HIS LATE MAJESTY, KING GEORGE V.

On the first School day of 1936 an assembly was called to participate in the Empire-wide mourning for His late Majesty King George V. The Headmaster, Mr. J. H. Killip, spoke of the many human and kingly qualities of our late Sovereign. The School then stood in solemn silence as a tribute of deep sorrow and loyal mourning. The National Anthem was then sung in affirmation of continued loyalty to the Crown and to His present Gracious Majesty King Edward VIII.

At the Annual Meeting in January, the following resolution was carried unanimously, and observed by those present standing in silence: "That this meeting of Old Boys of the Sydney High School instruct its President to convey to His Excellency the Lieutenant-Governor our sincere regret and sorrow in the death of His Late Majesty King George V., and affirm our loyalty to our Sovereign Lord King Edward VIII." The President conveyed the above resolution to the Lieutenant-Governor, who acknowledged its receipt. Later a message was received from the Secretary of State for Dominion Affairs, conveying the appreciation of His Majesty and the Members of the Royal Family for the expression of sympathy and loyalty conveyed by Old Boys of the Sydney High School.

THE RECORD.

EDITORIAL.

A Foreword by the Headmaster.

Fifty-three years ago, Dr. Charles Badham, Professor of Classics at Sydney University, addressed the boys of Sydney High School, then a small band of forty-six, who, with their parents and friends, had assembled to celebrate the official opening of Sydney High School. In striking and eloquent phrase, the Professor spoke to his youthful hearers of obligation, understanding and industry, with such a wealth of illustration as to weave a pattern of life. Of obligation, and the splendid opportunities open to the boys, he reminded them: "At every step which you gain in knowledge, in power of thought, and readiness of speech, you should remember that it is to your country you owe it." Of understanding between home and school, he went on: "I want you to set up a kind of commerce between home and school, to be the honest little traders," bridging the gap and bringing about a sympathetic understanding of the peculiar circumstances of each.

Half a century has rung the changes on this message. Down the years the vision of the School's guidance and the daily round have sought to lay emphasis upon character that honours obligations and recognises loyalties. That is my interpretation of the distinguished services of my predecessors: J. Coates (1884-1896), J. Waterhouse (1896-1915), R. J. Hinder (1916-1918), C. R. Smith (1919-1924), G. C. Saxby (1925-1933), F. McMullen (1934-1935).

In recent years, the activities of the School Union, the Old Boys' Union, and the Parents and Citizens' Association, have been co-ordinated in furthering the welfare of the School. Projects, impossible of achievement otherwise, have gone forward successfully. The aim of the School will be to maintain this fine enthusiasm and active co-operation, hoping to win an even wider support among those who have not as yet actively associated themselves with the School.

THE HEADMASTER.

Educated at the old Gladstone Park School, Balmain, Mr. Killip, thirty-one years ago, taught his first lesson as a pupil teacher at Smith Street Public School. Following upon a course of training at the Sydney Teachers' College, where he was a member of the 1908-1909 session, Mr. Killip, like many other teachers of that time, proceeded to the B.A. degree by attending evening lectures at the University of Sydney.

Graduating in 1912, he served for two years at Broken Hill District School, and later at Newcastle High School.

In March, 1916, he enlisted in the A.I.F. and served in France and Belgium with the 1st Divisional Signal Company.

After the Armistice, special arrangements for soldier teachers enabled him to take a post-graduate course in Education at the London Day Training College under the late Professor John Adams,

THE RECORD.

and also gave him the opportunity of an educational tour of Scotland, Southern France and Italy.

On his return to Australia in 1919, Mr. Killip was appointed to Technical High School for a few months, and for the next five years was Assistant-Master-in-English at Sydney High School in the old building at Ultimo. Mr. C. R. Smith was then Headmaster and Mr. G. H. Smairl English Master.

In 1925 Mr. Killip became English Master at Parramatta High School, and three years later returned to Sydney High School as English Master, being on the staff with Mr. G. C. Saxby as Headmaster, when the School was transferred from Ultimo to its present location.

Promotion came quickly in 1928, for in May, Mr. Killip was appointed Deputy-Headmaster at Newcastle High School under Mr. R. F. Harvey, and three months later went to Hay War Memorial High School as Headmaster. There he was very successful in maintaining the Memorial character of the school, in addition to its fine record of scholarship and sport.

At the beginning of 1931, appointment as Headmaster of Armidale High School followed, and for the next five years the school maintained a high standing among the six important secondary schools of Armidale.

This year Mr. Killip received his third appointment to Sydney High School, and now has the honour of being the School's seventh Headmaster.

THE CHRISTMAS SPIRIT.

Five shillings and threepence. That was all. And half of this was saved by dint of her attending to the weekly washing, instead of taking it to the laundry around the corner. Again Irene counted it. Five shillings and threepence. No more, no less. Yet this was Christmas Eve!

Clearly there was nothing else to do but cry. So Irene did it. Which only goes to prove that life is made up of sobs, sniffles and smiles, with sniffles predominating with the young housewife.

While the young mistress of the house is gradually checking her tears, let us take a look round: The house was composed of five rooms, the predominating feature of each being the simpleness with which it was arranged. Obviously, this was the household of a young man, starting out on a career and meeting with obstacles which, alas, are only too plentiful at the outset. Yes, there you are, "Donald Johnston, Licenced Electrical Contractor," printed in bold, golden letters on the door.

Irene finished the cry and attended to her cheeks with her handkerchief. She stood by the window and dully looked out on the grey world. To-morrow would be Christmas Day, and she had only five and threepence with which to buy her Don. a present. Many

THE RECORD.

a happy hour she had spent planning for something nice and sterling for him. And she only had five shillings and threepence. The tears slowly came back—suddenly she whirled from the window and faced the mantelpiece, which had the honour of displaying the vase. Now there were two possessions of the Donald Johnston's, in which they both took a mighty pride. One was Don's gold watch, the other was Irene's vase—both wedding presents from loving parents.

Slowly Irene reached for the nearest chair and falteringly she placed the vase on the table. It was certainly a beautiful vase. It had been mother's pride. A kind of family heirloom. But mother would understand. She would have done the same herself. On went her faded blue hat. With a brilliant sparkle in her eyes, she fluttered out of the door and down the steps to the street. Where she stopped the sign read: "O. Solomons, Broker." O. Solomons, short, stout, well-contented, looked patronisingly at his customer.

"Will you buy this vase?" asked Irene.

"I will," said the Jew—"two pounds fifteen for that."

"Give the money to me, quickly," said Irene.

For the next half an hour she ransacked the neighbouring store and found the present at last. There was no other like it. A gold watch-chain, simple in design, but handsome, nevertheless, a suitable chain to keep the watch intact. This bargain cost three pounds. She had threepence left. She was home at half-past five, busy with the tea. The chops were sizzling, the kettle was whistling, and the little room was very cosy in the steamy atmosphere.

Precisely on the stroke of six o'clock the door opened and Don. stepped in. He looked thin and very fatigued. He saw that the vase was missing.

"You've sold that vase?" asked Don., laboriously.

"Don.," cried Irene, "don't be angry with me. I sold that vase because I simply had to give you a Christmas present. Say a 'Merry Christmas' and let's be happy."

"You say that the vase is gone?" he said with an air almost of idiocy.

Don. seemed quickly to come out of his trance. He enfolded his Irene. Slowly he drew a package from his overcoat pocket.

"Don't mistake me, Irene," he said, "I knew the reason you sold that vase, just as soon as I saw it was missing, but just unwrap this parcel and you will see why I was so dumbfounded at first."

Quickly she unwrapped the parcel and there lay the vase.

"I saw it in a shop window," said Don., "and thought it would look nice along with the other. Now show me my present and next week we shall have that other vase back, if I have to steal it."

Eagerly she held the chain out to him, the dull metal flashing in the light.

THE RECORD.

"Give me your watch; I want to see how it looks on it," she cried.

Instead of obeying, Don. sank down on a chair, and smiled.

"Irene!" said he, "let's put our presents away and keep them for a while. I exchanged the watch for that vase and five pounds at the Jew's around in the next street."

H. TASKER, 4A.

EVENING.

Soft, gentle twilight with your creeping hand,
Spreading beauty o'er this beauteous land,
Arise from your resting place—come out into the world;
Whisper in the tree-tops where the 'possums lay down curled.
Whispering and wondering as the diamonds of night
Creep into the heavens with a brilliant light.

Evening falls and gentle night winds
Entice soft slumber to tired, happy minds.
O, sighing breezes, blow your happiness to me,
For I am lost in a world of slumber sea.
My queen of the evening raise your silver trumpet high;
Sing your praises of the evening to a radiant sky.

B. GILLAM.

THE ROLLING SEA.

In all its varied moods, I think I like the rolling sea;
The breakers rolling over seem to draw the mind of me;
The ominous, hazy dullness, that oft comes before the day,
When Thor's anvil goes crashing, and blue lightning doth hold sway.

Upon the golden beaches wide, the greenish breakers roar;
And above its foamy surface the whitish sea-gulls soar;
The steep grey cliffs are towering, jutting far out from land,
Dangerous the gallant ships and crews on to the rocks at every hand.

D. CAMPBELL, 2B.

I. JORDON, 1C.

"WITH WHITE FIRE LADEN."

Dusk melted into night, and twinkling skies
A shining carpet laid upon the sea,
Tumbled by waves with jewelled crowns of foam,
Which the cool night breeze made evermore to flee;
A stately barque, slow-moving, now was seen,
And glist'ning sails before the wind did lean.

THE RECORD.

The full-moon stepped from out the whisp'ring woods,
Casting long shadows down from poplars tall
And frosting verdant fields with silver hands,
While came from eerie depths the owl's wild call—
Or was that note the baying of her hounds
As Dian's nymphs leaped forth in spritely bounds?

Stretched on the mountain-side in dreams bewitched,
A youth of strength and lovely shape lay prone:
Th' ethereal huntress his soul forever claimed.
As her soft, cold kiss marked him for her alone.
Onward she passed; night's shades endured till morn.
The charmed youth awoke; a glorious day was born.

