

The Weekly Newsletter of Sydney Boys High School

Vol 23 No 23 05 August 2022

# From the Principal

Firstly, I'd like to welcome two new members of staff who commenced this term – Ms Beth Hinton (Senior Librarian) & Mr Jake Rowlands (Social Sciences). Both teachers have been settling in well, getting to know the students and staff and we look forward to working with them in their new roles.

# **High Talent**

Congratulations to Liam Fiene (11M), Kenton Liu (10R), Michael Alam (12S) and David

Crainic (12M) for obtaining their silver Duke of Edinburgh awards. Such an achievement requires considerable effort over a significant period of time so it's great to see their

dedication to the program. Hopefully we'll continue to see increasing levels of interest in the Duke of Edinburgh program in the years ahead due to the skills the boys develop.

In sport, last Saturday was the final fixture for the NSW Schools' Fencing League: Epee Team Premiership event. Both our U16 Epee Team of Tommy Xu (9E), Kelvin Chen (9F), Zhitian Mai (11F), Tian Yang (10E) and U14 Epee Team of Hudson Cai (8M), Benjamin Wu (8F), Xavier Perry (9M), Lucas Wang (8R) won gold medals in their respective age category events, with the overall Epee Team once again being season premiers. Well done to all the boys involved on a fantastic achievement!

Last weekend we also had the annual Back to High Day, where the Old Boys were able to watch our current students compete against Kings. It was great to see a large number of Old Boys gathering together to show their continued

support for the school and pay tribute to the late Tony Hannon with a minute's silence before the First XV match. Seeing the camaraderie remain amongst our alumni so many years after graduating shows the bonds that form amongst students here at Sydney High.

### Careers

In other news our Careers Adviser, Mr Matt Cotton, has been interviewing all Year 12 students in recent weeks to discuss their future goals and help guide them in their plans to achieve these.

### **HSC Trials**

With our HSC trials commencing next week, the boys have their first formal experience of examinations replicating the external HSC papers and take the next step in achieving their goals. Not only is this the chance to improve their overall performance in each course but it's

also a chance to gain valuable feedback and develop skills in preparation for the HSC itself. The completion of past papers is one of the most effective ways to improve in each course so all students are encouraged to complete a number of past papers in preparation for their tasks. By also gaining a better understanding of the marking criteria the boys will be more aware of how to structure their work and have the confidence to self-assess their own work or provide feedback to a peer on how to improve. I would like to wish all of Year 12 and our accelerating Year 11 students the best of luck for their final internal assessment in their HSC courses.

### **COVID-19 Caution**

On a final note, with COVID safety a continued priority for the State and the school, I strongly encourage the wearing of masks in all indoor settings. It's important we continue to support each other by minimising the spread of any illness. In addition to staying home when showing any symptoms, regular sanitisation throughout the day is vital to help us keep everyone safe. Your assistance with this is appreciated for the benefit of the whole school community.

Jamie Kay Relieving Principal

### School Photo Orders

School Photos can still be ordered.

To order 2022 Sydney Boys High photographs please go to the school order section of the melbastudios website <a href="https://www.melbastudios.com.au/schools/index.php">https://www.melbastudios.com.au/schools/index.php</a>, use the password "SBH".

# Bake Sale for Boggabilla Central School

On Monday 20 June the Community Services Committee hosted its second bake-sale of 2022 – the Boggabilla Central School bake-sale. The Northern New South Wales school is proud of its Indigenous demographic and has an extended partnership with High. Pre-COVID we would conduct billeting and student exchanges to enrich the education and experiences of both schools' pupils.

While such exchanges were impractical this year, we continued the tradition of a bake-sale to raise critical funds to support the Boggabilla school. Thanks to the efforts of the committee, Year 10 volunteers and the wider High community, we raised over \$1000 and sold out despite the larger inventory. All proceeds will be used to provide textbooks, technology and other learning materials for our friends at Boggabilla. The unrelenting commitment and generosity of the High community ensure the function of the CSC and related charities; we want to see this continue and are sure it will.

