Bow, F. BROWN (10.0); 2, J. BRADY (10.12); 3, B. DENNISON (10.1); 4, R. NOTT (10.3); 5, T. STEVENS (11.9); 6, E. GORDON (10.10); 7, D. FREEMAN (11.0); Stroke, F. SMITH (11.8); Cox, T. KELLY (8.0), (Coach, F. M. NICHOLS, Esq.).

HONOURS

OLD BOYS ON ACTIVE SERVICE

The O.B.U. has been officially advised that the following Old Boys have enlisted since the last issue of *The Record*. Their last year at School is included where possible:—

Alldis, Rosslyn F. (1934)	Ochert, Nathan (1932)
Barden, Roy S. (1933)	Owen, Francis S. (1937)
Eosgard, A., A.I.F. (1931)	Peel, E., A.I.F. (1925)
Boughton, J., A.I.F. (1930)	Porter, L., A.I.F. (1920)
Douglas, D. L. G.	Quinlan, J. W., A.I.F. (1928)
Duguid, James (1936)	Ridley, Lance, R.A.N.
Edelston-Pope, R., A.I.F. (1924)	Rodgers, C. A., A.I.F. (1927)
Erskine, D. B., A.I.F.	Rose, Maxwell N. (1932)
Hardwicke, Dr. G. A. (1919)	Southwell-Keely, T., A.I.F. (1925)
Hunter, F. A., A.I.F.	Taylor, Dr. H. B.
Hutchinson, L. T., R.A.A.F.	Tressider, Robert L. (1931)
Hutchinson, N. A., R.A.N.	Vidal, Edward E. S. (1937)
Kent, Gordon R. (1934)	Webb, E., R.A.A.F. (1932)
Langmead, Raymond F. (1938)	Weidersehn, H. H., A.I.F. (1925)
Milliken, E. C., A.I.F. (1925)	Weidersehn, W. N., A.I.F. (1930)
Morrison, Harold R. (1932)	White, R., R.A.A.F. (1931)
Mosher, Kenneth G. (1930)	Wootten, Frederick I. (1932)
Nix, Lionel F. (1931)	
O'Donnell, S., R.A.A.F.	

ENLISTMENTS FOR ACTIVE SERVICE

In addition to the list published in *The Record*, November, 1940, we publish below a second list of Old Boys who have enlisted for Active Service with the forces. Some are serving with the Royal Australian Navy, and some on special duty with the Royal Navy. Many others are in the R.A.A.F., and in many fighting and technical units of the A.I.F. The information is incomplete, and the Headmaster will welcome any corrections or additional information, giving particulars of units and regimental numbers. The last year at the School is indicated after each name.

Keith Alderton (1931)	George Burniston (1933)
F. C. Bennett (1934)	Alan R. Callaway (1935)
J. W. Bennett (1923)	Wilfred C. Calf (1932)
Charles G. Berrey	Arthur C. Campling (1938)
Adrian V. Browne (1935)	David Chaffey (1936)
Roderick S. Buchanan (1925)	Ross C. Chambers (1938)