THE RECORD.

DEBATING.

The interest shown in debating during the first term has not come up to expectations. A number of pupils have attended debating practice regularly and have benefited considerably by the debates held, but a much larger number should attend the debates on Thursday afternoons. In a large school like ours, many pupils should be eager to obtain facility in public speaking. It is hoped that both fourth and fifth year boys will rally round and help to make debating a success.

So far, we have had only one outside debate: a friendly contest with the Girls' High School. The subject of this debate was: "That a Nation's Culture is of Greater Value Than Its Commerce." Our speakers, Simms, Abbott and Diethelm, were successful in this debate, adjudicated by members of the Girls' High School staff.

The Empire Day celebrations gave two of our speakers an opportunity for excellent practice. Both Abbott and Simms acquitted themselves most creditably, and showed considerable improvement on previous efforts. These two debaters should form the nucleus of a strong school team; a third speaker and a reserve have still to be chosen, and we hope competition for these positions will be keen.

This team will be a busy one, as we have an Inter-High Schools' Debate with Fort Street High School, on a date to be fixed at the end of June, and two G.P.S. debates: (1) against Scots' College on June 19, (2) against St. Joseph's College on July 17. Both G.P.S. debates will be held at Sydney High School. We wish our team full success in all three of these contests.

Do not forget Debating Practice on Thursday afternoons at 3.15 prompt, in Room 8.

THE LIBRARY.

This term is notable for the handsome donation made to the library funds by Mr. Phillip Moses. Once again he has come forward to assist the School and, as a result, almost one hundred volumes have been added to the shelves. The fiction section has been strengthened considerably by the addition of historical novels covering many periods. It is pleasing to note the increasing number of boys, particularly from the Junior School, who are reading from the library. A suggestion book has been placed in the library, where boys may enter the titles of books they would like to be purchased.

F. Rush, and his assistants, A. Renouf, J. Lumsdaine and L. Booth, are proving a keen and efficient band of workers. You can make their work easier—and avoid a fine—if books are returned within the prescribed time.

THE RECORD.

TENNIS REPORT.

Towards the end of 1935 the anxiously awaited final of the G.P.S. Junior Competition against S.C.E.G.S. took place at the White City Courts. This match was postponed at various times during the year on account of the weather, but these postponements did not lessen the enthusiasm of the S.H.S. boys, for a very enjoyable contest was held. The S.H.S. team carried off the honours, winning by 12 sets to 10.

In the last edition of "The Record" we omitted to mention the match between various grade teams and the teams selected from the staff. This event was witnessed with great interest by many students, who occupied positions at the windows of the library and many other vantage points. The School was victorious on three courts, the teaching staff on one. We hope that these matches will be made an annual event in the future.

Activities in tennis for 1936 have commenced satisfactorily. In addition to the usual summer tennis, the annual G.P.S. Tournament was held at Rushcutter's Bay Courts. It was decided to run the whole tournament in one day, and those who represented the School had a strenuous day. The senior team of Biddle, Browne, Smith, Dawson, Angus and Carroll, met defeat at the hands of Shore, although some fine struggles were witnessed. In the Junior Division two different events were held—an "A" and a "B" section. The "A" team of Dent, Crosthwaite, Edwards, MacDonald, Hicks and Dunn, after eliminating Shore, entered the final and defeated Grammar. Thus, in this division, S.H.S. teams have been victorious for two years in succession. It should be interesting to see whether a hat-trick can be obtained.

The "B" team competed in a triangular match with Shore and Grammar. The results were: Shore 1st, S.H.S. 2nd, Grammar 3rd. All this year's matches were very exciting, and more interest is being taken from year to year.

C.H.S. Competitions.

A great number of boys applied for positions in grade teams, quite a number of these coming from other schools. The selectors were faced with a difficult task, and not until a great number of challenges and practices had been held were the teams finalised.

The competitions are now in full-swing. In the first match against Parramatta, all grades were victorious, except First Grade. In the second match against Hurlstone, all grades were victorious.

This year's teams should benefit by the coaching of the teachers in charge. Mr. Hyde has kindly consented to help Mr. Edmunds in the supervision and coaching of the teams. If boys respond to the coaching, they should show much improvement at the close of the season.

A BUTTERFLY.

I saw her fluttering o'er the flowers,
Whiling away her care-free hours;
At favoured blossoms she stops and sips
The nectar from their honeyed lips.

She gently alights upon the lawn,
And the sheen of her wings of blue and fawn
Puts to shame the brightness of the green
On which she rests like a fairy queen.

A gentle breeze sighs through the firs:
This woodland sprite restlessly stirs,
Then suddenly she takes to flight
And flits away out of my sight.

Alas! how like a maiden fair,
With rosy cheeks and golden hair,
Who filled my heart with joy and bliss,
But was less constant than a kiss.

THE RECORD.

FOOTBALL.

A detailed account of the 1936 football season will appear in a later issue of "The Record."

The matches to date have resulted:—

| <i>v.</i> | <i>v.</i> |
|-----------------------|-----------------------|
| <i>Parramatta.</i> | <i>Hurlstone.</i> |
| 1st Grade: Won, 18—11 | 1st Grade: Lost, 5—20 |
| 2nd Grade: No Match | 2nd Grade: Won, 10—5 |
| 3rd Grade: Won, 19—0 | 3rd Grade: Won, 20—9 |
| 4th Grade: Won, 93—0 | 4th Grade: Won, 8—3 |
| 5th Grade: Won, 29—0 | 5th Grade: Won, 16—0 |
| 6th Grade: Won, 27—3 | 6th Grade: Won, 50—0 |

The annual match with the Old Boys has been arranged for August 19.

Fifth Grade has bright prospects and a good, lively team. It is well balanced, as both backs and forwards are experienced and have dash and vigour.

The majority are members of last year's Sixth Grade, which, you will remember, was quite a good team.

So far, all matches have been won. Against Parramatta the team scored 29—0 and against Hurlstone, 16—0.

Sixth Grade also has good prospects, but the team is not as well balanced as the Sixth's. The backs are excellent, to a man, but the forwards are raw, but, we hope, ready to learn. If the forwards can pick the game up in time, the team will be hard to beat.

The Sixth's defeated Parramatta 27—3 and Hurlstone 50—0.

ROWING.

After a lapse of some years, the Eight and the Fours were again in one camp. This arrangement has much to recommend it, for it tends to create a better spirit among the boys, and also allows the coaches to follow more closely the progress of the various crews.

The Rowing Advisory Sub-committee continues its good work on the financial side. The loan from the Union has ben repaid, the A. E. Sullivan—a practice four—and the pair oars have been re-conditioned, and a sum has ben added to the Boats' Reserve Fund. Here it should be mentioned that later in the year the Sub-committee will have to consider the building of a new racing VIII. Already a donation of £10 has been received from Mr. J. L. Henderson towards its cost. An appeal is made to all well-wishers of the School to forward subscriptions for the new boat.

THE RECORD.

Our thanks are offered to Dr. C. Winston and Dr. G. Hardwicke for their services throughout the entire camp, and to that group of Old Boys who acted as supervisors. The Coaches, Messrs. W. Livingston, F. Nichols and D. Duffy, are worthy of our highest praise, for they gave unsparingly of their time and energy. Our congratulations are offered to St. Joseph's securing the "Head of the River" and Yaralla Cup.

Our crews suffered many set-backs this year, chiefly because of injuries accidentally received.

The Fourth Four is to be congratulated on its win—the third in succession in this event—and I think it only fair to the Third Four to say that they were decidedly unfortunate to lose their race, considering that they were deprived of a substantial lead in the hurried re-alignment for re-starting the race, after it had been stopped owing to two boats fouling.

The change to the Nepean was not welcomed by this School, for it entailed many extra arrangements and, more particularly, it cut off the Old Boys' source of revenue. As the G.P.S. Association made a smaller profit than usual, there appears no reason for a changed attitude on our part to the Nepean, despite the excellence of the racing this year.

A new costume was worn by our crews at this year's Regatta, and generally seems to have met with approval.

Two of our old rowers, D. Ferguson and M. Wood, are at present in Berlin as members of the Olympic Eight. J. Metcalfe, also representing Australia at the Games, took a slow-motion picture of the crews in action, and these helped the coaches materially in illustrating and eliminating faults. Our best wishes for success are extended to these three Old Boys.

From the people of Five Dock, and from the Five Dock P. & C. Association in particular, this School's rowing receives much support. Each year our crews are entertained and miniature oars—the work of Mr. A. McWhinney—are presented to each of the coaches and rowers. At the function this year, an announcement of great importance was made by Mr. Jack Lee, M.L.A., and Mayor of Drummoyne. He outlined negotiations that had been going on between Mr. McWhinney, the School, and himself. As a result of an interview with the Minister for Education, Mr. Lee announced that the Minister would help the School to build its own rowing shed, if the School contributed half the cost. What a wonderful opportunity! In the near future a meeting will be held at the School of all interested to consider the proposal and, if necessary, to devise ways and means of raising the money required.

H. Turk, the Captain of Boats, and T. Trew, the Vice-Captain, carried out their many duties in splendid fashion, thereby setting a fine example to the rest of the camp.

THE RECORD.

During the winter, rowing is proceeding at Drummoyne, where Mr. D. Duffy has the new-comers in hand and Mr. W. Livingston has a Junior Eight at work. An appeal is made to boys of the required weight and height to take up the sport and so help the School in one of its major activities.

W. E. CUMMINGS, Rowing Master.

The Crews.

It is with a feeling of deep thankfulness and gratitude to the O.B.U. Rowing Sub-committee, under whose supervision the camp was again undertaken, that we present our report of the Rowing Season for the year 1936.

As was the case in previous years, enthusiasm for rowing began, when, prior to the final selection of crews, every boy desirous of being chosen underwent a thorough examination by Dr. C. E. Winston and Dr. G. A. Hardwicke, the Old Boys' Honorary Medical Advisors. We wish to thank these gentlemen for their services on our behalf throughout the period of the camp.

