

From the Principal High Talent

Eoin Fitz-Gerald was selected in the U18 Metropolitan Basketball Team to play in the Australian Junior Basketball Championships. Congratulations, Eoin!

The School Plan 2020

We are in the last year of our 3-year School Plan. With 'engagement and meaning' we continue to increase skills-based activities written into teaching programs, using thinking routines and framing knowledge acquisition in contestable and problematic schema. **The Feedback Team** is gathering data to inform our efforts to vary and make more impactful, the feedback environment in our classrooms. We have made available opportunities for students to engage in social justice issues and to relate what they do at school to society as a whole. We are trying to develop emotional and cultural intelligences more directly. We are also keen to lift engagement by having more students take two GPS sports. We have a goal to 'light up literacy'. We have taken some additional initiatives, such as competency testing and small group literacy capacity building through 'Wordflyers'. There remains the vital need to improve student voice and the sophistication, maturity and accuracy of their writing, particularly creative and reflective writing. Online feedback through CANVAS offers possibilities in capacity building. Our third

direction is in the development of 'skills for life'. We are embedding the direct instruction of PEWCC skills into our teaching and learning programs, so far in Years 7, 8 & 9. We are reporting on the stage of progression in selected skills for each student in each subject in each semester report. Some activities are linking thinking routines and PEWCC skills with tailored assessment tasks. We deployed a variety of in-class grouping strategies – think-pair-share, fishbowl, group puzzle and the jigsaw activity – alongside task-based small group investigation, discussion and reporting. We want to improve our capabilities in communicating and working with others. We have increased the number of autonomous, independent online learning opportunities for students.

Early Bird Discounts on financial contributions

There are **only seven days remaining** for parents to take advantage of the early bird discounts on our contributions package. 28 February is the last day to receive the benefit. With the maximum contribution you get the value of one year of equivalent private school education for your son for about one-twelfth of the price. Please support the school in its goal to provide opportunity for your sons to pursue excellence in a wide range of endeavours.

Presentation Night 2019

Our special guest, David Greatorex AO, spoke in his address about the character-building nature of experiencing adversities of various kinds. The opposites of such adversities are thereby understood better. My speech is reprinted below:

Special guest David Greatorex AO, Dr Sylvia Corish, Executive Director, Public Schools NSW, Mr Richard Skinner, Director Port Jackson Network, Dr Geoff Waring (President SBHS P & C), Professor Ron Trent (President SBHS School Council) and Dr Pit Trent, Mr Paul Harapin (President of the Sydney High Old Boys Union), Mr Peter Porteous (Sir Roden & Lady Cutler Foundation), Wing Commander Herman,

Wong, Life Governors Phil Lambert and Dennis Briggs, Dr Maria Ishkova – University of Sydney, guest presenters, special guests, Old Boys, staff, parents and prize winners – thank you all for joining us this evening.

The biggest accomplishment for the school in 2019 was to commence construction of the long-awaited Governors Centre. Let us hope that when it is finished and ready for use on the first day of term, 2021, our community will see it as the Sydney community saw the completed Opera House – it was such an icon that the cost and delay seemed immaterial. I salute the communities of SBHS and SGHS for their financial generosity, persistence, resilience and collaboration, to provide a joint facility for two quite different cultures.

The interior of the school, including the Great Hall, was painted by DoE over the long break for the first time in >20 years! We spent substantial school funds connecting new 3-phase power to Killip Wing. Much of the existing wiring dated back to 1963. Our ICT-AV upgrade for learning spaces project is well under way with 11 rooms fitted with double whiteboards and smart interactive projectors. We have made a commitment to transition to the CANVAS learning management system in 2020-21. Significant resources will be allocated to this project. Our IT team manages the software and Mr Brett Jackson is our Pedagogical skills Leader, to interface with the Leaders among the teaching staff to bed down the platform in 2020-21.

Replacing the four backboards and shot clocks in the UTS gym with state-of-the-art armoured glass ones, was another big financial undertaking, wonderfully managed by our stalwart basketball volunteer, Bruce Gordon. Our Old Boys, led by Bruce Corlett AM and Ron Schwartz, have been very generous in their support for students in necessitous circumstances. This year substantial bursaries will lighten the financial burden for 23 families. In an extraordinary and unprecedented year, High parents, Old Boys and friends donated in excess of \$1.3m to our various activities. Thank you all so much for your investment in public education.