Our next fundraiser will be a BBQ and mufti day for Headspace Youth Mental Health Foundation on Monday 8 August (week 4). All students are encouraged to wear casual clothes next Monday for a gold coin and to purchase a sausage sandwich (\$3.50) and/or drink (\$2) at recess and lunch from the Cricket Nets.

Landrie Zuo (11F) CSC Executive (Publicity Officer)

# The Great Hall Thursday September 1 5:15pm

# **SRC Trivia Night**

The Student Representative Council is bringing the annual Sydney High Trivia Night back! Given the circumstances of COVID-19 in the past two years, there has been a hiatus to Sydney High's social events. However, in 2022 the SRC is committed to revitalising High Spirit and reinstate High's multifaceted school-life.

The Trivia night will be held at the Great Hall on Thursday 1 September from 5:15pm – 7:30pm and is currently open to Year 10s – 12s. Year 7s and 8s do not need to fret, the SRC is looking to host a separate event for you in the future. The registration procedure needs to be followed carefully.

- 1. Find 9 friends and form a table of 10
- Register the group on the Expression of Interest (EOI) form. First come first served and spots are limited.
- 3. Attendees will be given a permission note and will be required to pay \$100 (\$10 per person) at the front office from the notified date
- 4. Show up on 1 September for your chance to win gift cards worth \$200.

There will be challenges, music, food – pizzas, chips, and assorted sweets and treats – and drinks. Each member of the winning table will receive gift cards. Hope to see you there.

Landrie Zuo (11F) SRC Executive

# Sydney Boys High School Study Skills Evening

for Parents & Students

# \*\*LIVE ON ZOOM\*\*

Monday 8th August 2022

@ 6.30-7.30pm

https://sbhs.zoom.us/j/89652891912?pwd=UjFuL1UranFadDBWaUNmcGl5OXNqUT09 Meeting ID: 896 5289 1912 Passcode: 435613

The presenter for the evening, Dr Prue Salter, is the founder of ELES (www.enhanced-learning.net) and an expert in the area of study skills.

Dr Salter has conducted over 5000 study skills seminars across Australia and Asia, has written 40 study skills resource kits for schools and is the creator of the online and interactive study skills website (www.studyskillshandbook.com.au) used by more than 150,000 students.

Dr Salter's PhD explored whole-school integrated approaches to developing students' self-regulated learning skills.

# DISCOVER THE SECRETS TO SUCCESS IN HIGH SCHOOL

The main areas that will be covered are:

- **☑** Top study skills habits for effective and efficient learning
- **☑** Managing technology distractions and steps for studying for tests
- ☑ Accessing the Study Skills Handbook and the Study Samurai Library resources

This is an online and interactive evening for parents and students that outlines tools and techniques for students to achieve their personal academic best and become more powerful learners. We will send you details for live webinar access from home closer to the date.

Parent/Guardian(s) and students should plan to watch the seminar together as the session is very interactive; the session will not be of full value unless both the students and a parent can complete the discussion activities as directed during the session. A handout will be emailed to you a few days prior by the school for you to print before the session, so ensure you have a pen and highlighter ready to go on the night.

# This is an opportunity you will not want to miss:

"This session presented really good ideas to help parents understand the demands students experience in high school."

"The session enabled my son and I to have a dialogue about how he is working and create an action plan together. An extremely satisfying session for parents as much as for students."

"The whole presentation
was very valuable and
provided very useful and
practical ideas that
we can implement at home."

"Prue's presentation was excellent; the use of diary and study notes; the pace and communication were really good. We would like to express our appreciation to the school for providing this opportunity to attend with our child."

"The study skills evening with Dr Salter has given my son a new resolve to do his best in everything as opposed to just doing well with subjects he likes. We have set up his workstation in a quiet atmosphere, with all electronics and loud music willingly turned off by him during his timetabled study periods."

"Loved the practical tips
handouts. This has set my
daughter up for developing
great study skills. Many thanks
- I wish I had this opportunity
when I was at school."

"This was a great chance to
discuss with my
son in a shared context.
We had really good
conversations about
his learning."

