHS 2015) and Ryan Seong (SHS 2016). The expertise and commitment of our coaches really makes a difference to our program.

Returning to debating, it has been said that the core of competitive high school debating is to examine every side of important and controversial issues in an atmosphere of reasoned argument and respectful discourse. The culture of the activity is strong in this regard. The focus is on the argument, not the arguer. Perhaps the most important skill debaters learn is the ability to think rigorously and critically. They cannot hold fast to bias or prejudice when applying themselves to one side of the topic or another. Academic benefits can be accrued by debaters. Debating students excel in written and oral communication, and greatly improve their reading comprehension. Moreover, they gradually become more comfortable with encountering new concepts and unfamiliar language. Debating students show more maturity in the face of adversity, considering they have to learn to be gracious in victory or defeat, and tend to develop stronger relationships with peers and mentors than other students. Many top corporate executives and high-ranking officials in all branches of government are former high school debaters. It is gratifying to know that our program attracts so many boys to participate in it, given the long term benefits that they will derive from their experiences in high school debating.

I congratulate all boys selected in debating teams and in first and second grade volleyball. Well done to the rifle shooters. I wish all competing teams the best of luck on Friday night and Saturday and for the GPS season ahead.

### Meet the Prefect-Intern

Looking back and recalling what has changed in the last five years. How have you developed as a person? What has led you to this?

Five Years ago, I was a chubby 12-year-old entering an academia of scholar sportsman filled with anxiousness and uncertainty. I didn't know who I was or what I would become and definitely uncertain of my place in this new environment. Now let's fast forward five years to the present: I am still a chubby boy now of Year 12, who is about to enter the world and still unsure of who I yet will be or how and where to find my own place in the world. But there is a certainty in my mind. I know I am proud to have been a High boy.

The High weights room is a place encouraging the growth of young men into developing themselves to become better physically and mentally as possible. It has taught me the importance of hard work and perseverance and working over extended periods of time through tiredness and soreness to achieve well-earned results. And

proudly, it is the only school with a weightlifting club which currently has four national level athletes competing in with myself included. Ultimately, however, the weights room encompasses the aspects the school really must offer. Sydney High has been the foundation for young men for over a century to nurture and develop greatness so that they can make a real difference in the world. This mainly has to do with the idea of High Spirit, our own formula for success in which the importance of perseverance and hard work is forever ingrained in the minds of these young men to become the best they can be through humbler beginnings. The idea of High Spirit gives credit to those who work hard and show passion in what they do, we don't need to be the best, just the best version we can be. We take pride in knowing that we are building the characteristics of upright young men that will make a change in the future, in which these are invaluable life skills that ultimately make us better people.

Looking back, Sydney High has taught me many valuable lessons that I will carry through for the rest of my life. From learning the importance of balance through relieving stress and pressure from academic standards that a highly competitive selective school environment will bring, it shows the importance of diversity in our own abilities that really improve our overall selves. Like many from this school, I have been taught to strive for greatness, inspired by the many Year 12 boys that have come and gone before me who's names echo years after their departure of their merits. One day I hope to leave my own legacy as either a member of Sydney Highs 1st XV or achievements in the gym in a desire to inspire the next generation like the past generations of High boys that have inspired me.

As a message to the boys around me, as my time at High ends, I encourage you to really invest your emotion and heart into the school. It is a rare occurrence you will ever feel this sense of comradery again. I implore you to bring passion with what you do, because that sense of representing High can never be diminished knowing that High Spirit will be there to support you.

## Cars Travelling On School Grounds

Parents and visitors to the school are reminded that they must travel at a safe speed (10KMphr) whilst in the school grounds. When entering from Cleveland Street by Gate 2 they should park rear to the buildings or tennis courts. Parents and visitors should not use the Anzac Parade entrances. Three-point turns in the bus bay area have posed serious risks to students walking beside the Great Hall and the buses or walking along the path next to the tennis courts and coming down the stairs. The bus bay area is not a drop-off point for students. Parents should drive in gate 1, drop off their sons and drive out gate 2, as per school policy. Please be vigilant in the interests of the safety of our boys!

## Parking on School Grounds

All parents and visitors to the school are asked to park their vehicles in approved spaces only and to respect 'no parking' signage on the roadway and the 'restricted parking' signs on the walls of the gymnasium. Vehicles blocking emergency exits or access ways may impede emergency exits from buildings or the site. Also, the bus bay needs to be kept clear for the movement of our two school buses. Thank you for your cooperation

## Gymnasium Safety

Having been alerted to the issue of cars parking outside the gym doors and obstructing exit flows from the building, our GA Jim Crampton has painted 'No Parking' on the roadway to deter drivers. In addition, he sourced and fixed to the doors signs clearly stating 'Fire Doors Do Not Obstruct'. There are offences relating to fire exits and parking a car in front of them is one of them. Please respect the area and refrain from parking there. Likewise, parking spots marked with wheel chairs are reserved for disabled drivers and / or passengers. Only drivers with disabled parking permits are allowed to use them. Otherwise, they need to be kept clear. Thank you for your cooperation.

I hope everyone enjoyed their half yearly break. In the final week of Term 2, SBHS had their annual winter sports exchange with Melbourne High School (MHS). This is always an evenly fought contest. Our boys got off the plane and straight into their playing strips to play their first of two matches on their main oval. MHS were a well drilled side and scored two goals against us. The second match was a much more even contest with our boys passing the ball and creating space.

SBHS and MHS Football Teams

Thank you to all the boys for a great trip. It is a fantastic opportunity for them to be billeted out into other families and experience different cultures. We all had a great time.

Special thank you goes to Mr Aldous for organising the trip.

In the second week of the holidays SBHS had a football camp comprising of over 140 boys and 12 coaches. It is great to see so many boys attending the camp. This provides them to be coached with higher qualified coaches and improve on their skills and maintain their fitness leading into the backend of the football season.

Good luck and keep working hard and the results will come.
