

From the Principal High Talent

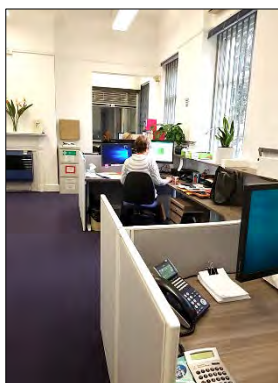

Congratulations to our Marching Band and Sarah Kim for continuing to present High to the public in the Anzac Day March. Thank you to Mr Stuart Vandegraaff, conductor, who prepared the boys really well. Thank you to Mihir Marathe (9M), Dinan Pingamage (11T), Alan Jessup (10R) and Shengkang Li (11S) for their service representing High at the dawn service in Moore Park at the obelisk on Anzac Day. Thank you to Meredith Thomas for organising the cadets in two venues and accompanying them. Great news for Old Boy Daniel Arzani (SHS-2013) who was selected in the squad of 32 for possible selection in the World Cup football squad for Australia. Campbell Green (SHS-2016) has been selected in the Australian U17 basketball team to compete in Argentina for the World cup. Well done, Campbell! Hunar Verma (11T) has been selected into the U17s Metropolitan Cricket squad to play in the U17s National Championships. Great job, Hunar!

Welcome to Ms Elly Harcourt who was appointed permanently to the History faculty recently after a merit selection process.

Holiday Refurbishments

Taking advantage of the major recarpeting program being undertaken by the DoE at High, we gave the main office a complete makeover. It was repainted, recarpeted and had new

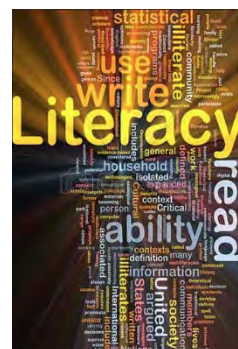

furniture installed with an additional work station. The office was last upgraded in 1994 so the work was well overdue. The COLA had its gutters cleaned out and new guttering installed on the southern

roof, along with new gutter guard. A new roof section was added to cover the area where the three water tanks capture run off. New and additional downpipes were fitted to the roof to disperse water flow during a major weather event. The works cost \$23k. The facility has now much improved weather proofing and is ready for the next stage – resurfacing the artificial grass area and replacing or repairing the cricket nets. That work has been pencilled in for the end of term two holidays. Thank you to Jim Crampton, Brett Montgomery and Brett Harrison for all their efforts during the recent school holidays. James Rudd and David Isaacs had the job of disassembling all the electronic hardware in the office and repositioning it and reinstalling it after the refurbishment works. Their dedication meant that the office was functional for the first day of school this term.

Our Wi-Fi equipment is now end of life. We brought forward a plan to renew it in order to mitigate the risk of system failure. Due to the DoE having negotiated some keenly priced contracts for supply, we have recently installed Aruba units in many classrooms. We will complete the upgrade this term. This project will come in under budget at \$55k.

Literacy Update

Our whole school focus on literacy for term one was 'audience'. It is important for students to understand the differences between spoken and written language. They need to appreciate writing for different purposes. They need to craft their work with a reader in mind. They need to be aware of the existence of multiple perspectives taken by individuals according to their unique lived experiences. Writing is a product to be interpreted by an audience. Writing in examinations is a skill that needs developing. Overwriting is a problem as is omitting salient points. The examiner is the audience and must be given what they want. Our students need to develop the nuances of their writing with an appreciation of the differing perspectives of their audiences.

This term we are focussing on sentence construction. Teachers are forced by many students to pick their way through sentences of extreme length, punctuated by random commas. Saying something concisely is appreciated. Students need to know more about subject+verb+object. They need to build coordinate sentences of two clauses using: and, but, for, or, so, yet nor, either...or, neither...nor. These conjunctions connect discrete ideas of equal importance in the sentence. They should experiment with complex sentences by establishing principal clauses, modified by adjectival or adverbial subordinate clauses. Students need to vary how they commence sentences, by starting with a phrase, clause or infinitive.