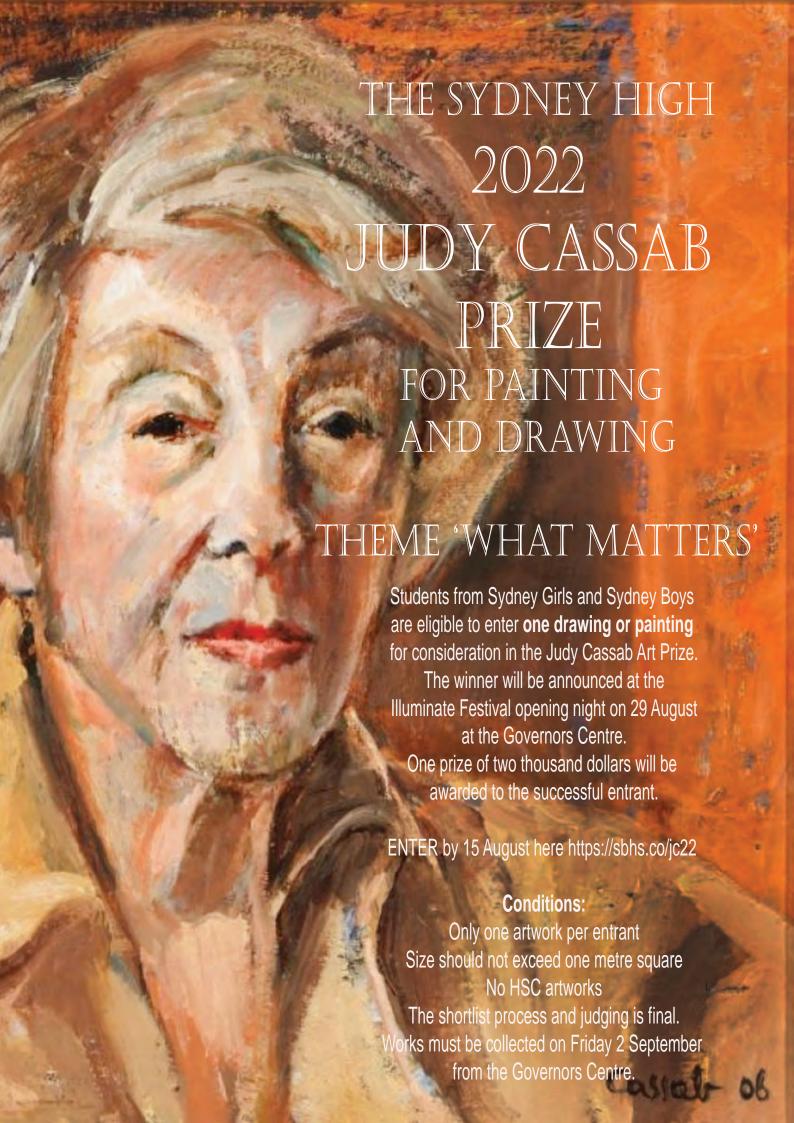

"This was all common sense stuff that I have been trying to explain to my daughter. It also gave me an insight into how I can help my daughter to organise herself better and not leave things to the last minute making the whole family go on a roller coaster."

"Thank you once again for last night's presentation. I was very impressed with the session, and equally so by the way in which students and parents responded.

Have already received many complimentary emails at school this morning."

"I found it enlightening talking to my child about the issues of his studying and how he can concentrate better in class."

### **Term 3 Music Performance Program**

ALL music ensembles and private instrumental lessons have resumed since Week 1 this term i.e. *from* Tuesday 19<sup>th</sup> July (unless advised otherwise by the ensemble conductor and/or private instrumental tutor and/or the Music Department).

### Please note:

\*Senior Strings: No rehearsal Weeks 1 & 2. Rehearsals will resume from this Friday 5th August in Room 101 (Week 3).

It is never too late to join a music ensemble(s) and/or learn a new instrument. If you would like more information or have any questions, please do not hesitate to speak with the Music Department.

### Music Storage Room

A reminder to all students in the Music Performance Program:

\*The music storage room is ONLY for instrument(s).

\*Please do NOT block the pathway inside when leaving instrument(s) in the Music Storage Room.

\*Please make sure to place your instrument(s) neatly in the appropriate instrumental bay(s).