THE RECORD

Archibald M. Clark (1936)	Leslie New (1936)
Philip R. Davenport (1934)	Robert S. Nielsen (1937)
Oliver A. W. Daines (1927)	Edward N. Nettleship (1933)
Victor L. Dearman (1931)	Robert G. Pepperday (1933)
Gordon Duff	Lance F. Ridley (1939)
Gerald Falk (1935)	Jack H. Roden (1937)
Harold V. Freckelton (1932)	Sidney W. Royall (1937)
Charles B. Gaden (1934)	Bruce W. Royall (1938)
Ian S. Gordon (1933)	A. R. Rowe
Harold R. J. Hanbidge (1933)	Thomas H. Ryan (1934)
Colin D. Hancox (1930)	John E. Sandilands (1940)
Peter Hardacre (1937)	Alexander A. Scally (1936)
Frank T. Henderson (1931)	William B. Sims (1936)
John A. Hilbery (1936)	Major George G. L. Stening
Edmund F. Hunt (1938)	(1921)
Richard Hudson (1937)	Surgeon-Lt. Malcolm J. L. Stening
Frank A. Hunter (1929)	(1929)
Lindsay Hutchison (1934)	Surgeon-Lt. Samuel E. L. Stening
Lionel Hutchison (1934)	(1926)
Dudlev J. Ireland (1933)	Capt. Warwick S. L. Stening
Donald R. Jackson (1932)	(1931)
Clifford J. Jones (1934)	William A. Stewart (1934)
Thomas P. Jordan (1938)	Harry Stirk (1933)
Lt.-Col. William E. Kay (1906)	A. R. Thorburn (1934)
Gordon Keesing	Cyril Thomas (1940)
Ralph G. Longmuir (1938)	John H. Tonkin (1918)
Francis R. Martin (1935)	Claude P. W. Trickett (1931)
John E. Martin (1932)	Reginald Torrington (1937)
Lt.-Col. C. G. McDonald (1910)	Albert E. Trevenen (1928)
A. McGuinness (1928)	Malcolm S. Walker (1933)
Donald F. McKinnon (1932)	John Wright (1939)
Raymond J. Murphy (1930)	

School Directory

Headmaster: J. H. Killip, Esq., B.A.

Deputy-Headmaster: P. W. Hallett, Esq., B.A.

Teaching Staff:

English and History: F. A. Elgar, M.A. (Master), K. J. Andrews, B.A., W. E. Gollan, B.A., J. W. Greaves, M.A., L.C.P., F.R.Hist.S., J. E. Hagan, B.A., T. B. Ingram, B.A., M. T. Lynch, M.A., Dip.Ed., J. S. Rae, B.A., Dip.Ed., L. M. Walsh, B.A.

Classics: R. H. Paynter, M.A. (Master), E. Bembrick, B.A., Dip.Ed., H. J. Brayden, B.A., F. J. Hanly, B.A., Dip.Ed., E. P. Patterson, B.A., Dip.Ed.

Modern Languages: D. R. Blake-more, B.A., Dip. Mod. Lang. (Master), H. Edmunds, B.A., Dip. Mod. Lang., K. H. Hartley, M.A. (Syd.), Docteur de l'Université de Paris, R. Jerrems, B.A., R. E. Mobbs, B.A., Dip.Ed., L. T. Pearce, B.A.

Mathematics: P. W. Hallett, B.A. (Master), H. C. Allen, B.Sc., Dip.-Ed., C. H. Black, B.Sc., Dip.Ed., W. E. Cummings, B.A., Dip.Ed., E. G. S. Evans, B.A., R. W. Hundt, B.Sc., Dip.Ed., H. L. Watkins, B.A., C. E. Witheford, B.Sc., Dip.Ed.

Science: W. H. Edmunds, B.A. (Master), L. A. Basser, B.Sc., Dip.Ed., B. T. Dunlop, B.Sc., T. A. Pearson, B.Sc., J. R. Towns, A.S.T.C.

Commercial: O. S. Smith, Dip.Ec., O. A. Taylor, B.A., B.Ec.

Music: J. Dabron.

Physical Culture: Lieut. W. J. Aca-son (Major R. K. Wilthew, on leave).

District Counsellor: P. Klineberg, B.A.

School Counsellor: Hugh Campbell, B.Ec.

Captain of School: N. McInnes.

Vice-Captain: Paul Smith.

Prefects: J. Beveridge, R. Dethick, B. Flashman, D. Freeman, B. Gordon, G. Harrison, A. Howell, R. Howell, R. Nott, C. Parsonage.

Union Committee:

President: The Headmaster.

Vice-Presidents: The Deputy-Head-master and O. S. Smith, Esq.

Secretary: E. Bembrick, Esq.