Our boys should appreciate that they have to work on the elements of literacy with the same dedication that they are prepared to work on elements of numeracy.

Cars Travelling On School Grounds

Parents and visitors to the school are reminded that they must travel at a safe speed (10km/h) whilst in the school grounds. When entering from Cleveland Street by Gate 2

they should park rear to the buildings or tennis courts. Parents are asked NOT to travel up Cutler Drive in the mornings. Staff use that driveway from the east. The designated area for drop off is between gates 1 and 2. Parents and visitors should avoid using the Anzac Parade entrances to drop off their sons. If they have to

come that way they should come into the carpark before dropping off as halting in or near the gates blocks other traffic. Exit is by gate 10. Three-point turns in the bus bay area have posed serious risks to students walking beside the Great Hall and the buses or walking along the path next to the tennis courts and coming down the stairs. The bus bay area is not a drop-off point for students. Parents should drive in gate 1, drop off their sons and drive out gate 2, as per school policy. Please be vigilant in the interests of the safety of our boys!

Cyber Free Mondays for Junior Students.

High is a proud BYOD school as we can see the benefits that computer technology has brought to teaching and learning. Furthermore we understand that our students have a technology based future ahead of them and therefore we are committed to helping them develop the skills required to succeed in a future based career which is certain to require some form of computer usage.

CYBER FREE

MONDAY

However, we are also aware that some students can easily be distracted by games and social media and we are keen to help all students understand that, as with all things in life, balance is important. To that end we would like to encourage a more social and physical experience at break times because many boys choose to sit and play computer games.

Therefore, this term we will be trialling Cyber Free lunch time and recess for Juniors on Mondays. Students are encouraged to play handball or talk with friends in the Junior Quad. Larger ball games such as football can be played on Moore Park West, basketball on the basketball courts and the social board games room will now be open on Mondays.

If your son needs to complete work during these break times then he can access the Junior Library, but it is important to note that no computer game playing is tolerated in the library.

If you have any concerns about your son's computer usage please don't hesitate to contact us at school. The first point of contact is your son's Year Adviser.

Meet The Prefect Intern

Staring into some forms more than six years ago, my parents said, "choose Ruse or North Sydney" under the

stigma that High is all 'fun and games'. What I did next, I will never regret.

Talking to other parents on Open Day, I was faced with the question "Why did you choose High?". Going to many open days, I found myself stuck between the myriad of opportunities offered by different schools.

However, upon visiting High, I found myself immersed in a melting pot of all these opportunities.

My parents finally understood. The experiences I have gained at High, whether it be on the cricket pitch, the football field or during my studies, I wouldn't have been able to grasp anywhere else. The many hours a week spent training and competing in a team have provided me with great skills and most importantly formed unforgettable memories that will be talked about many years into the future.

"But what about your study time?"

Trust me, your son will still be blessed with one of the best teachers and HSC scaling a school can offer.

As PR prefect, I encourage the boys to appreciate High for its many opportunities and for everyone to see that the six years of High School is more than just the HSC.

Anzac Day

Anzac Day in Sydney is an event that Sydney High Cadets and Marching Band participate in every year. This year, cadets also attended the dawn service at the cenotaph on Anzac Parade. An early start to the day didn't hold back anyone's enthusiasm, and the service ran

like clockwork. Following the dawn service a few hours later was the Anzac Day March, a lively affair with thousands of supporters looking on. The marching band and cadets marched seamlessly down Elizabeth Street accompanied by several other marching bands and veterans. Overall the whole day was a vibrant affair, and something everyone would be eager to participate in in years to come.

From the Canteen

High Canteen is open daily from 8.30 am and serves an extensive range of healthy hot and cold food items that are reasonably priced. A number of these are made fresh daily on the premises. As we approach the colder months, our canteen managers Karen and Tracey will be adding many "hot" options to the menu.