\*Please ensure students have a clear name tag with their name/year on their instrument case.

\*Students and parents are reminded that SBHS does not provide instrument insurance or cover. The Music Department will not take responsibility for loss or damage whether on or off the school property.

\*Non-music instrumental items/accessories will be removed without any warning.

### **IMPORTANT - Covid Requirements**

\*Students who do not feel well should NOT be at school and therefore should not be attending ensemble rehearsals and/or private instrumental lessons.

\*Students will need to bring their own instrument(s)/equipment/accessories (e.g. guitar picks/drum sticks/quitar leads etc.) - items will NOT be

loaned and/or supplied by the Music Department.

# Sydney Symphony Orchestra Young Musicians Workshop

The annual Sydney Symphony Orchestra (SSO) Young Musicians Workshop is back and will now be held at the Santa Sabina College (Strathfield). It is a weekend of inspiring orchestral activities and performance with some of the world-class musicians of the SSO. The workshop also accepts NSW Creative Kids vouchers. For more information, please visit:

https://www.sydneysymphony.com/learning/young-musicians/young-musicians-workshop

### Parent/Guardian/Student Communication

<u>Parents and Guardians</u>: Please download **SZapp** from the Apple App Store or Google Play and subscribe to 'MUSIC.' Installation guide can be found in the school's High Notes.

<u>Students</u> will be notified of any music news and notifications via the Music Performance Program CANVAS page, school's daily notices and High Notes. Students are responsible to read and keep updated of any Music Performance Program related events/material on a regular basis.

Music Events are continually added and/or are subject to change

# LASTING FRIENDSHIPS- HIGH SPIRIT-PASSION – RESPECT – TEAMWORK – DISCIPLINE – INTEGRITY

# SBHS v Kings

# Rugby Report:

Saturday was 'Back to High Day' at McKay, with all teams playing The Kings School. The day got off to a great start at 8am as the 13s put on a clinic scoring twelve tries as well as 12/12 conversions to beat Kings 84-10. Then, at 9am the 14s found themselves in a tight affair. The game went back and forth, with each side having opportunities to capitalise. Ultimately, it was the teamwork and unrelenting effort that gave High a 34-31 win. Next, the 16s ran on, laser-focused on getting a win. The game was in the balance at the start, but the power of High's forwards combined with the speed and skills of the outside backs allowed High to run away with a convincing win, 37-7. At 11, High's First XV ran onto the field, greeted by a tunnel of current and old boys. Both sides undertook a minute of silence for Tony Hannon, a High rugby coach that dedicated himself to the betterment of his players. The game was physical early, as Kings began to gain the upper-hand. The game got away from High but they remained committed against a bigger, stronger and faster Kings side, unfortunately going down 73-0. At 12pm, the 15s aimed to end 'Back to High Day' with a win. High showed their willingness to attack, spreading the ball wide and catching the Kings defence off guard. The game ended in a 33-10 win for High in a fitting end to the day. Massive thank you to the Old Boys for coming out and showing their support as well as the Rugby committee for their continued help.

Saxon Gerstl (11M)

After a stint of rained out games, the squad was eager to get back into Saturday footy against The Kings School. With the added motivation of High Old Boys and with new star Joseph Britton joining High, we were all the more ready to put our all into this game. From making our way through the tunnel of Old Boys and supporters, to the first kick, we made it clear that we would relent to no one. Starting the game with the ball in our hands enabled us to bring the game to Kings in an aggressive assault. An early try by Daniel Bian put us on the front foot along with forwards Joseph Britton and Andy Huang leading the offensive with a seemingly unending pursuit to gain metres in contact. Additionally, mesmerising footwork by Ethan Hybler and Jooyoung Kim, and passing spectacular from halves Harry Royal and Patrick Nguyen made mess of the Kings defensive line. On the defensive, brilliant breakdown work by Harry Xin and an inhuman intercept by Godfrey Jiang put the ball back in our hands often. Weeks of practicing forward pods and backs plays found success in this game with star centre Michael Li scoring a fast paced try on the wing whilst demonstrating his elite celebrations. Furthermore, a flash of individual brilliance by Patrick Nguyen and a try assist from Jason Lin to Dylan Fernandez brought them to try time. In the forwards, rehearsed pod structures, quick rucks and merciless runs allowed myself to put the ball on the line. But an inspirational show put on by Joseph Britton characterised by pace, skill and sheer determination awarded him with his maiden hat trick at High. An overall beyond pleasing effort and result by the boys, in the coming weeks we will continue to improve our fitness, defensive line and communications skills in anticipation of the High Vs Grammar game.