Assistant Secretary: John Dexter.

Treasurer: O. A. Taylor, Esq.

Hon. Auditors: H. L. Watkins, Esq., E. G. S. Evans, Esq.

Sports Master: E. P. Patterson, Esq.

O.B.U. Representative: N. McInnes.

Year Representatives:

5th Year: N. McInnes.

4th Year: S. Riley.

3rd Year: K. Burley.

YOUTH AND THE FUTURE

For the second time in thirty years the British Empire is at war. For the second time in the lives of our fathers we are facing the gravest peril: an ordeal which means that should we not be victorious, our cherished ideals of happiness and liberty will be trampled in the dust.

To-day, as we look out upon a world riven into two armed camps, we wonder at the future and what Fate has in store for us. We wonder if the British Empire, unconquered in four hundred years, will weather the storm, and if we can stand steadfastly against the forces of evil and oppression. We await our destiny, and that destiny is in the hands of the youth of to-day—the leaders of to-morrow.

Wars are not won in a day. It may take years before the last shot is fired, the ultimate peace attained, and before the world is a better place in which to live. And for the maturing generation, the war will not end there, for years of reconstruction must occur, and countless millions of pounds must be spent before the world returns to normal, whenever this far-distant date may be.

The world's leaders are old. They will have run their span when peace again holds sway. New leaders, to whom the world's destiny will be entrusted, will come to the fore—the youth of to-day.

But there are other fields wherein the torch must seek new bearers. In the realms of science there must be found astronomers to map out our position in space and time, chemists to create new amenities for humanity, medical men to better the nations' health. Great events lie ahead.

A great trust is passing on. To a war-weary and despoiled world there must arise the cream of a newer, happier generation—able leaders to guide the wavering nations to a salvation hitherto undreamed of.

The torch set burning in the far distant past will be borne by the present youth. It has been borne well in other ages, and it will be borne well in the future.

It must not go out—it will not go out!

W. J. WILLIAMS (4A).

OBITUARY

Leading Aircraftman Ian Samuel Gordon

Having enlisted in September, 1940, Leading Aircraftman Gordon (aged 23) subsequently became involved in a crash near Wagga, when he and Pilot-Officer Dodgshun (aged 20) were both killed. They were attached to No. 2 Service Flying Training School, Wagga.

Leading Aircraftman Gordon formerly lived at Manly, and was an accountant. He received his initial training at Bradfield Park, his elementary training at Mascot, and then went on to Wagga. He was educated at Sydney High School.

Flight-Lieutenant Charles Burton Gaden

The School mourns the death of Flight-Lieutenant Charles Burton Gaden, who was killed in action while fighting with a squadron of the Royal Australian Air Force in the Western Desert of Egypt on 13th December, 1940. He passed the Leaving Certificate examination in 1934, and took his B.Sc. degree at Sydney University before enlisting in the R.A.A.F.

C. R. Smith, M.A.

We regret to record the passing of C. R. Smith, M.A., who was Headmaster of Sydney High School from 1919 to 1924. He died on 10th June, 1941.

After serving in the Department of Education for 42 years, the late W. Smith retired at the end of 1924. Born in the Orkney Islands, and educated at Aberdeen University, he arrived in Sydney in 1883, and joined the teaching service. After experiences in both city and country schools, he was promoted to the Headmastership of Sydney High in 1919.

The Record, December, 1914, stated that "the remarkable scholastic success gained by the School in the last six years, during his régime, is the monument and record of his influence. The love and esteem felt by the boys towards him is the outcome of his never-varying straightforward and manly method of dealing with them."

C. E. George, M.A.

We also regret the passing of C. E. George, M.A., who was Master of Mathematics from 1913 to 1926, and who was Mr. Hallett's predecessor as head of the Mathematics Department.