The HSC results for 2019 were an improvement on 2018. The ATAR average for 2019 was 92.78 calculated for 212 candidates. Two maximum ATARs were earned. 43 candidates were ranked at 99 or above; 80 students earned ATARs between 95 and 98.95; 163 overall scored 90 or above. Forty-four students who enrolled after Year 7 by means of our local selection scheme, averaged 91.4 ATAR. The 168 who enrolled in Year 7 earned a mean ATAR of 93.1. The HSC results were weakened by 10.85% of students earning an ATAR below 80.

In Mathematics Advanced, Joseph Shao (11M) placed first in the state. State ranks were earned by Jadon Yang in physics

and chemistry; in modern history, by Melvin Chan, in Software Design and Development, by Eric Holmstrom and Dawei Wu, in chemistry by Anirudh Joshi, in Mathematics Extension 2, by Francis Nguyen and in Studies of Religion 2 -unit, by Son Nguyen and Adam Simic. Yung Kim (12T) was invited to perform at Encore, and Kent Gu (SHS-2019) invited for composition. Dennis Cho, Ben Kernohan (11S) and Jordan Whittaker (11F) had their DT projects nominated for possible inclusion in SHAPE.

In sport, volleyball was highly successful. High teams won the U17 National Championships, the CHS Open Knockout competition and the first and second grade GPS competitions. Target Rifle Shooting won the All-Schools competition and both first and second grade GPS premierships. The Open basketball team placed fourth at the National Schools Basketball Competition. Our open table tennis team won the CHS Knockout Competition for the fifth consecutive year. Our tennis team won the Stan Jones Cup for the third time as champions of CHS tennis. They finished 6th in the Australian Schools Tennis championships played on grass. High won the Kippax Cup for the highest achieving boys' school in athletics at CHS level. Our open cricket team qualified for the finals round of the Davidson Shield CHS Knockout competition. High dominated CHS Rowing with eight gold medals. Our chess team placed third at the National schools Chess competition, won the GPS competition and the NSW Junior Chess League competition – Senior Division. They claimed the Terrey Shaw Shield for High for the first time since 1996.

There were many students who grasped their opportunities and strove for excellence. Some of their individual achievements at state and combined associations level are printed on the last page in your programs. Kieran Guan represented Australia at the World Youth Olympics in speed skating. Alex Yeung was selected into the Australian Junior Table tennis team. Lachlan Ho, Ethan Kwan, Adrian Leong and Matthew Pellen represented Australia at the Oceania Cadet Youth Fencing Championships. Ben Kernohan and Etkin Tetik represented Australia in the International RoboCup Competition in Open Rescue.

Tonight, we bid farewell to the Class of 2019 for the final time. I leave you with a plea to live your post school lives to the full and to develop and use your talents for the betterment of our society. Those who take the chance, make the commitment, and go for it, are likely to face great difficulties, but be more fulfilled. Emily Dickinson (1830-1886) was an American poet who spent her intellectual life in original contemplation and abundant composition, but her physical life as a recluse. She frequently used the metaphor of ships and harbours as people.

In 'Ventures', she wrote: 'Finite to fail, but infinite to venture/ For the one ship that struts the shore/ Many's the overwhelmed creature/ Nodding in navies nevermore.' She sees the ship in port 'strutting' to impress at the wharf, while those at sea on demanding, even overwhelming voyages, will never ever be closeted in the company of ships in service, 'nodding' at anchor as the swell and tide moves them, unused but capable. She contrasts their sleepy, controlled, stationary existence, to that of the 'overwhelmed creatures' who venture and strive continuously.

You have all developed 'a very particular set of skills', as Liam Neeson might say. Well, at least individual ones. Your opportunities to employ them are 'infinite'. Please don't be hesitant in using your characters to venture into new experiences, even if occasional failures and hardships befall you. Those who stay the course gain the reward. I am inspired by your energy and humbled by your potential. It was an honour to serve you as your principal.

Can you tell us a bit about Army Cadets at High?

When people think of the word 'cadets', they normally think of the stereotypical marching and standing for periods of time. However, cadets is much more than that. It is an organisation which enables young people to step

out of their usual comfort zone and grow as a person. In cadets, you learn how to work in teams, how to take care of yourself and others around you. It is one of the only extracurricular activities which involves both Sydney Boys and Sydney Girls. You will be provided with skills and opportunities people in the real world might not get to experience. These include strengthening leadership skills, learning aspects of army life and being equipped with military skills that will benefit you throughout your whole life. I highly recommend joining if you want to broaden your horizon and meet new people.

What made you join Cadets?