The camp was situated at the Drummoyne Rowing Club Shed, where the Eight and Fours were comfortably housed. All the boys were satisfied with the camp conditions, and throughout the whole period a very happy and contented atmosphere existed.

The boys owe a debt of gratitude to Mrs. Piper, at whose boarding house meals were prepared and served to please lusty appetites, and although occasionally we arrived later at the table than scheduled time, our good hostess was very gracious in her attention and care for our needs.

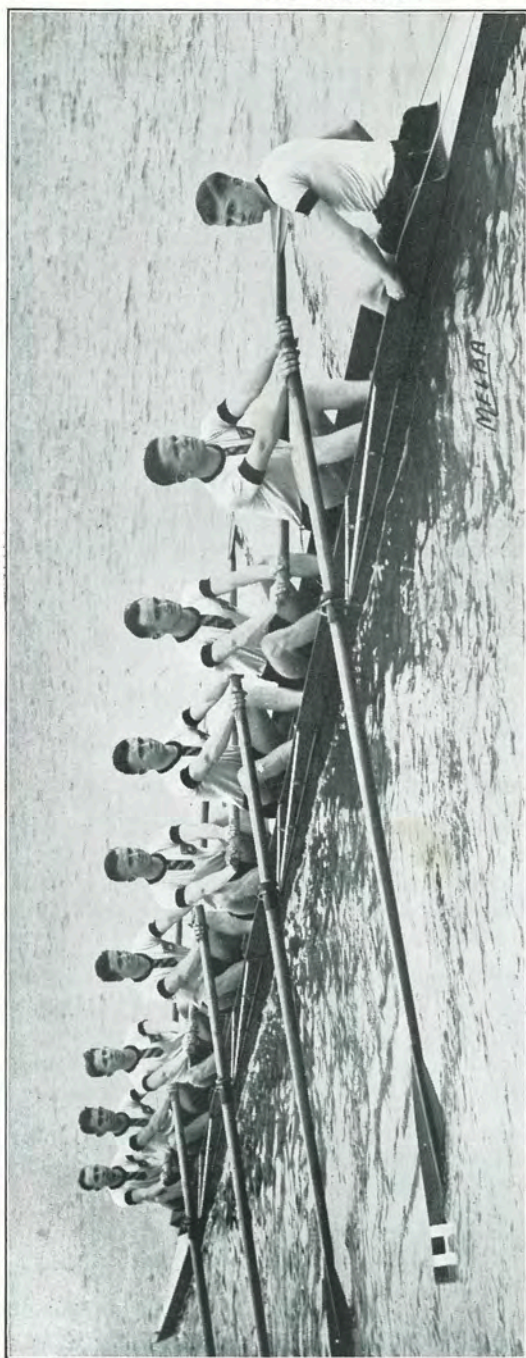

The change from the Parramatta River to the Nepean River for the race marked an epoch in the history of G.P.S. Regattas. We found very little change in rowing conditions there, whereas it had been anticipated rowing in fresh water would be much harder work than in salt water.

The Nepean had at least this outstanding advantage in that, after the boys had finished their strenuous row, they were able to lean overboard and drink to their heart's content.

The condition of the boats in which we raced was very fair on the whole, but the School Eight, we think, has seen its best days.

One remarkable feature was the number of oars broken during the latter part of training—no less than sixteen having to be repaired.

THE RECORD.

THE EIGHT.

Bow, B. KENDALL; 2, T. TREW; 3, R. HIGHAM; 4, R. DELLA CA; 5, L. PARNELL; 6, H. TURK; 7, C. WALLACE; Stroke, W. STEVENSON; Cox, D. HENDERSON.

THE RECORD.

Our thanks are due to Messrs. J. Chapman, R. McKinnon, J. Thompson, C. Hughes, and K. Milner, who gave up their time to act as supervisors at the camp.

It was encouraging to find men closely connected with the School itself, and parents of boys, particularly of those in training, taking keen interest in the boys' welfare.

Included in such number, we take pleasure in mentioning our new Headmaster, Mr. Killip, whose constant interest was a stimulus to the boys.

Mr. McMullen, Mr. Towns, and members of former crews, on seeing the boys in training, congratulated the coaches on the combination that was being worked into the crews, and on the general performance of the boys.

While we are pleased to report the absence of any serious accident during camp, quite a number of small happenings, such as strained arms, influenza, boils, etc., constantly tended to keep the crews back in their training progress.

Our congratulations are extended to St. Joseph's on their very fine win in the Eights, and also for their victory in the First Fours. To the S.H.S. crews, one and all, we express our appreciation of efforts manfully made, and hard work cheerfully borne, although not rewarded with victory. To the Fourth Fours in their win in their Junior Event, we also extend our special congratulations.

Coaching of the Eight's crew this year was in the experienced and capable hands of Mr. W. Livingston, who succeeded Mr. Hancock, coach of last year's Eight.

Mr. F. Nichols, who coached the Second Fours last year, had charge of the First Fours on this occasion, and welded the boys into a strong combination.

Mr. D. Duffy had a very big task in coaching the Second, Third and Fourth Fours. His untiring energy and keen interest were well sustained throughout, and all his crews did well.

All coaches were strict with their crews during the training period, yet were popular, and enjoyed the boys' confidence and respect.

Arrangements were made this year for the boys to have a daily supply of milk. A pint at lunch-time, and again after dinner in the evening. The regular drinking of milk played its part in making the 1936 camp one of the healthiest experienced by the School.

Reference should be made to the special social function arranged by the friends at Five Dock, when each member of the various crews was presented with a miniature oar. The boys deeply appreciate the interest shown in them, and offer their best thanks.

THE RECORD.

To all who contributed in any way to the boys' enjoyment and supply of extras, particularly the gifts of apples and jam, we say a big "Thank you." Regarding the apples, it was a sight to see the stroke of each crew issuing to his crew its share of apples each night, and how the boys guarded the apples for fear of losing them to some other boy—well, apples in camp really are worth their weight in gold.

This report would not be complete without mention being made of our Rowing Master, Mr. Cummings, particularly with respect to his extreme patience and sustained interest right through the period of training. Everything asked for was given whenever possible.

The Races.

Results:

Second Fours—Shore, 1; High, 2; St. Joseph's, 3.

First Fours—St. Joseph's, 1; Shore, 2; Grammar, 3.

Champion Eights—St. Joseph's, 1; Grammar, 2; Shore, 3.

Description of Races

Second Fours.

St. Joseph's got the best of the start and led by a few feet from Grammar. After a minute's rowing, St. Joseph's were out from Grammar, with Scot's close up. When the crews came in sight of Log Cabin, the positions were: Shore, Grammar, St. Joseph's and High.

After three minutes' rowing, Shore led from High and St. Joseph's. High was having a great battle, with Shore and St. Joseph's on the far side well placed; Shore and St. Joseph's raced under the bridge, and almost interlocked, with High still fairly close.

It was a great battle from here to the finish, Shore gaining the verdict from High, with St. Joseph's third.

First Fours.

After a half-minute's racing, St. Joseph's led the crews and, after a minute's rowing, all crews were well up with not more than a length between them. At two minutes, St. Joseph's were beginning to be pressed by Shore and Grammar. As they swung past the Log Cabin, St. Joseph's were leading from Shore, then came Grammar, King's and High. From there it was a stirring finish, St. Joseph's gaining the verdict by three feet from Shore, with Grammar, a length away, third, and High fourth.

THE RECORD.

THIRD FOUR.

Bow, P. SHEPHERD; 2, R. WILLIAMS; 3, G. CHEERS; Stroke, N. FOWLER;
Cox, P. STANTON.

FOURTH FOUR.

Bow, W. NOSKE; 2, R. McNEILL; 3, E. YOUNG; Stroke, K. SUTHERLAND;
Cox, A. TURNER.

THE RECORD.

The Champion Eights.

All crews got away well, Shore rating about 40, and Grammar also striking high, securing the early advantage. At the end of one minute, Shore led Grammar, with Scot's close up, pursued by St. Joseph's, who were making a hard run after the leaders. After six minutes, St. Joseph's were disputing the issue with Shore, followed by Grammar, and then Scot's. At the Log Cabin, Grammar led from Shore, St. Joseph's, coming through on the Penrith bank, were making a great bid. With 50 yards to go, Shore had the race won, but somebody crabbed, and the whole crew faltered at a critical stage. St. Joseph's took the title by a quarter of a length from Grammar, with Shore half a length further back. High was sixth, and, although not placed, only two and a half lengths separated the winners and our Eight.

The Riverview Regatta.

Third Fours.

The Third Fours this year would have won their race, only one member of the crew crabbed almost on the finishing point, thus losing ground. Nevertheless, they took second position and were well deserving of that place.

The Fourth Fours.

High again went to victory in this race by three or four lengths. They maintained splendid form and their rating was high.

Mr. D. Duffy is to be congratulated on the success gained by his Three Fours.

And so another season has closed, bringing with it triumphs and disappointments, but we must set our teeth for 1937, and trust that that year may see a harvest of victories reaped for High, so that it shall maintain its prestige and uphold the rowing traditions that have been set by former boys.

H. TURK, Rowing Captain.

SCHOOL NOTES.

Mr. H. M. Woodwood, M.A., Master of Department of English, left us to take up the position of Deputy-Headmaster at the Boys' High School, Newcastle. Incidentally, Mr. Woodward was Master-in-Charge of the Department of English at Newcastle in 1928 and 1929.

A large number of First-class Honours, in both English and History, were gained by pupils of this school during Mr. Woodward's term of mastership. Mr. Woodward himself was a keen history student. He also was responsible for the production of each issue of "The Record," and generally organised the Speech Day Programme. His help and advice was always most graciously given, and came from a keenly intellectual mind, fashioned and matured by a wide and varied experience. We congratulate Mr. Woodward on his promotion.

GREAT OAKS from little acorns grow!"

It is from just such small beginnings that a Savings Bank Account will grow into a substantial possession. The habit of Thrift is not hard to acquire and, once begun, leads to security. No matter how little you can afford to put by weekly, commence at once. You will be agreeably astonished to note how soon the "mickles" become a "muckle." It is a happy and a safe condition to have "money in the bank," and the opportunity is conveniently at hand. Not only by hundreds of Branches, but through practically all Post Offices and many private agencies the Commonwealth Savings Bank service is made available in all Australian districts—in **your** district.