ON ACTIVE SERVICE

The medical profession is well represented among Old Boys of the School. A striking tribute to the Stening family is indicated in the list published in this issue. Four brothers, all doctors and Old Boys, are serving with the forces, Major George Stening and Captain Warwick Stening in the A.I.F., and Surgeon-Lieutenants Malcolm Stening and Sam Stening in the Navy.

We regret to learn from a recent casualty list that Lt.-Col. William E. Kay, D.S.O., V.D., a well-known Sydney doctor and Old Boy of the School, serving with an Australian General Hospital abroad, was severely wounded and left behind in Greece.

The Headmaster has had several letters from Rolf Born, Bob Grey and Eric Longley, the two first-named in the Middle East, and Eric on a new destroyer in the North Sea. Referring to January patrol, Eric writes: "At present I am learning rapidly of the hardships to be found in the North Sea, of persistent and overwhelming *mal-de-mer*, of the bitter cold, biting, buffeting wind, the snow and the sleet which all arrive daily. Actually, the risks of war are the least trying of all."

Rolf Born was in the battles for Bardia and Tobruk earlier in the year, and gave an interesting account of his experiences.

PERSONAL

Mr. F. A. Elgar, M.A., has resumed his position as Master of the English Department after being for a period of fourteen months in charge of the Fort Street Annexe.

Mr. A. W. Stephens, M.A., *Dip.Ed.*, has been transferred to Armidale High School as Deputy-Headmaster.

Mr. R. F. Goode, B.A., was appointed to a similar position at Inverell High.

Mr. H. C. Allen, B.Sc., *Dip.Ed.*, from Bowral High, has joined the Mathematics Staff.

Mr. R. W. Hundt, B.Sc., *Dip.Ed.*, from Canberra High, has also joined the Mathematics Staff.

Mr. W. E. Gollan, B.A., was transferred from Cessnock High to the English Staff.

THE RECORD

Mr. L. G. Thompson, from Macksville Public School, has been appointed Teacher of Technical Drawing.

Mr. Hugh Campbell, *B.Ec.*, from Parkes High, is the School Counsellor, Mr. P. Klineberg, *B.A.*, still holding his position as District Counsellor.

Mr. J. W. Greaves, *M.A.*, has been appointed as Careers Master. He is still a member of the English Staff.

Lieutenant W. J. Acason is now in charge of Physical Culture, having recently lectured in Physical Education at the Teachers' College.

We congratulate Major R. K. Wilthew on his promotion. He has resigned command of the School Cadets, and is now Chief Staff Officer for training of Home Defence Forces, and has taken up duty at Victoria Barracks.

Messrs. M. T. Lynch and R. E. Mobbs are now in charge of the School Cadets, and have received their appointments as Lieutenants, Mr. Lynch being *O.C.*, and Mr. Mobbs, *2I/C.* Lieutenant W. J. Acason is rendering valuable assistance in training the Corps.

R. Blake

The Record has sustained a serious loss in Richard Blake's graduation to the University of Sydney, where he has entered the Faculty of Science.

His work on the School journal was outstanding. His scientific contributions were enterprising and interesting, whilst as a photographer he revealed initiative and ability. He enabled *The Record* to publish some clever and attractive pictures during his sojourn here, for which we take this opportunity to thank him.

John Wright (1939) has joined the R.A.A.F., and is now in Ballarat, Victoria, where he is to study wireless telegraphy for 10 months.

Headmaster's Appeal

The annual appeal by the Headmaster for subscriptions or donations to the Parents & Citizens' Association has resulted to date in 342 parents contributing £89/2/-. It is expected that a reminder letter to be sent out shortly will bring an even more satisfactory response.

THE RECORD

Some members of the Ladies' Auxiliary have formed a Comforts Fund Group, and despatched small parcels to Old Boys serving overseas. In some cases, these parcels have been delivered in advanced areas, where they are much appreciated. The latest acknowledgment (6th June) came from Philip Bodley in an advanced area of the western desert, and the parcel arrived at a time when he had had no mail for some time.