Aidan Wong (10M)

# SYDNEY BOYS HIGH SCHOOL ANNUAL RUGBY DINNER 2022

Help celebrate another great year of High Rugby

WHEN?	Friday 26th August 2022. 6.00 pm
WHERE?	Great Hall, Sydney Boys High School.
WHO?	All players, parents, coaches, friends and supporters. <i>Players to wear school uniform. Adults smart casual please.</i>
WHY?	To acknowledge the commitment and achievements of all our players, the parents and coaches who have worked so hard all year for our boys, and because friendships made through High Rugby last a lifetime.
COST?	\$45 per person and \$30 for U12's. Any profit is put directly back in to SBHS Rugby. Payable to the school office by Monday 22 <sup>nd</sup> August 2022 Maximum seating 180. Soft drinks and mineral water provided.

# PLEASE RETURN THIS FORM TO THE FRONT OFFICE ONCE PAYMENT IS MADE

# SBHS FOOTBALL RECAP – GPS ROUND 5 vs The Kings School

# Saturday 30 July

After a washed out Round 4, last weekend saw the return on GPS football for Term 3 with a full round of fixtures against The Kings School.

A midweek match against Riverview saw our First Grade earn their first win of the season with a gutsy performance, including a fantastic finish from Tarrant Williams (12R) and a Daniel De Costa (11E) goal after some great footwork from Hikun Nguyen (11E).

Other notable performances this week included Eric Scholten (10R) scoring a bicycle kick goal in the 16E's, a hat-trick from John Nguyen (9R) in the 15E's, and a brace from Eugene Han (11T) in 6ths and Steven Xu (12E) in 7ths.

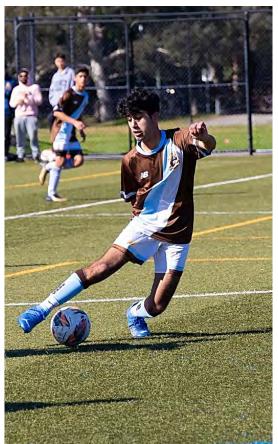

A massive thank you to Varenya Taneja (11M) for his efforts in capturing some great moments from our first grade win. It was also great to see the support of our seniors on Wednesday cheering on the 1sts and 2nds.

Mr S Higgins MIC Football

# Saturday 30 July 2022:

### NSWSFL Epee Team Premiership – U14 Event:

Last weekend saw the last Epee competition of the season and, for the SBHS U14 squad, a perfect ending. Our team won gold at the NSW Schools' Fencing League U14 Epee Team Premiership. We were competing with four other schools, and this weekend continued on from Round 1 on May 21st, where we had already made two wins. So, there were two more schools for us to compete against. The SBHS U14 Team comprised of Hudson Cai (8M), Benjamin Wu (8F), Lucas Wang (8R) and Xavier Perry (9M). Vihaan Rajit (8E), who had previously competed in Round 1, was absent due to injury. Special shout out to Lucas for his match wins. All that hard work during practice paid off: Lucas has done very well and won his two bouts for the team! There were a few tense moments. Sometimes, there were bouts that resulted in a tie at full time and the match went into sudden death for the winning point. Fortunately, we won those bouts and brought home the gold. The U16s also won gold in their age group event. With both teams accumulating the most victories overall in the League, we retained the NSWSFL Epee Team Premiership shield this season. Thanks to our coach Ted Elliott. Mr Huvnh and all the fencers and parents who were there to support us! We are already looking forward to next season's bouts. Some of us will have to move up to the U16 team, some will be staying in the U14 team. The key for the off season will be to keep practicing!