THE RECORD.

Mr. J. A. McCallum, the present English Master, is an Old Boy of the School, who served in the 55th Battalion of the A.I.F. during the Great War, graduated in 1921 with First-class Honours, gaining the University Medal in History. He has taught at Parramatta, Grafton, Canterbury, and Sydney High Schools.

Mr. V. W. Hyde left in June to take up a position temporarily as Lecturer-in-English at the Teachers' College, Sydney. Perhaps next year we shall once again have his genial presence at the Sydney High School. We heartily congratulate Mr. Hyde on his promotion.

Mr. A. G. Neil, B.A. (Honours in English), Dip. Ed., came to us from Lismore High School to take Mr. Hyde's place. We extend to Mr. Neil a welcome to the staff and school.

In March last, Mr. T. B. Ingram, of the English staff, availed himself of the opportunity of a tour abroad. We wish him of the best, and look forward to his return and hearing the impressions he received of life and traditions in the Old Country.

Mr. E. Helm, B.A., Dip.Ed., came to S.H.S. from Broken Hill High School, where he taught for four years. To him, also, we extend a hearty welcome.

Mr. Roberts, having returned from a tour of Europe, was with us for a few weeks only. He was transferred temporarily to the Armidale Teachers' College as Lecturer-in-English. Mr. Roberts and Mr. Hyde were companions last year in travelling through Europe. It is probable that they may be associated as teachers of the Sydney High School staff again next year.

Sydney High was unfortunate this year in losing Mr. W. S. Wilson, who has gone to Tamworth High School. Mr. Wilson was a member of the Gordon First Eleven, and coached the S.H.S. Second Eleven. We all join in wishing Mr. Wilson every success at his new position.

Dr. K. H. Hartley, who came to S.H.S. from North Newtown I.H.S., is an Old Boy with a distinguished academic career.

Graduating from the Sydney University in 1930, Dr. Hartley took his M.A. degree in French two years later, when he was granted the French Government Travelling Scholarship.

After studying for two years in Paris, Dr. Hartley was awarded the degree of Doctor of the University of Paris with First-class Honours.

Mr. C. E. Witheford, of the Mathematics Staff, has been transferred from Central Technical School. He is an Old Boy of the School, and to him, also, we extend a hearty welcome.

FARMER'S

THE RECORD.

Mr. S. K. Hazelton was also transferred from Central Technical School, and is an Old Boy of the School. We heartily welcome him to our teaching staff.

Another welcome transfer was that of Mr. H. T. Howard, who has been transferred from Parramatta High School to Sydney High School, as a member of the Chemistry staff.

Coming to the School in 1935, as a Fourth Year student, Harvey Turk was elected Acting-Captain under J. Maxwell, and in the same year won the Lodge Sydney High Prize. Early this year he became Captain of the School, in which capacity he is very popular. He rowed No. 6 in the Championship Eights, plays regularly in the First Fifteen, and is Union Representative for Rowing.

R. Laforest, the Vice-Captain, came from Randwick in 1935. At the end of that year he was made Acting-Vice-Captain, and this year was made Vice-Captain. He is a member of the First Eleven and First Fifteen, and is the School's O.B.U. Representative.

Our Benefactors.

"The Record" congratulates all the ladies who helped to make Market Day such a success. A profit of £145 was realised in a few hours. We are also pleased to mention the donation of pictures by the Headmaster, Dr. C. H. Currey, Hon. J. H. Wise, Mr. A. L. de Vine, and Mrs. Badgery. The re-arrangement of pictures in the main corridor and porch has shown them to better advantage. The many bare spaces in the corridors and classrooms are a daily reminder to friends of the School that good pictures add tone and dignity to their surroundings, and are, moreover, a fine educative influence. Reference is made in the Library Report to the liberality of Mr. Phillip Moses, who has always been a good friend of the School, in presenting to the Library books to the value of £25.

The School Grounds.

The whole School much appreciates the completion of the asphaltting of all the paths in the grounds. From any point in the grounds, the paths look attractive, and the new road to the Tuck Shop from the Cleveland Street side, widened and asphalted, quite transforms the appearance of the gymnasium surroundings. The full effect will be observed in the spring, when the grass shows through the top-dressing to the south of the tennis courts.

Plans are being prepared for the planting of flowering shrubs along the park frontage and in the new bed facing Cleveland Street. To be effective, additional water pipes will be required, and to avoid

THE RECORD.

a large immediate outlay, the scheme will need to be carried out in sections. Suitable trees and shrubs are to be planted to screen the incinerator, and thus make even more beautiful the vista of trees as viewed from Anzac Parade. All the hydrangeas on the south-western side of the building are to be moved to shadier positions, and some to new beds on the north-western side of the two quadrangles.

ATHLETICS REPORT.

First event on the 1936 programme is the School's 52nd Annual Sports Meeting, to be held this year on August 6 and 7, at Sydney Cricket Ground.

Relatives and friends of the students are strongly urged to attend, both to enjoy a good day's athletics, and to give the fine event the support it deserves.

The second day is the more interesting, and a picnic lunch at the ground seems distinctly a bright idea.

Aspirants for representation in the School team are already in training—some systematically, others spasmodically.

For the Senior, Wall and Higham are outstanding, but Mackie, unfortunately, is unavailable, owing to an injured knee.

This seriously weakens the team, and only strenuous efforts by every boy with any athletic ability, will enable High this year to retain its proud position at the Combined Meeting.

However, Chapman, Coape-Smith, Popplewell, Mackenzie, MacNeil, A Smith, Parnell, Tasker, and many others are polishing their spikes, and will offer determined defence of the Senior Cup.

The Juniors already have a formidable team: Kaad, Erskine, Hibberd, Freeman, Elder, Dent, Harrison and others are promising well, and only a very fine team will be able to prevent High from retaining the Junior Cup.

In the Under 14 Division, Levy, Rafros, Lewis and Thornley have shown out, and are working solidly to reach championship standard.

Additional coaching is available at School every Tuesday and Thursday.

While our record sheets have been revolutionised in the last few years—G.P.S. sheets, by the way, now show eight H's—at least three athletes this year have a chance of raising the standard still higher.

Our best wishes attend those two fine sportsmen, Jack Metcalfe and Basil Dickinson, recently so prominent in High's athletic team, who are now representing Australia at the Olympic Games in Berlin. Confident that they are worthy representatives, we wish them every success. Included also is Mervyn Wood, of the Olympic Eight, who enlarged his muscles shot-putting for High.

The School awaits the results of their efforts with justifiable pride.

THE RECORD.

1935 SECOND HALF.

Comments on G.P.S. Matches.

In dismissing St. Ignatius' College for 74 in the first innings, Fielder and Connors bowled remarkably well. The former, in 7.4 overs, captured 4 wickets for 14 runs, whilst the latter accounted for 4 batsmen for 23.

Our visitors compiled 211 runs in the second innings, James delivering 13 overs and securing 5 wickets for 30 runs. Khan 3 for 46, and Fielder 2 for 49, captured the remaining wickets.

The School made 191 and 2 for 99 against St. Ignatius, thus registering an outright win by 8 wickets.

James made 53 (seven 4's) and 25, not out (four 4's). Carroll was responsible for 45 (six 4's) and 10; Fielder made 38 (seven 4's); Connors 18 (two 4's, one 6); and Titterton 11. In the second innings Daly batted solidly for 36, not out (four 4's).

Batting against St. Joseph's College, totals of 119 and 217 were recorded, but as our opponents made 338 runs for 8 wickets, the match was lost outright.

In the first innings, James 16, Wall 16, and Fielder 58, not out, were the only batsmen who reached double figures. Fielder's effort was highly meritorious. His score of 58, not out, was made in 40 minutes, and appeared in the score-book thus: 1, 2, 4, 1, 2, 2, 4, 2, 4, 4, 1, 1, 4, 1, 4, 1, 6, 1, 4, 6, 2, 1 (seven 4's, two 6's).

Batting in the second innings against St. Joseph's, the following were the chief scoring agents: Laforest 58 (seven 4's), Daly 42 (three 4's), James 29 (four 4's), Carpenter 15, Deane 12, not out; Maxwell 12, Fielder 10.

Laforest, playing his first game in G.P.S. Cricket, and Deane had a noteworthy partnership in the second innings. Becoming associated when the score was 9 wickets for 169 runs, they defied the bowling for 95 minutes, and remained together till the total reached 217, when Laforest was bowled.

Bowling against St. Joseph's, the wickets were secured by: Laforest 2 for 23, Carpenter 1 for 34, James 2 for 86 (33 overs, 8 maidens), Fielder 2 for 89 (30 overs, 5 maidens). Others who bowled were: Khan 0 for 44, Maxwell 0 for 48, Wall 0 for 1.

As St. Joseph's ultimately won the competition, we take the opportunity to congratulate the team on its success. Being undefeated, added points to the achievement.

Winning the toss against Sydney Church of England Grammar School, we compiled 302.

Daly and Knox gave the side an excellent start by registering 114 for the first wicket in 99 minutes.

Knox made 49 in his initial effort in a G.P.S. match.

Daly was top-scorer with 68 (six 4's), made in very confident fashion. Titterton hit seven 4's in his score of 57, occupying the

THE RECORD.

creases for 65 minutes. Khan (four 4's) compiled 38, Carroll (five 4's) 37, Laforest 18, Deane 10, not out.

Khan and Deane added 36 to the total for the last wicket (in 43 minutes).

S.C.E.G.S. were dismissed for 58 in the first innings, and 192 in the second innings. The result was an outright win by an innings and 72 runs.

Daly bowled sensationally in the first innings, capturing 6 wickets for 18 runs. He delivered 12 overs.

James and Carroll were selected in the Combined G.P.S. team to play in the annual match against the N.S.W. Cricket Association, and Fielder was an emergency.

The match, however, was not played, owing to unfavourable weather.