SIR PERCIVAL MADSEN

We congratulate Sir Percival Madsen on the distinction of having a Knighthood conferred on him during Birthday Honours, 1941.

Captain of Sydney High in 1896, he was later associated with the scientific section of the British War Office in the development of Radio Detection.

JOHN PAUL QUINN

The Record notes with pleasure the appointment of Mr. Quinn to the Australian Legation to China.

After a distinguished pass at the Leaving Certificate, when he secured First-Class Honours in French and German, Second-Class Honours in Latin, and a medal presented by the French Government for the French essay, and the Lithgow Scholarship No. 1, Mr. Quinn left Sydney High for the University. During the course there he won the Garton Scholarship No. 1 for French and German at the end of First Year, and also the same scholarship No. 2 at the end of Second Year. Graduating in 1938 as Bachelor of Arts, a brilliant academic record was complete with First-Class Honours in French, and the University Medal, First-Class Honours in German, and a Travelling Scholarship from the French Government.

Mr. Quinn, of the Department of External Affairs, will have the status of Third Secretary to the Australian Minister to China, Sir Frederick Eggleston.

THE SCHOOL CAPTAIN

Neil McInnes has joined the illustrious and select ranks of Captains of the School. His scholastic and sporting record bears comparison with any of the past, tempered as it is with the finest school and team spirit.

In 1940, he distinguished himself in Second Grade C.H.S. and G.P.S. football, besides being a prominent member and prolific point-scorer of the Junior C.H.S. athletic team. His remarkable *sang-froid* on the public platform is attributable to his debating skill, representing, as he did, in the victorious team that regained the coveted "Hume

THE RECORD

Barbour" trophy, while this year he has added rowing to his list of sports.

His scholastic record is as creditable, if not as striking, as his achievements upon the sporting field. As a student, he has invariably received a reward for his efforts on Speech Day, and last year succeeded in carrying off the English prize. The confidence with which he is regarded by others is demonstrated in his selection as Assistant Secretary to the School Union, and appointment to the coveted post of Librarian.

No Captain in the memory of those at present attending the School has been blessed with such a happy combination of sportsmanship, scholastic ability and eloquence.

W.B.H.

57th ANNUAL SPEECH DAY

12th December, 1940

In the words of the Chairman (Mr. K. R. Cramp, O.B.E., M.A.), "musical refreshment"—dispensed by the School Choir under the direction of Mr. J. Dabron—preceded some interesting speeches, notably those of the Chairman himself and Mr. O. D. A. Oberg, the latter presenting most of the prizes.

Other speakers who also presented special prizes were: Mr. R. S. Betty (P. & C. prizes for General Proficiency), Dr. G. A. Hardwicke (O.B.U. prize to the School Captain), Mr. G. C. Saxby (J. and E. Saxby prize to W. B. Howell), and Mr. H. C. Wilson (Master, Lodge S.H.S.), who presented the Fourth Year prize for Merit to N. D. McInnes.

The Headmaster (Mr. J. H. Killip) outlined in his comprehensive report a year of splendid achievement and progress. With a view to eliminating much detail from the Annual Report, the following summary was circulated amongst the audience for general information:

Enrolment

Gross, 873. At the end of Second Term, 822, divided into 23 classes.

Distribution—Years 1-3, 474; Years 4-5, 348.

Average Size of Classes—1st Year, 42; 2nd, 36; 3rd, 41; 4th, 34; 5th, 30.

Examination Results

1939 LEAVING CERTIFICATE—107 passes with 41 first-class Honours, 34 second-class, 9 University Bursaries, 21 University Exhibitions.

Garton Scholarship III for French won by R. J. Thomson (*aeq.*).

THE RECORD

Lithgow Scholarship 1 for German shared by R. J. Thomson and J. H. Wootten.

Of six first-class Honours awarded in German, four were gained by S.H.S. boys.

Shakespeare Society's Prize for English.

INTERMEDIATE CERTIFICATE—192 passes.