I remember sitting between Ivan Liang and Kevin Tran in Year 9 during science. Every Tuesday, they would rock up to class wearing their cadet uniform and honestly, I would feel jealous. Watching them wearing that uniform proudly really made me want to join and experience what it was like being a cadet. So later in that year, I summed up the courage to join. At first, I was scared, nervous and even anxious. However, as the weeks went by, I enjoyed it more and more. I met new people, learnt lots of new skills and experienced lots of new things. Although I regret my decision of not joining earlier, I'm still extremely glad I joined. It's helped me grow so much as a person and I really feel like I'm much more confident now.

What is your role as a Year 7 prefect?

As one of the Year 7 Prefects, my job is to ensure the transition from primary school into high school is as smooth as possible for all the boys. It is important that everyone feels welcomed and feels like they belong in the school. If any of the boys have any problems they might have, I am more than happy to help them.

Do you have anything to say to the Year 7's?

High school isn't all about studying all day and getting that perfect Atar. There's so much more to it. Yes, achieving a good Atar is important, but so is developing new skills and friendships. Try things you have never tried before. You might surprise yourself. During high school, you will make friendships which will last you a lifetime. Hold onto these bonds and cherish these years in high school because the years will really fly by. If you receive a result after an exam which you aren't happy with, don't feel bad about it. Treat it as a learning experience. Move on and strive to improve in the future. But remember, never be afraid to ask for help. We're all human and we all get stuck at some point.

Meet the 2020 Prefect Intern

Tell us about yourself and what your goal is as the Old Boys Prefect?

Since Year 7, I have immersed myself within our school's rowing program every summer season, having rowed in the First VIII for the 2019 Head of the River. Last year, I was involved in a wide variety of extra-curricular activities and societies, including Debating, Cadets, Athletics and the Social Justice Society, being awarded Academic Achievement at the end of Year 11. However still, I value this "textbook knowledge" as being incomparable to the vast base of industry experience and accomplishments of our school's Old Boy community. As Old Boys Prefect, it is my aim to utilise this experience to guide and assist current students at High. Many of our students are under the assumption that ATAR is directly equivalent to success in life or the misconception that one's university degree definitively dictates the rest of their life. I too had believed this until I had an eye-opening experience at last year's Old Boys Industry Afternoon in which most of the panel were working in jobs they hadn't initially studied at university. With the invaluable expertise of our OBU, I hope to bridge this gap between such illusions and reality.

What do you love about Sydney Boys?

The opportunities and availability of activities and groups aside from the regular 5 periods a day school life is undisputedly unmatched by any other high school around. The culture and tradition that comes with our high spirit is so unique in providing such camaraderie between

us that you literally cannot leave the school without having secured genuine, lifelong bonds with your peers.

What is one piece of advice that you can give the juniors of this school?

Follow your passions and don't be scared to try new activities; you never know what will interest you. If you find out you don't like something, you can always leave but you always have only a limited time to join and truly immerse yourself within that activity. I never thought that debating was for me but none the less, I tried out in Year 7 and am now so grateful for the friendships and memories I've made; all while having so much fun from something I'd never even considered in primary school. So go out there and try out whatever even remotely has your attention as after all, you really do miss every shot you don't take!

Old Boys Prefect 2020

The Community Services Committee, a Sydney Boys High institution run by students holds great significance to the High Spirit from its fundraising and charity collection events held annually. The first two events of 2020 are Bandage Bear Day and Clean Up Australia Day. They are both held on Friday 28 February, from 6:30-9:00am. If you'd like to participate in either event, please grab a permission slip outside the science staffroom and return it, signed, to Mrs Ibbott's letterbox. We hope we'll see you there!

SHOOTIN'

260 HOOPS

Welcome back to yet another new edition of Shootin' Hoops. This weekend our School went against a strong Scots College side where we had a decent weekend with around the same wins as losses. This weekend was arguably First's biggest game of the season and reflecting that; was the HUGE crowd attending with most of them supporting High. Both sides of the game could be called the best two teams in the GPS so of course a tense tight game was expected. With the game starting slow for us we were able to gain our momentum after a few minutes and caught up with Scot's. However, with NSW's finest players on both teams the audience was kept on their toes trying to see how the game would end up with the momentum of the game switching between

moment to moment. Unfortunately, Firsts were unluckily overcome by Scots by the end of the game, but this will only motivate them to continue to perform to their

best against upcoming opponents. Second's also had a massive game on the weekend against Scots, losing to them before in the preseason. With everyone charged and ready to give their all we had an amazing start leading 18-12, however we started to break under pressure after Scots pulled out their full court press giving us trouble in some parts of the game. Nonetheless we kept going as hard as we could and eventually gaining the momentum back to our side but before we knew it time was up, and we took another unfortunate loss.