Daly made top score and secured the best bowling figures in Combined G.P.S. II. Team V. Combined Associated Schools.

The following bowling statistics secured for D. James the honour of *heading the list of bowling averages* in the G.P.S. Competition for 1935: 153.4 overs, 45 maiden overs, 331 runs, 39 wickets, 8.4 average.

RESULTS OF THE C.H.S. CRICKET MATCHES, SECOND HALF, 1935.

First Grade.

October 2 and October 9, at Rushcutter's Bay.

Technical High School (first innings), 88 (D. James 3 for 23, E. Khan 2 for 9, R. Connors 2 for 40, A. Fielder 1 for 3, J. Maxwell 1 for 7).

Sydney High School (first innings), 172 (D. James 36, M. Titterton 32, J. Maxwell 23, J. Daly 27, A. Fielder 16).

Technical High School (second innings), 83 (R. Connors 3 for 16, A. Fielder 2 for 6, E. Khan 2 for 8, J. Maxwell 2 for 28, D. James 1 for 6).

Result: Won by an innings and 1 run.

October 16 and October 23, at Centennial Park.

In this match, L. Carroll (S.H.S.) and D. James (S.H.S.) were associated in a prolific batting partnership, taking the C.H.S. score from 3 wickets for 24 runs to 228 runs for 4 wickets. The partnership realised 204 runs in 108 minutes. James made 107 (ten 4's, one 6); Carroll made 102 (six 4's). James also captured 3 wickets for 15 runs.

An innings, reaching the coveted century, had not previously been played by a High School batsman in the annual match against the N.S.W. Cricket Association. R. Rowe (Parramatta High School) held the record previously, with a score of 99.

THE RECORD.

First Grade.

Comments on the C.H.S. Matches, 1935, Second Half.

By dismissing Technical High School for 88 and 83, and compiling 172, an outright win was recorded by an innings and 1 run.

James 36, Titterton 32, Maxwell 23, Daly 27, and A. Fielder 16, batted soundly.

In the bowling department, James secured 3 for 23 and 1 for 6; Fielder 1 for 3 and 2 for 6; Khan 2 for 9 and 2 for 8; Connors 2 for 40 and 3 for 16; Maxwell 1 for 7 and 2 for 28.

Against Hurlstone our batsmen compiled 7 for 100 (innings declared closed) and 65. Hurlstone responded with 66 and 78. It was a low-scoring match, owing to rain affecting wicket on both days. Victory came our way by 21 runs.

Connors made 21, not out, and 10, James 12 and 15, Carroll 16 and 11, Khan 11 (first innings), Carpenter and Maxwell 10 each in the second innings.

Fielder captured 4 for 13 and 1 for 23; Laforest 1 for 2 and 5 for 35; Khan 4 for 30 (first innings); Carpenter 1 for 9 and 4 for 12.

This match completed a season, in which our representatives were undefeated, and thus entitled to play a team from the Combined High Schools. The match, Premiers v. The Rest, was also won by the School. The Rest made 166, Fielder securing 3 for 26, Connors 4 for 72, and Khan 2 for 24.

Sydney High School Premiers aggregated 250, Carroll playing a dashing innings for 110. Daly was very sound in making 60, while Maxwell 26, and Fielder 17, also kept the scorer busy.

Carroll's innings in the match, Premiers v. The Rest: 1, 1, 1, 2, 2, 4, 1, 1, 4, 4, 4, 1, 4, 4, 1, 1, 4, 1, 1, 1, 2, 1, 4, 2, 4, 1, 2, 3, 4, 4, 1, 6, 1, 1, 4, 2, 6, 2, 4, 6, 6, = 110. (Thirteen 4's, four 6's.)

Fielder's innings in the match, Old Boys v. The School: 1, 1, 4, 2, 4, 4, 1, 4, 1, 1, 2, 4, 4, 4, 1, 4, 4, 4, 4, 4, 1, 4, 1, 4 = 72. (Fifteen 4's.)

James's innings in the match, v. The N.S.W. Cricket Association: 1, 1, 4, 2, 1, 3, 1, 1, 1, 3, 4, 1, 1, 1, 4, 2, 1, 1, 2, 1, 2, 1, 1, 1, 2, 1, 2, 1, 1, 1, 1, 1, 4, 1, 1, 6, 2, 4, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 1, 4, 2, 1, 4, 4, 4 = 107. Ten 4's, one 6.)

James, Carroll, Fielder, Daly and Deane (wicket-keeper), were selected in the C.H.S. team which played the N.S.W.C.A. XI. at the Sydney Cricket Ground.

In 1935 the School's Elevens were Premiers in the four grades in C.H.S. Cricket Competitions, viz., in First, Second, Third and Fourth Grades. We have the pleasure to congratulate our colleagues on the success of their proteges.

THE RECORD.

Comment on the C.H.S. Matches, 1936, First Half. First Grade.

In the first match of 1936, North Sydney made 65 and 2 for 115. Wall, 3 for 6, Hercus 2 for 4, Fielder 1 for 7, and Cristofani 3 for 15, dismissed the opposition cheaply in the initial stage of the game, but were unable to perform as successfully in the second innings. The result was a win on the first innings by 104 runs. After making 169 for 8 wickets, the School closed its innings. Wall 40, Cristofani 32, not out, McLeod 28, Carroll 16, Coape-Smith 14, Laforest 11, made most of the runs.

Wall and Cristofani added 64 runs to the score for the seventh wicket in 37 minutes.

Canterbury had totals of 38 and 74. The School closed the innings when 5 wickets had fallen for 174 runs. This was an outright win by an innings and 62 runs.

Wall had a very good all-round performance, capturing 4 for 12 and 4 for 17, and making 26, not out.

McLeod 42, Carroll 20, and Coape-Smith 19, also batted well. Fielder's innings of 60, not out, was very spectacular in the closing stages, as his last seven scoring strokes consisted of four 4's and three 6's—26 runs being hit from the last over delivered to him.

Cristofani, 2 for 4 and 3 for 38, and Fielder, 1 for 6 and 2 for 32, ably assisted Wall in the dismissal of Canterbury's batsmen for moderate totals.

Against Parramatta, the School made 170. McLeod was responsible for 87, exhibiting good defence and a partiality for despatching short-pitched deliveries to the on-boundary. He hit thirteen 4's.

Laforest 16, and Cristofani 11, were the only other batsmen to reach double figures in the first innings.

Wall 35, Deane 32, and Coape-Smith 23, played very free cricket in the second innings.

Parramatta replied with 85. The wickets were taken by—Laforest 4 for 26, Wall 3 for 25, Dopson 1 for 1, Cristofani 1 for 18. The result was a win on the first innings.

Playing against Fort Street, the School amassed 284 runs for 9 wickets in three hours, and won the match outright by an innings and 158 runs.

Deane was top-scorer with 70 (five 4's). Cristofani 58 (eight 4's), Paillas 52 (nine 4's), Wall 30 (four 4's) Hercus 16, Carroll 10, Angus 10, not out, also contributed substantial additions to the total in quick time. Going in ninth, Paillas made 52 runs in 20 minutes.

Fort Street responded with totals of 49 and 77.

Wall, 5 for 23, and Fielder, 4 for 26, bowled unchanged in the first innings. One batsman was run out.

In the second innings, Fielder took 6 wickets for 16 runs; Hercus captured 3 for 20 and Wall 1 for 9. Fort Street batsmen (19 wickets) were all dismissed by the School's three left-hand bowlers.

An interesting feature of the G.P.S. matches in the first half of 1936 was the fact that, in four matches, our bowlers sent down 90 maiden overs to our opponents, whilst only 17 maiden overs were delivered to us.

This implies accurate bowling (supported by good fielding) and enterprising batting by the School's representatives.

Comment on the G.P.S. Matches, 1936, First Half.

Four matches were played, three of which were won outright and one on the first innings.

This gratifying result was due largely to regular attendance at practice; keen, alert, safe fielding, quality wicket-keeping, sound batsmanship by various members of the team as the occasion demanded, and thoughtful captaincy by L. Carroll and his successor, J. Deane.

R. Cristofani had the honour of leading the G.P.S. bowling averages at the end of the half-year.

His bowling figures read: Overs 55.3, maidens 11, runs 162, wickets 5; average, 6.4. His slow deliveries had length, direction and flight, while the "wrong-un" was cleverly disguised.

The best bowling performance of the season was Cristofani's 9 wickets for 34 against St. Ignatius at Riverview. It is probably a record for the School.

The wicket was damp on both days at the Weigall Ground in the match against Sydney Grammar School. Our opponents won the "toss" and gave us first use of the wicket.

After losing 1 wicket for 0, Deane and Coape-Smith carried the score to 40 in 45 minutes, when the latter was dismissed for 26 (four 4's).

Wall made 18 (four 4's) and Dent 11. Deane was out sixth for 34 (three 4's), a very valuable innings, occupying 1 hour 13 minutes. The total was 112, made in 95 minutes.

Sydney Grammar School responded with 103, made in 97 minutes.

The wickets were taken by: Fielder 6 for 41, Cristofani 2 for 14, Hercus 1 for 16, Laforest 1 for 17.

In the second innings, S.H.S. compiled 142 in 99 minutes. Fielder was top-scorer with 56 (four 4's, two 6's), made in 56 minutes. Cristofani 19, McLeod 14, Dent 14, Carroll 13, and Wall 11, added useful contributions to the score.

Sydney Grammar School required 152 to win, but were all out when the total had reached 89, made in 170 minutes.

Wall bowled 10 overs and captured 6 wickets for 24. Others who secured wickets were: Laforest 2 for 13, and Hercus 1 for 11 (10 overs, 5 maidens).

The School thus began the season auspiciously by winning the first match outright by 62 runs.

Against the Scots' College, at the McKay Ground, Centennial Park, the School made 189 runs in 160 minutes.

THE RECORD.

Deane batted solidly from 10.30 till 12.40 for 58 runs (three 4's).

Carroll 18, Fielder 13, Wall 16, and Laforest 11, assisted in increasing the total to 144 for 9 wickets, when Hercus (20, not out) and Dopson (20) became associated in a breezy partnership which added 45 runs to the score in 28 minutes.