G. Harrison won *Parkes Bursary* for the best aggregate in seven subjects.

A. Howell won *Shakespeare Society Prize.*

Nine boys gained "A" passes in all subjects (two with 8 A's, seven with 7 A's), and eleven others 6 A's and one B.

Sport

Results of Competitions—High School Competitions only.

Cricket—1st XI, third; 3rd XI, Premiers.

Football—1st XV, third; 2nd XV, third; 5th and 6th Grades, Premiers. Champion School on aggregate points.

Athletics—Won Senior and Junior Championships, and also The Aggregate.

Rowing—The "Eight" second to Sydney Grammar School.

Life-Saving—270 awards, including four Awards of Merit, 14 Australian Bronze Crosses, and 19 Instructors' Certificates.

Debating—Won Hume Barbour Trophy for Inter-High School Competition.

The School Captain (E. R. Loton) proposed a vote of thanks to "Our Visitors," and the function terminated with the National Anthem.

Pilot-Officer Tom Gilderthorp, of the Royal Air Force, is back again on operational duty after a spell of duty as Instructor at an R.A.F. School in England.

Sergeant Stanley Wick (formerly of the School staff) has been posted as missing.

Ex-students Philip Bodley, John Duffy and Robert Grey, of the A.I.F., have passed safely through the Greek campaign, and have returned probably to Egypt or to Palestine. Duffy (L.C., 1940) sent a cheerio call recently over the Radio Session (2FC) to all friends in Australia.

SYDNEY HIGH SCHOOL UNION

Annual General Meeting, Friday, 7th February

The Minutes of the 1940 meeting having been read by the Assistant Secretary (Neil McInnes), Mr. E. Bembrick presented the Secretary's Annual Report for 1940. The aggregate funds passing through the books had been a record, and had amounted to more than £4,000, including £1,500 for various war funds. Major disbursements represented expenditure on G.P.S. and High School Sports, Rowing, and the two issues of *The Record*. Sale of War Savings Certificates had amounted to £1,221.

The Honorary Treasurer (Mr. O. Taylor) submitted his Balance Sheet for the year, and gave an interesting outline regarding Union and Trust Accounts.

The Headmaster, in moving the adoption of the Secretary's Report and Balance Sheet, paid a tribute to the officers of the School Union. As Mr. Patterson had reported an increased cost of sports' material amounting to 15 per cent., additional care of stock was necessary.

The Deputy-Headmaster, in seconding the adoption of the documents, expressed his pleasure, stating that the turnover of £4,000 spoke volumes for the work of the Secretary and Treasurer.

Neil McInnes, retiring Assistant Secretary and Captain for 1941, stated that it was good to realise that "High" was more than a School, in that it was also a business concern. He assured the officers of his assistance during the year in helping the Union.

The Reports were carried by acclamation.

Officers Elected for 1941

President—The Headmaster.

Vice-Presidents—The Deputy-Headmaster and Mr. O. S. Smith

Honorary Secretary—Mr. E. Bembrick.

Honorary Treasurer—Mr. O. A. Taylor.

Honorary Auditors—Messrs. H. L. Watkins and E. G. S. Evans.

Assistant Honorary Secretary—John Dexter (4A).

SCHOOL NOTES

The Headmaster's Announcements

The water colours on display at the rear of the Assembly Hall were on loan for a month, which represented an extension of time. An inspection by pupils was invited during recesses.

Centennial Park. Pupils were instructed to respect the regulations governing the trees and birds of that great park. Conduct should be of the same standard as that exhibited in our own grounds. Decorum was also required whilst travelling in public vehicles.

COMMEMORATION OF ANZAC DAY

Thursday, 24th April

The devotional note of last year's ceremony was repeated this year. The solemnity of the entry of drummers and buglers from the rear of the hall, and the slow march, with muffled roll of drums, towards the dais, was sustained by hymn, Paternoster, "Last Post," "Reveille," and Kipling's "Recessional."