Xavier Perry (9M)

NSWSFL Epee Team Premiership – U16 Event:

Last Saturday our U16 Epee fencers; Zhitian Mai (11F), Tian Yang (10E), Tommy Xu (9E), Kelvin Chen (9F) and Jamison Lai (9E), participated in the final round of the NSWSFL U16 Epee Team Premiership competition at St. Aloysius' Collage. With each student fencing to the best of their abilities, our team managed to secure incredible results and placed first in the competition, winning 8-1 against all our opponents. Thank you to the U14 and U19 fencers who came to support us, and a special mention to Ted Elliot and Mr Huynh who helped organise the event and provided us with feedback and advice. A huge congratulations to everyone for finishing the season on such a high note!

Tian Yang (10E)

Mr Dat Huynh MIC Fencing

# **FACT SHEET FOR PARENTS, GUARDIANS AND CARERS**

# WHAT IS THE NCCD?

The Nationally Consistent Collection of Data on School Students with Disability (NCCD) takes place every year.

The NCCD is a collection that counts:

- the number of school students receiving an adjustment or 'help' due to disability
- the level of adjustment they are receiving to access education on the same basis as other students.

Students are counted in the NCCD if they receive ongoing adjustments at school due to disability. This 'help' allows them to access education on the same basis as a child without disability. The NCCD uses the definition of disability in the *Disability Discrimination Act 1992*.

Schools provide this information to education authorities.

Go to What is a reasonable adjustment? below to learn about adjustments.

# WHY IS THIS DATA BEING COLLECTED?

All schools in Australia must collect information about students with disability.

### The NCCD:

- ensures that the information collected is transparent, consistent and reliable
- provides better information that improves understanding of students with disability
- allows parents, guardians, carers, teachers, principals, education authorities and government to better support students with disability.

# Student with disability loading

Funding from the Australian Government for students with disability is based on the NCCD through the student with disability loading.

Students with disability who are counted in the top three levels of the NCCD (extensive, substantial and supplementary) attract the loading. Funding is based on a per-student amount at each of the three levels of additional support. The amount of the loading reflects the level of support students with disability need to participate fully in school, with higher funding for those who need higher levels of support.

Australian Government recurrent school funding is provided as a lump sum to school authorities including state and territory governments, which can then distribute the funding to their member schools according to their own needs-based arrangements.

The Government expects schools and school systems to consider their funding from all sources (ie Australian Government, state and territory and private) and prioritise their spending to meet the educational needs of all of their students, including students with disability.

# WHAT ARE THE BENEFITS OF THE NCCD FOR STUDENTS?

The information collected by the NCCD helps teachers, principals, education authorities and governments to better support students with disability at school.

The NCCD encourages schools to review their learning and support systems and processes. This helps schools to continually improve education outcomes for all students.

Supported by the Australian Government Department of Education. © 2019 Education Services Australia Ltd, unless otherwise indicated. Creative Commons BY 4.0, unless otherwise indicated.

# WHAT MUST SCHOOLS DO FOR STUDENTS WITH DISABILITY?

All students have the right to a quality learning experience at school.

Students with disability must be able to take part in education without discrimination and on the same basis as other students. To ensure this, schools must make reasonable adjustments if needed for students with disability. Educators, students, parents, guardians, carers and others (eg health professionals) must work together to ensure that students with disability can take part in education.

The *Disability Discrimination Act 1992* and the **Disability Standards for Education 2005** describe schools' responsibilities.

# WHAT IS A REASONABLE ADJUSTMENT?

An adjustment is an action to help a student with disability take part in education on the same basis as other students.

Adjustments can be made across the whole school (eg ramps into school buildings). They can be in the classroom (eg adapting teaching methods). They can also be for individual student need (eg providing personal care support).

The school assesses the needs of each student with disability. The school provides adjustments in consultation with the student and/or their parents, guardians and carers.

Schools must make reasonable adjustments if needed. The Disability Standards for Education 2005 define 'reasonable adjustment' as an adjustment that balances the interests of all parties affected.

# WHO IS INCLUDED IN THE NCCD?

The definition of disability for the NCCD is based on the broad definition under the *Disability Discrimination Act 1992*.