In their first innings, Scots' made 51 in 86 minutes.

The wickets were shared by: Cristofani 4 for 12, Hercus 3 for 13, Laforest 2 for 16, and Wall 1 for 3.

Following on their innings, Scots' occupied the creases for 110 minutes, losing 8 wickets for 98 runs, but narrowly saved an outright defeat.

The wicket-getters were: Laforest 3 for 13, Fielder* 2 for 24, Wall 2 for 29, and Cristofani 1 for 19.

The School won on the first innings by 138 runs.

In the game against Newington College, at Centennial Park, the visitors made 90 runs in their first innings in 159 minutes.

Laforest and Cristofani had rather remarkable bowling figures, the former capturing 3 wickets for 8 runs from 9 overs, 7 of which were maiden overs, and the latter securing 4 wickets for 22 runs from 12 overs, 6 of which were maiden overs. Wall took 2 wickets for 20 runs.

The School replied with 208 runs in 175 minutes.

The chief performers with the bat were: Fielder 56 (nine 4's), in 55 minutes, McLeod 27, Laforest 23, Carroll 19, Wall 13, Coombs 10, Dopson 12, Hercus 35, not out (five 4's).

Hercus and Dopson carried the score from 160 for 9 wickets to 208, thus adding 48 runs in a last-wicket partnership in 31 minutes—practically repeating the performance of the preceding match.

Batting a second time, Newington made 148 runs in 185 minutes.

The wickets were secured by: Dopson 2 for 14, Wall 2 for 15, Fielder 2 for 34, Cristofani 3 for 46, Laforest 1 for 13.

Our bowlers delivered 31 maiden overs in the second innings against Newington and 17 maiden overs in the first innings, i.e., a total of 48 against 13 delivered to us.

Requiring 31 to win outright, the runs were obtained in 43 minutes, for the loss of 2 wickets, McLeod being 16, not out.

The fourth match was played against St. Ignatius' College, at Riverview. The local team had first use of a perfect wicket, and made 98 runs in 115 minutes.

Cristofani's bowling analysis read: 8.1 overs, 1 maiden over, 34 runs, 9 wickets; average 3.7.

Fielder, 1 for 34, secured the other wicket.

In 147 minutes the School compiled 180 runs.

Carroll displayed his best form in making 90 runs (eleven 4's, one 5, two 6's). He batted for 112 minutes and his score of 90 was the highest individual effort made for the First Grade Team in the first half.

THE RECORD.

Fielder, 32 (three 4's, one 6), in partnership with Carroll, carried the score from 67 to 142 for the fifth wicket in 36 minutes. Coape-Smith made 20 attractively, and Angus shaped well for 10.

In their second innings, St. Ignatius made 62.

Fielder, 5 for 16, had the best bowling figures. At one stage he had bowled 5 overs for 3 wickets, 0 runs. Cristofani, 2 for 15, and Wall, 2 for 11, also secured wickets.

In this match Wall caught 5 batsmen at first slip.

The game resulted in an outright win for the School by an innings and 20 runs.

The match against St. Ignatius' College marked Carroll's last appearance for Sydney High School. He had been an excellent exponent of bright batting, sound fielding, team spirit and forethoughtfulness as Captain. He made seven centuries in his school career at S.H.S., which is a record number of three-figure scores. He also made a score of 99, run out, against the King's School and 90 against St. Ignatius' College. Carroll also had to his credit the highest individual score on record for the School, viz., 202, not out, against Riverview.

General Notes.

Mr. Garner, Curator of the McKay Ground, Centennial Park, continues to prepare wickets which are thoroughly first-class in every respect. He also gives the School the benefit of numerous services outside his official duties.

We are fortunate to have such good playing conditions at the Oval, and for this happy state of affairs, we are deeply indebted to the Old Boys' Union and the Parents and Citizens' Association, whose financial support and organisation so admirably supplement our own efforts.

We extend our thanks to Mr. G. C. Saxby for the presentation of flags in the School's colours, and also Messrs. Oberg and Finney for the provision of the necessary supports in connection with the boundary demarcation at the Oval.

The ladies of the Parents and Citizens' Association have placed us under a debt of gratitude to them for their greatly-appreciated services, relative to the social department of cricket, and we were quite overwhelmed by their generosity when they presented the School with "sight-boards," for use at the Oval.

We very greatly regret that Mr. R. McKay, our great benefactor, has been seriously ill, and we hope and trust that he will soon be restored to perfect health.

Among those in regular attendance at the cricket matches at the Oval, and taking a keen interest in the games, were: Mr. J. H. Killip

THE RECORD.

(Headmaster) and Mrs. Killip, Mr. P. W. Hallett (Deputy-Headmaster) and Mrs. Hallett, and various members of the staff; the President, Vice-President, Secretary, Treasurer, the Ladies' Committee, and other members of the Parents and Citizens' Association; representatives of the O.B.U.; Mr. G. C. Saxby (a former Headmaster and a Trustee of the Oval); parents and relatives of Old Boys; present players and other boys of the School; and many Old Boys of the School.

In the first half of 1936, the School's representatives played 20 competition matches and won all of them.

In the C.H.S. section, 16 matches were won, four in each of the four grades, and four in the G.P.S. series.

Cricketers will have the honour of endeavouring to maintain the prestige indicated when the games are resumed in October. With the sanction of our esteemed Editor, and for the information of our numerous readers, results of the various matches and comments thereon, will be published in a future issue of "The Record."

THE RECORD.

Second Eleven.

The Second Eleven finished the season at the head of the Competition Table. To date, four matches have been played, of which three have been won on the first innings and one outright. The Captain, N. Howard, has proved himself a leader of sound tactics and good judgment, and to him the success of the team is largely due. J. Denehy, Vice-Captain, has ably supported his Captain.

On the whole, the batting has been sound and enterprising. The opening batsmen, E. Smith (average 26.4) and A. Dawson (average 14), have rarely failed to give the team a good start. N. Howard (average 22.2), R. Angus (average 18.8), and J. Denehy (average 15.8), are also capable batsmen. The sound methods of Smith and Angus should win them places in the Firsts in the near future.

As regards the bowling, the medium-paced trundlers, J. Denehy and F. Beeson, have been outstanding. Denehy has bowled with determination and consistency to take 19 wickets at an average of 7.7. Beeson's figures, 15 wickets at 5.3, are even better. The slow bowling is not so strong, though K. Walsh (6 wickets at 9.8) is very promising.

It is pleasing to report that the out-cricket has been maintained at a high standard throughout. In the field, N. Howard is a splendid example to his team, being quick in anticipation, fast in moving to the ball, safe in gathering, and accurate in return. Angus and Denehy are also excellent fieldsmen, while Dawson has filled the difficult slips position creditably. As wicket-keeper, R. Nielson is very keen and dependable, and shows steady improvement. The whole team has attended practice regularly and shown great keenness in the game.

As a final word we offer our congratulations to C. Dopson and A. Paillas, who have earned promotion to the Firsts.

K. J. A.

Third Eleven.

We have come through the first half of the season with marked success. All four matches have been won outright and, with only two to play, our lead in the Competition is unassailable.

Our success was due to a strong bowling attack and good, solid batting on the part of three or four members of the team, which was ably captained by Thatcher.

Bruen, Eastaway, Phillips, Skinner and Thatcher, all had fine bowling performances. The opposing sides only twice managed to score more than 50 runs. Phillips is to be specially commended for his hat-trick against Fort Street in their second innings. We were down in the first innings, and only a good bowling performance could have saved the game.

THE RECORD.

Phillips (average 72) and Smith (average 56) were the mainstay of the batting. Both scored a century in the match against Parramatta. Conroy and Thatcher did good service as opening bats. The fielding was very fair, though Phillips' medium-paced bowling did not always get the support it deserved. Smith, Phillips, Thatcher, Skinner and Crosthwaite (wicket-keeper) all brought off some fine catches, and Eastaway's ground-fielding was excellent.

Congratulations, third-graders, on your splendid victory!

Results.

S.H.S. (116) beat North Sydney (69 and 44) outright.

S.H.S. (115 and 0 for 1) beat Canterbury (42 and 73) outright.

S.H.S. (2 for 500, innings declared closed) beat Parramatta (42 and 29) outright.

S.H.S. (54 and 4 for 57) beat Fort Street (66 and 37) outright.

THE RECORD.

Fourth Eleven.

Fourth Grade, restricted to second and first year boys, has again a good team.

The games so far played have all been won. Against North Sydney our team scored 215, to which North Sydney replied with 37 and 112. The match against Canterbury was exciting. Canterbury, making 81, and our team 79, in the first innings. In the second innings, Canterbury made 62, leaving only 40 minutes for batting, but, by vigorous hitting, Scollney, Norrie and Walsh, knocked up 72 in 30 minutes and won the match.

Parramatta fielded a weak side. S.H.S. made 165 while the visitors made only 56 and 29.

Fort Street offered good resistance, but were lucky to stave off an outright defeat.

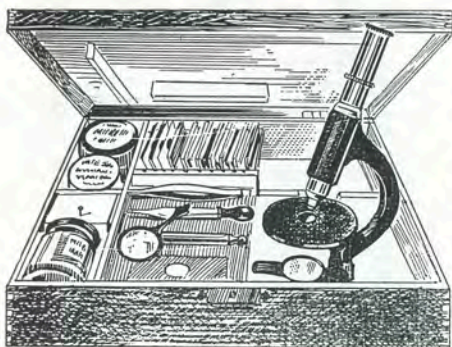

S.H.S. made 143, to which Fort Street replied with 100.

Walsh, Cawsey and Norrie knocked up 70 in quick time, and Fort Street had lost 7 for 37 when time was up.

S.H.S. leads with the loss of 2 points in a total of 32.

THE RECORD.

R. Cawsey, the Captain, has batted and bowled most consistently, making scores of 65, 56, 54, 38, 29, not out., and taking 7 wickets for 16, 7 for 21, etc.

Walsh, Scottney, Norrie, Rose have batted well, while Scottney and Norrie have also done some good bowling.