The Headmaster, in his address, stated that as a united staff and school, they commemorated Anzac Day. Recalling distinguished Old Boys on Active Service, he referred especially to the gallantry of Pilot-Officer Lockley, Lieut.-Colonel Archie Cunningham, and Lieut.-Aircraftman Ian Gordon.

Lieut. Bradley placed a laurel wreath on the Honour Board, and the assembled school, facing the leafy tribute, re-echoed the words, "Lest We Forget!"

The Choir, under the direction of Mr. J. Dabron, sang an appropriate Requiem, "Sleep, Soldier, Sleep"—

*"For you are done with war and fear,
Your memory to us is dear,
... Rest, Soldier, gently rest."*

The tragedy of democratic Greece at the moment in losing her independence after 112 years, and the brilliant rear-guard action fought by the Greeks, British and 1941 Anzacs, contributed a dramatic, if poignant, note to this year's commemoration of Anzac Day.

SHAKESPEARE PRIZE, 1940

Amongst the successful candidates for this prize was John L. Harper, of 3A, who won the Intermediate prize.

CORRESPONDENCE

The Editor,
The Record,
Sydney High School,
Sydney, N.S.W.

Willow Park,
St. George, Queensland,
23rd November, 1940.

AN APPRECIATION.

Dear Sir,

I was deeply moved and grieved to read in *Sydney Bulletin*, of November 20, of the death of dear old "Wallie" Moore. Wallie Moore will be grieved by all High School boys who sat under him, all the world over.

He was more than a teacher to us; he was a friend, and took an interest in us after we had passed on from school. On my visits to

THE RECORD

Sydney I always made contact with him, and spent many happy hours with him, and he was always intensely interested in my welfare.

Vale, Wallie! Best of teachers and friend!

Yours faithfully,

MALCOLM MOORE.

MUSIC SOCIETY

The Music Society continued its activities this year under the presidency of E. Foulkes. Several classical recitals were held, among the highlights being Beethoven's Seventh and Sixth Symphonies. The attendances were good, but room for more devotees could have been found.

The Society hopes to produce a concert later in the year, drawing on the great amount of talent which is in the School.

Parties of boys attended several most enjoyable concerts at the Conservatorium of Music.

Members of the School wishing to participate in any of the activities of the Society should get in touch with the undersigned, or with the President.

P. WOLFERS, *Secretary*.

DEBATING REPORT

Meetings of the Debating Society have been regularly held in Room 13 during the year, and though we cannot, as yet, congratulate ourselves on an extensive membership, new talent has been revealed, especially among new First and Fourth Year arrivals, that augurs well for the future.

The proximity of the debating season reminds us that we are holders of the coveted "Hume Barbour" trophy, and, as such, are anxious to retain the distinction.

Two members of last year's winning team—H. Harris and N. McInnes—remain with us, and competition is exceptionally keen for the remaining position.

The first G.P.S. debate was scheduled for June 13, while June 20 was the date fixed for the first of the "Hume Barbour" series.

A successful season is hoped for, though the Society should welcome an increase in attendance so that the burden upon the shoulders of the faithful few might thereby be lightened.

W. B. HOWELL, *Secretary*.

FAREWELL TO SENIOR INSPECTOR K. R. CRAMP

Friday, 30th May

During the Annual Inspection of the School, Mr. Killip introduced Mr. Cramp to the staff at morning recess, and announced his retirement late during the year. Mr. Killip, in expressing his regret, extended his good wishes for a happy and profitable period of leisure.

Mr. Hallett (Deputy-Headmaster) recalled his long association with Mr. Cramp from his boyhood days, and also subsequently when both entered Training College, the former as Student, and the latter as Lecturer.

Mr. Elgar (Master of the English Department) traced Mr. Cramp's career, with special reference to his association with the Royal Historical Society, and to the Order of the British Empire with which he had been honoured. Mr. Cramp, concluded Mr. Elgar, would leave the Department honoured as a scholar and a gentleman.