The following students are examples of those who may be included in the NCCD if they need monitoring and adjustments:

- students with learning difficulties (such as dyslexia)
- students with chronic health conditions (such as epilepsy or diabetes).

# WHO COLLECTS INFORMATION FOR THE NCCD?

Schools identify which students will be counted in the NCCD. They base their decisions on the following:

- adjustments provided for the student (after consultation with the student and/or their parents, guardians and carers)
- the school team's observations and professional judgements
- any medical or other professional diagnoses
- other relevant information.

School principals must ensure that information for the NCCD is accurate.

# WHAT INFORMATION IS COLLECTED?

A student is counted in the NCCD if they receive reasonable adjustments at school due to disability.

Each year, schools collect the following information about the student, including:

- their year of schooling
- the level of adjustment received
- the broad type of disability.

For students who have more than one disability, the school uses professional judgement to choose one category of disability. They choose the category that most affects the student's access to education and for which adjustments are being provided.

A high level summary of the NCCD data is available to all Australian state and territory governments to improve policies and programs for students with disability.

Supported by the Australian Government Department of Education. © 2019 Education Services Australia Ltd, unless otherwise indicated. Creative Commons BY 4.0, unless otherwise indicated.

# **HOW IS THIS DATA USED?**

The NCCD data informs funding and work by schools and sectors. It ensures that support for students with disability becomes routine in the day-to-day practice of schools. The NCCD also supports students in the following ways.

- The NCCD helps schools better understand their legislative obligations and the Disability Standards for Education 2005.
- Schools focus on the individual adjustments that support students with disability. This encourages them to reflect on students' needs and to better support students.
- The NCCD facilitates a collaborative and coordinated approach to supporting students with disability. It also encourages improvements in school documentation.
- The NCCD improves communication about students' needs between schools, parents, guardians, carers and the community.

The Australian Curriculum, Assessment and Reporting Authority (ACARA) annually publishes high-level, non-identifying NCCD data.

# WHEN DOES THE NCCD TAKE PLACE?

The NCCD takes place in August each year.

# IS THE NCCD COMPULSORY?

Yes. All schools must collect and submit information each year for the NCCD. This is detailed in the *Australian Education Regulation 2013*. For more information, ask your school principal or the relevant education authority.

# HOW IS STUDENTS' PRIVACY PROTECTED?

Protecting the privacy and confidentiality of all students is an essential part of the NCCD.

Data is collected within each school. Personal details, such as student names or student identifiers, are not provided to federal education authorities. Learn more about privacy in the **Public information notice**.

# **FURTHER INFORMATION**

Contact your school if you have questions about the NCCD. You can also visit the NCCD Portal.

There is also a free **e-learning resource** about the *Disability Discrimination Act 1992* and Disability Standards for Education 2005.

# 2022 schedule

eSafety's free webinars provide parents and carers with the knowledge, skills and tools to support children to have safe, positive online experiences.

Our live webinars for parents and carers attracted record attendance numbers in 2021. To meet the growing demand, our education and training team is expanding the program in 2022 to include more dates and topics to support school communities.

Each month, we will present either a new webinar topic or a video with simple tips to keep young people safe online.

# 2022 Parent and carer education topic schedule

January Can't make it to a webinar? You can watch this short video on Cyberbullying and online drama. (Suitable for parents and carers of young people aged 11 to 18 years old).	February Webinar: Helping kids thrive online (Suitable for parents and carers of young people aged 5 to 12 years old).  8th February – Safer Internet Day 2022 #SID22	March Webinar: Cyberbullying and online drama (Suitable for parents and carers of young people aged 11 to 18 years old).
April Can't make it to a webinar? You can watch this short video on Online sexual harassment and image-based abuse. (Suitable for parents and carers of young people aged 13 to 18 years old).	May Webinar: Parental controls (Suitable for parents and carers of young people aged 4 to 13 years old).	June Webinar: Online gaming (Suitable for parents and carers of young people aged 13 to 18 years old).
July Can't make it to a webinar? You can watch this short video on Parental controls.	August Webinar: Popular apps (Suitable for parents and carers of young people aged 8 to 13 years old).	September Webinar: Online sexual harassment and image-based abuse (Suitable for parents and carers of young