The fielding was good, and the 'keeping of Maclarn was excellent.

The regular practices on the School wickets have been most beneficial to the team.

*THE OPERATING BOX.
The machine (foreground)

was built on the School
premises this year.*

We have to report that this year has been most favourable in our policy of continual reorganisation and improvement of the projection equipment. The fact that Mr. Killip displays a keen, personal interest in the work has contributed in no small degree to its success.

On February 18 we commenced the year with "The Life of Christ," a colourtone film, before a large audience. Two films, "Rowing" and "S.H.S.," were shown to the rowers on February 27, the former clearly demonstrating the elementary technique of the art. With a gift of £1 from the Headmaster's Fund, the new projector (see above) was equipped with a lens. A full two-hour programme

THE RECORD.

of light films rounded off the term on May 7, and we showed a clear profit of £6/16/6—a School record. Rev. G. F. Cox lectured on "Biblical Archæology" on June 9, accompanied by slides. The following week, June 16, Rev. Dr. Lang, from Canada, gave an illustrated lecture on his home country—perhaps the best effort of the year in this direction. We are looking forward to many more illustrated lectures of this kind at the School in the future.

If finances permit, we hope to have a permanent "talkie" installation set up in place of the present obsolete silent equipment, when we shall be in a position to screen in our own School the latest "talkie" programmes. Projectioners: V. Turner, W. Stibbs, C. Radeski.

The examination of the Statement of Receipts and Expenditure of the P. & C. Association to the end of 1935, indicates that the sum of approximately £365 was raised and expended on behalf of the many items of equipment needed by the School. Of this amount the sum of £104/6/9 was raised at the fete held in October, and the balance mainly from the monthly dances. The main items on the Expenditure side of the Statement shows £110 for the upkeep of the Centennial Park Sportsground, £50 for Rowing, £29 for Cricket, £31 for Books, £28 for School Equipment, and £35 for Prizes. The Association was able to just cover its commitments, but very little was carried forward with which to commence the new year. Unfortunately, owing to the change of venue of the Head of the River Regatta, the Association was extremely disappointed with the attendance at the Annual Head of the River Dance, at which the attendance dropped from the usual 1,000 to about 500. The nett revenue from this function accordingly dropped from about £100 to somewhere in the region of £50. This set-back, at the beginning of the Association's year, was a matter of concern, and will necessitate a certain amount of thought and hard work to enable the Hon. Treasurer to make up the lee-way. Fortunately, the Market Day, organised by the ladies of the Association on the 12th of June, was a marked success, and undoubtedly saved the Officers of the Association from a good deal of worry in regard to the financial position, which, owing to the set-back with the Head of the River Dance, was looking anything but rosy. Although the position has been retrieved in some measure, it will be necessary for the Association to keep its shoulder to the wheel and to call for all the assistance it can possibly obtain, both from parents and boys, if the year's commitments are to be successfully met.

The Annual Meeting held in March brought one or two notable changes in the personnel of the Executive Committee. Mr. A. Horner, who had held the office of President for the past two years, retired and was superseded by Mr. H. B. Edwards, who became the Association's fourth President, his predecessors being the Rev. H. E. Hulmer, Mr. A. R. Sullivan, and Mr. A. Horner. It was with pleasure that the members learned that Mr. Horner was not severing his connection with the Association, and he was accordingly appointed to the office of Vice-President, together with Mr. A. R. Sullivan. The members of the Association were also delighted to welcome Mrs. G. T. Morton back

THE RECORD.

to the Executive Committee. Mrs. Morton was one of the Association's foundation members, and will, with her experience of Association matters, be a distinct acquisition to the Committee's ranks.

Perhaps the most pleasing feature of the Association's activities has been the enthusiasm and interest displayed by the new Headmaster and Mrs. Killip, who have already proved a tower of strength in the short time they have been connected with the School. The members of the Association are delighted with Mr. and Mrs. Killip's active interest, which can only become an added incentive, both to the parents and boys, to take that pride in the School which we all feel it so thoroughly deserves.

"POSTURE."

By "Pip Toc."

During the last medical examination of the students of the school, it was my privilege to be closely associated with the Medical Officer, Dr. Fluke. When I say "closely associated," I mean he was examining the boys whilst I was assisting them over the vaulting horse, but, during the breaks between periods, he would pass on some valuable information to me about the various types of lads—the postural deformities and other ailments.

Whilst admitting that the general tone of muscle was very good, there was a very large percentage of lads with a slight "scoliosis," that is a lateral curve in the dorsal or chest portion of the spine, and a compensating curve in the lumbar or waist portion of the spine.

Parents generally notice the defect when the young hopeful is trying on a new suit. They notice that he has a "droop" on one side. The doctor makes a closer examination. The subject stands with his heels together, the doctor looks to see if the shoulders are level, and then rules his finger down the vertebral column and, if there is a marked curvature, the tracing of his finger will denote the letter "S."

What then is the cause of the postural deformity? Many would be inclined to blame the carrying of heavy weights, such as books; but, from the personal observations of the medical officer, it was noticed that the main cause was the habitual standing position of boys at rest where the whole weight of the body was thrown on to one foot.

When dressing for your "gym." period next time, get your mate to throw all his weight on to one foot, and then you will be able to trace the letter "S" on his spine.

The constant adoption of this position will produce a fixed structural deformity, which will greatly interfere with the bodily function and health. On the shape of the spine and the sternum will depend the position of the vital organs of the body. If we have a fixed lateral curve in the dorsal region, it must follow that the heart and the lungs must

THE RECORD.

adopt a new position to correspond with the altered condition of the spine and sternum. It must also follow that they cannot perform their functions efficiently as when the body is in the ideal or correct position.

There are many other forms of physical deformity too numerous to mention in this short article, but in passing I would like to bring before your notice that all occupations, both in childhood and in later life, necessitate the forward bending of the body, and what the boy of to-day should safeguard against is the developing of a permanent "forward bent position."

The main characteristics of this position are the tilting of the pelvis, the hollowing of the lower back, the rounding of the upper back, forward slope of the neck, forward position of the head, flattened chest, winged shoulder blades, and the slack and prominent lower abdomen.

This physical deformity is generally brought about by prolonged periods of sitting and of inactivity during school life, and where such a tendency is not off-set by periods of vigorous exercises or activity, that stretch and straighten the body to its fullest extent, a structural deformity will set up, which will leave its impression firmly on the growing, plastic bodies.

SWIMMING REPORT.

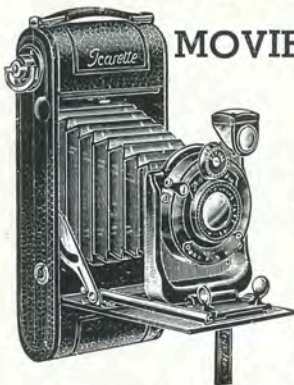

The Annual Swimming Carnival took place at the Drummoyne Baths on Friday, February 21. Although held so early in the year, numerous entries were received in all events of this popular fixture, and the racing was keen. The standard this year was good, although hardly up to that of 1932-33-34, when we had such champions as Ivo Wyatt, Stan Blyth, Reg. Clark, Robin Biddulph, and others in our ranks.

In the Senior Division, the outstanding swimmers were R. Higham, S. Bussell and R. Harris, the Cup being secured by Higham, who, in six races, won three, and was placed second on three occasions. In the Junior and Under 14 sections, best performances were given by D. Quinn and G. Walker (Juniors) and E. Levy, K. Cook and R. Smith (Under 14), Quinn winning the Junior and Levy the Under 14 Trophies.

Our representatives at the C.H.S. Carnival were fairly successful for, although we lost the Junior Shield, we were runners-up in the Senior Points Score and winners of the Under 14 Shield. The best performance by our swimmers at the Combined Carnival was that of E. Levy, who broke the record for the 33 Yards Breaststroke (Under 14) by $\frac{1}{2}$ of a second.

THE RECORD.

The organising of the Carnival was placed in the capable hands of Capt. W. G. Smith, who was ably assisted by members of the Committee. As a result, the Carnival was a great success. As usual, the Wednesday afternoon swimming classes were held at the Domain Baths throughout the season, and were very largely attended. We congratulate all boys who gained awards at the recent Life-saving Examinations, and we especially congratulate Mr. Black on the striking success which attended his efforts.

At the Scots' College Carnival, the School was a competitor in the G.P.S. Relay Race and, being represented by R. Higham, S. Bussell, G. Deithelm, K. Poulton and R. Harris, gained third place. We were also successful in winning the Relay at the Canterbury High School Carnival.

ANZAC DAY.

On Friday, 24th April, a School Assembly was held to commemorate Anzac Day. The Headmaster addressed the School on the significance of Anzac Day and the importance of it to us, quoting a poem by Masfield, on the landing at Gallipoli. He stressed the heroism and unselfishness of the men who gallantly stormed the heights of Gallipoli that April morning, twenty-one years ago.

A detachment of the newly-formed School Cadet Corps, under the Acting-Sergeant-Major, placed a wreath on the Honour Roll—containing the names of Old Boys of the School who fought in the Great War—and saluted it. The whole School then stood to attention while a drummer and bugler played the "Last Post." The School stood in silence for two minutes in memory of those soldiers who gave their lives in the Great War.

A wreath was placed later on the Anzac Memorial at the head of Anzac Parade by a detachment of Cadets, and the School Prefects, under the command of Captain W. G. Smith, who is the O.C. of the Cadet Company.

J. H. KILLIP, B.A., HEADMASTER.

It was with pleasure that the O.B.U. heard of the appointment of Mr. Killip as Headmaster of the S.H.S. in succession to Mr. McMullen, who had retired. Mr. Killip is well-known by many Old Boys, and his services to the School, and as Secretary to the Union, brought the O.B.U. in fairly close contact with him. We wish Mr. Killip a happy and successful headmastership and feel sure that the School will progress under his guidance.

FINANCE.

As Old Boys are well aware, the O.B.U. has financially assisted the School's sporting activities for many years. The rowing, sports-ground and dressing-shed commitments require over £300 per annum, as our contribution and this sum has to be raised.