Our wonderful network of parent helpers ensures that all operational profit goes back to the school for special projects that directly benefit our boys. Looking to learn more about the school or make new friends? The canteen is a great place to start. Full training is provided and language is never a barrier. If you have a few hours to spare, speak to Karen or Tracey on 9662-9350.

We would like to acknowledge our parent helpers for past few weeks:

MIC Report

Thanks to everyone for all your help in making Saturday run so smoothly. We played six different schools across multiple venues. Please be advised that SBHS uniform must be worn on a Saturday game day. If you don't have one you need to go to the SBHS High Store and purchase one. If you are in an A or B team there is also a training top that needs to be purchased from the store. Please make sure you represent the school in the correct way each Saturday.

As a reminder to all players and parents, please download TeamApp and join the "Sydney Boys High School" group so that you can get all the latest news and information on SBHS football. Fixtures, venues, maps will all be available here as well as any changes including wet weather notifications.

Lastly, please remember to arrive 30 minutes before your match and stay for the first half of the following match on your pitch to support Sydney High!

Cricket – Achievement – Term 2 Week 2

Cricket Report

Congratulations to Hunar Verma on his selection into the U17s NSW Metro squad to compete in the annual U17s National Championships in late September.

Hunar achieved this extraordinary achievement after turning heads of selectors at the recent NSW State Challenge as a member of the U16 Metropolitan Thunder team. His consistent and valuable efforts in this year's Green Shield – one of the most prestigious and competitive junior representative competitions in the world - for Hawkesbury Cricket Club was a strong factor in making the team. He justified his selection in the Thunder team with strong showings with both bat and ball, often coming in at crucial moments and providing key partnerships or breaking them up.

As a member of the Metro Thunder team, Hunar managed to rank himself amongst some of the best U16 cricketers in NSW and by extension, the country. Playing at Raby Sports Complex, this State Challenge carnival sees emerging cricketers from all regions of NSW battle it out over several days. Although seeing little action in the first few games, he bounced back and proved his worth in the following matches to make some noise around his name. In particular, selectors such as the Talent Manager of the Sydney Metro region Gavin Twining, appreciated his added bounce and pace off the pitch. With that height and a nice smooth action, Gavin mentioned him in his assessment: "The boy is tall, get bounce and hit the bat high and it was good to see him in game situations."

His talents were recognised and Hunar was identified as a future rising star, a great motivation for him to work up to. Managing to receive high praise at a young age should only bolster his confidence and provide inspiration to all the juniors who want to see talent being converted to performance and substance. A report on rising stars can be found below:

<http://www.cricketnsw.com.au/news/state-challenge-under-16-boys-under-15-under-18-girls-metro-country-sixers-thunder-breakers/2018-04-24>

After managing to snatch a couple wickets and provide middle order runs as well as impressing in the U17 trial on the 3rd of April at the SCG, Hunar achieved selection in the U17 Metro team. Hopefully, he can further his development in this team and possibly impress at the Championships. A strong outing there could see him selected for National squads and maintain his position in the NSW team.

Individually, he possesses great maturity and composure when bowling and batting. His ability to get bounce off any surface and provide zip at any time in the match means he's always a handy option for a captain who wants a spark of action. And when he gets that small sniff of a wicket, he has the intensity to sustain pressure and get wickets in clumps. With the bat, he has shown an incredible ability to handle pressure situations, as highlighted by his match-winning 52 of 124 against Newington earlier this season after coming in at 5 for not many. But more importantly, he ensures a humorous and enjoyable culture exists within the team. Definitely a well-rounded senior cricketer and one we're proud to have at this school!

His selection has capped off a wonderful season for him, as additionally he's been chosen for the Team of the Tournament at the prestigious 5 Highs competition, nominated for the GPS team and narrowly missing out, making the finals of the CHS Alan Davidson Shield and the Green Shield finals. We can be sure to see an even better season coming up and hopefully ensure his place in the GPS and NSW Schoolboys teams.

Keep working hard and continue to display your potential! The sky's the limit Hunar, and with your height, it seems even more achievable.