Brian Tran

First's went up against Scots on Saturday and had probably the biggest game of the season ahead of them. With top players in NSW on each side, a thriller was destined. The game was neck and neck during many runs of the game, however every time High attempted a comeback with our spectacular driving and shooting, Scots held off and came right back. For the third game straight, Eoin Fitz-Gerald lead in scoring, with a "no sweat" 35 points! To complement this amazing feat, both sides contributed with intimidating chants, support and added pressure. Surely an atmosphere that may only be seen often in a High game. Firsts will continue keeping their heads up, standing tall, and playing smart, hard and together. Conclusively, a heavily grinded out game, with perhaps the most intensity we will see all year in the GPS. Well done boys!

Edward Ly

Seconds had a massive game against the Scots boys, previously falling to them in preseason. With their backs against the wall, and hearts ready, High got off to a hot start, leading 18-12 at one point in the first period. Grievingly, Scots broke out their full court press again, which caused High some trouble in the second and fourth quarters. Nonetheless, after a big run by the opposition in the second, high stayed locked in and were led in the third by Andrew Kim, throwing down a vicious dunk in the third quarter, shifting the momentum drastically. However, time was of the essence, and unfortunately High didn't have enough to initiate a comeback. A heroic effort by the boys, who fell short this time around.

Edward Ly

The 15's had a solid Saturday, with the B's, C's, D's and F's snatching the game from Scots. The young men seemed composed and confident this round, showing in the results. The 15A's and 15E's going down by 11 or less displayed exquisite talent from both teams, who were unlucky with a couple shots and bounces not going in their favour. Impressively, each team had top scorers who dropped 10 or more points, which is an incredible outcome. Overall, quite the successful matches during round three of the GPS Season.

Edward Ly

The 16's had an astounding weekend with five out of our six teams taking a series of most deserved wins against Scots College after training hard over the last week. With most of our teams winning by a confident 10 points, however the E team stood out with an astonishing lead of 44 points playing their very hardest till the end. Even with nearly every team winning our Saturday wasn't perfect with the A team unfortunately taking a short loss to Scots strong side. As of now most of our teams have more wins than losses and are looking forward to preserving this through vigorous training and dedication to the game.

Brian Tran

This weekend was the third round of this GPS season, and even though the outcome wasn't amazing every team is looking to reflect on their flaws and mistakes and overcome them through their next training sessions and are looking forward to grabbing strong wins next week. Remember to get your shots up, play hard, play smart, and play together. Go HIGH! –

1st Grade Report

High boys saw main rivals The Scots College in round 3 of the GPS season. All 6 boys were looking forward to this key match-up, which could ultimately decide the GPS Premiership. The scheduled rain held off for the most part of the day, allowing matches to run smoothly. We jumped to a 3-0 lead in the doubles, giving us plenty of confidence ahead of the singles. Khobi and Andy played a clutch doubles rubber, winning in a tight score of 6-4 7-6. Zac and Stepan displayed a strong performance as well. Hikaru and I were pushed to a super-tiebreak but pulled through. Big thanks to the boys who came out and supported! However, singles proved to be tougher, with both Khobi and Hikaru being outplayed by their in-form opponents. Andy and Zac stepped up to the big occasion, cruising through each of their opponents in straight sets. Stepan came back from a

set down to take the final rubber before time was up, giving High 7 points to Scots 2 in total. We look to maintain and improve our performances for the rest of the season, and hopefully capture the Premiership.

2nd Grade Report –

This week, 2nd grade played against the defending GPS premiers, Scots. Despite being formidable opponents, the High boys brought their best game of the season so far, accumulating comfortable wins to end the day with an overall 8-1 win. This is a good sign for the rest of the season, and hopefully we will be able to keep up this level of performance and stay in the lead for the premiership.

HIGH RUGBY COMMITTEE AGM 2020

Help be part of another great year of High Rugby

Monday 24 February 2020 6.30 pm - SBHS Staffroom

Everyone Welcome

Many boys leave SBHS saying the best decision they made at SBHS was to play Rugby because **friendships made through High Rugby last a lifetime.**

We encourage all SBHS parents to attend the AGM for Rugby. All positions are vacant, and all nominations are invited via email to:

CottonM@sbhs.nsw.edu.au

The program can't function without parent support so please come along and join the team.