Obviously, the annual subscription of 7/6 can only cover the running expenses of the Union and the cost of "The Records" posted to each financial member.

Throughout the year social activities are organised to raise funds for the School, but the O.B.U. has always depended on donations as its main source of revenue for its commitments. The situation is more serious now than of previous years. This has arisen as a result of the G.P.S. Regatta having been transferred to the Nepean, thereby causing the cessation of the revenue previously enjoyed by the O.B.U. from the sale of ferry tickets. Since the rowing was introduced at the School in 1924, the O.B.U. has spent approximately £2,500 on this activity. It has also spent some £1,300 on the McKay Sports-ground, besides instalments due on the dressing shed. However, the rowing records of the School, and the magnificent playing fields and dressing sheds now at the disposal of the School teams, fully justify the efforts of the O.B.U. and the other bodies concerned.

However, the fact remains that for this year and each future year in which the Regatta is held on the Nepean, the O.B.U. must finance the rowing by donations received from Old Boys and from the proceeds from social activities.

It is suggested that those Old Boys who cannot forward substantial donations, might forward £1 at the commencement of each year, which sum shall include membership for that year and a donation. Several Old Boys have adopted this custom, and if a sufficient number

31st ANNUAL DINNER.

The 31st Annual Dinner was held at the State Restaurant in December, 1935. This Annual Re-union is one which should be on the calendar of every Old Boy, as it brings old friends together in a convivial atmosphere. The toasts honoured were "The King;" "the Minister and Department of Education," proposed by Dr. O. A. Diethelm and responded to by Hon. D. H. Drummond, M.L.A., Minister for Education; "the School," proposed by the President, Dr. C. G. McDonald, and responded to by the Headmaster, Mr. F. McMullen; "the Old Boys' Union," proposed by Professor F. A. Todd and responded to by Mr. R. T. McKay; and "the Chairman," proposed by His Honour, Judge J. R. Nield.

The success of the Dinner was largely due to the efforts of Mr. McKay, who, as in previous years, went to considerable trouble to make the function a success.

Donations towards the Dinner Expenses were received from W. D. Schrader, R. W. May, and Dr. C. E. Winston.

2nd December, 1935.

Dear Mr. Wiedersehn,

Please convey to the President and Council of the S.H.S.O.B.U. my appreciation of the honour conferred on me by inviting me to be present at the 31st Annual Dinner on 5th December, 1935.

It is with regret that I must decline the kind invitation in consequence of increasing infirmities of old age.

Trusting that the function will be highly successful.

I am,

Yours sincerely,

LORD MAYOR OF SYDNEY.

The present Lord Mayor of Sydney, the Right Honourable Alderman A. Howie, M.L.C., is an Old Boy and a Patron of the O.B.U. for this year.

SOCIAL COMMITTEE ACTIVITIES.

The Social Committee has organised since the last issue of "The Record" the Sixth Annual Play presented by the Old Boys' Union.

"The Best People" was presented on Thursday, 12, Friday, 13, and Saturday, March 14, 1936, in the Great Hall at the School. The attendances this year were higher than those of any of the previous plays, which in itself is a tribute to those who worked so untiringly for its success. The presentation was also of a remarkably high standard, and was due to the excellent team-work of all those connected with the play.

The girls in the cast were Misses Patricia Southwell-Kelly, Gwen Geake, Jean Knight, Marion Johns and Dora Fullagar. To these girls who gave up their time to rehearsals for three months, the Old Boys' Union has conveyed its appreciation. Its thanks have also been conveyed to those girls who sold sweets and programmes on the nights of the play.

The Producer this year was Keith Cameron, an Old Boy himself, and the undoubted excellence of the presentation reflects great credit on his ability and work in this regard.

The male cast was comprised of Old Boys: W. S. Wright, L. Owens, W. N. Wiedersehn, T. Jones, F. I. Wootten, J. Ward, and H. H. Wiedersehn.

The other offices were filled by A. W. Horner, R. Kent (Stage Managers), B. L. Moses, R. Tobias (House Managers), J. Ward (Property Manager), and B. Bradley (Electrician). The School Prefects acted as ushers.

The organisation of the play was considerably assisted by the co-operation of Mr. E. Bembrick, who organised sales at the School, by the officers and members of the Parents and Citizens' Association, who organised a large party; by Bear & Co., Ltd., who loaned furniture and carpets; by T. Evans, who loaned electrical equipment; and other firms who loaned properties and equipment.

H. Conway and his colleagues also assisted as usual by providing an excellent orchestra.

The financial result of the play was most encouraging, and our thanks are due to those who attended and who, whilst having a most enjoyable evening, were also materially assisting the School. In March, 1936, it is proposed to hold the Seventh Annual Play, and those wishing to play or assist should inform the Honorary Secretary.

THE RECORD.

Regatta Night Dance, 18th April.

On G.P.S. Regatta Night the Council of the Old Boys' Unions of the Great Public Schools held its Fourth Annual Combined Regatta Dance at David Jones' Ballroom. The Old Boys' Union once again heartily co-operated and the function was as successful as previous similar functions. This happy function, like the Combined G.P.S. Dance on the night of the G.P.S. Athletic Meeting, is looked forward to by Old Boys.

Dance at the School, 23rd May.

The Social Committee organised a dance at the School on Saturday, 23rd May, and introduced a cabaret touch. This made the function much more congenial and happy, and in all probability a similar function will be held at an early date. Our thanks are due to Miss Jessie Cameron for her work for this function.

Annual Chocolate and Blue Ball, 9th July.

At the time of going to print, the organisation of the Annual Ball is progressing satisfactorily, and this—the most important function of the Old Boys' Union year—is to be held at Hordern Bros.' Florentine Ballroom.

Any Old Boy who is willing to work on the Social Committee is cordially invited to ring, or write, to the Honorary Secretary.

ANNUAL CRICKET MATCH.

The Annual Cricket Match against the School XI. was played at the McKay Sportsground on Tuesday, 10th December, 1935, and resulted in a draw.

The Old Boys' Union team was comprised of:—

S. Burt (Captain), R. Hill, A. Bombelli, G. Williams, K. McCredie, V. Bamford, J. W. Austin, H. Jeannerette, E. Pye, H. Hardy, and R. Grover.

The scores were: O.B.U., 179; S.H.S., 9 for 176.

O.B.U. ROWING REPORT, 1936.

This year saw quite a number of changes, the most important being the change of venue for the Regatta. The Nepean River at Penrith, which had been mooted for many years in some quarters as the best course for the G.P.S. "Head of the River," came into its own, and the historic old Parramatta has had to abdicate for one year at least. This fact was announced late in 1935, and immediately caused consternation in many sources, one of which was this Union. Not only did it mean that many former pupils and supporters of the School would be denied the opportunity of being present at the Regatta, owing to the many inconveniences of reaching the new course, but it also wiped out at one blow the means of financing the Old Boys' Union's share of the School's rowing expenses, which are considerable. As is well-known, it was the practice of this Union, in company with other O.B.U.'s of the G.P.S., to charter ferries from which their members could view the Regatta, the proceeds of same being devoted to the rowing expenses of their Schools. This cutting-off of the source of revenue could not have come at a worse time, as the commitments of the O.B.U. have been particularly heavy the last few years, and the expenses of the rowing will have to be met from other sources already overstrained.

For the first time since 1928, all of the School crews trained from the one camp—Drummoyne Rowing Shed. This lightened the burden of providing supervisors to control the camp, as only one supervisor was necessary, where two were before. Even so, it was only with great difficulty that the roster was maintained, and the burden was borne by only a few. Old Boys, particularly Old Boy rowers, who know what is required, should be only too willing to come forward and assist in this direction. It is felt that good supervision of the camps is just as essential as good coaching, if successful results are to be obtained. The School has always had good coaching, and Old Boys should ensure that plenty of good supervisors are available, otherwise success in the Regatta is impossible. The duties are not difficult—briefly, they are to watch the discipline of the camp and to see that any regulations made are observed. We desire to congratulate

the School on the greatly improved appearance of the crews, both during practice and the actual races. The new costume, with sky-blue dominant, is much neater and cleaner-looking, and is quite distinctive. The innovation of the crews having a uniform practice costume in the School colours is also greatly to be commended.

The Rowing Sub-committee heartily congratulates the Rowing Master, W. E. Cummings, Esq., on his untiring whole-hearted energy and the splendid organisation for which he was responsible, both at School, Drummoyne and Penrith. No one could have done more to further the interests of the School rowing than this gentleman, and the School is more than fortunate in having someone of his calibre for this very important duty, which is, without doubt, the most demanding of any of the honorary duties associated with the School.

To these gentlemen—our coaches, W. E. Livingstone (VIII.), and D. J. Duffy (Second, Third and Fourth Fours), and H. M. Nichols (First Four), who give up so much of their time and skill to ensure that the School crews are worthy representatives—we express our sincere thanks.

Also, as usual, our thanks are due to Drs. G. A. Hardwicke and C. E. Winston, who once again acted as Honorary Doctors to the Rowing Club and thoroughly examined all aspirants for rowing honours, as well as attending to training ailments.

To the Supervisors, J. Chapman, R. McKinnon, Dr. C. E. Hughes, J. D. Thompson, P. Wallis, K. Milner, to all those who contributed, through the O.B.U., to the rowers' comfort and welfare by practical gifts, help and donations, the O.B.U. wishes to tender its thanks.

The O.B.U. extends their heartiest congratulations to S.J.C. on their magnificent wins in VIII. and 1st IV., and to Shore in 2nd IV. To our own crews we desire to express our appreciation of their efforts manfully made.

DESMOND J. DUFFY,

Chairman, O.B.U. Rowing Sub-committee.

RETIREMENT INCOME PLAN

providing an Annual Income
for 10, 15, 20 or 25 years
after reaching a selected age.

Life Assurance stood up to the depression in a way far surpassing that of any other form of investment, and, because it is scientifically sound, furnishes the safest and best means to make this provision.

When commenced at an early age, the instalments each year are comparatively small, while in the event of death the capital sum or balance of the income (as the case may be) immediately becomes payable.