Mr. Cramp, in reply, spoke intimately about his career, his plans, and his contact with the staff, especially the teachers of English and History. Like the late Dame Nellie Melba, he was enjoying a series of farewells, the first having taken place twelve months ago, and he still had some months in hand.

Having expressed his appreciation of High's farewell, work was resumed by all, including Mr. Cramp.

PHYSICAL EDUCATION

While our Empire is daily becoming more involved in the greatest crisis of its history, attention is focussed more forcibly than ever on physical fitness.

The National Fitness Act in England has not only fostered a return to higher physical standards there, but it has spread inspiration throughout the Empire. As an instrument, its operation has done more in four years to build and preserve the morale of the people and to develop the Fighting Forces of the Empire, than similar measures in other countries have accomplished in a quarter of a century.

It is the aim of the Physical Training Staff in this School to follow—and we may even hope to lead—in the principles which the Act has evolved.

This means steering a course between two extremes: one is the old-fashioned and empirical method of teaching physical jerks; the other, the danger of whittling away valuable time in frolic and play. Gone are the days when a few formal exercises made the "sum total" of physical training. Gone are the days when we placed sublime trust in the value of games to steel and temper a nation for the rigours and strain of war.

THE RECORD

We pay tribute to the provision of two periods a week instead of one. We look forward to the time when we will have three periods to compensate for the fifteen minutes this subject loses in each lesson through dressing.

The gymnasium staff have interviewed every boy, and any particulars which may have a bearing on his exercise are entered on his card. When he leaves the School this record will augment the usual School records. This card system reveals cases where strenuous exercise is unwise, and every case where doubt existed has been referred to the School Medical Officer, whose advice has been acted on.

Special exercises of a remedial nature can be of immense help to boys suffering from many kinds of physical defects—especially postural troubles. Assistance is rendered to these cases by the formation of a special class conducted after school. There is ample evidence to show where a little extra attention has made a profound influence on a boy's outlook on life, and, we hope, his prospects.

One cannot escape feeling some insufficiency in a system which allows a boy to spend five years in a High School with regular instruction in physical education, and then to leave with but a meagre knowledge of his body and how it works. This situation has been met by the provision of a short course on elementary anatomy and physiology, and the historical background of physical education which will, in future, form part of the gymnastics for Fourth Year students.

Another venture intended to enhance the interest and productivity of Physical Education is the introduction of certain physical tests. Nearly every boy in the School has been timed over a sprint of 100 yards and a mile run; his success at a high jump has also been recorded. It is only a small start; but we hope to unearth latent and unsuspected talent. These records will supplement the card system referred to above.

Some instruction in boxing and wrestling is included in the curriculum, and practice in resuscitation methods.

In order to encourage pupils who are enthusiasts, a special class is held after school for more advanced work, and we hope to see some of these lads in action when displays are required.

The aim of Physical Education to-day is not the development of muscular power, but rather to train for a high degree of co-ordination between mind and muscle—*i.e.*, the ability to think and act quickly and clearly. This must be accompanied with a strict sense of discipline—that means self-discipline—which, in the long run, is indispensable to any useful service.

W. J. ACASON.

RE-PRINTED FROM "TIME," MAY, 1941

Recently the Nazi-controlled *Paris-soir* printed a poem, by an anonymous contributor, extolling Adolf Hitler. It read:

*Aimons et admirons le Chancelier Hitler!
L' éternelle Angleterre est indigne de vivre
Mandissons et écrasons le peuple d'outre-mer
Le Nazi sur la terre sera seul à survivre.
Soyons donc le soutien du Führer allemand
Des boys navigateurs finira l'odyssée
A eux seuls appartient un juste châtiment
La Palme du vainqueur attend la Croix gammée.*

By last week *Paris-soir* knew that it had been thoroughly hoaxed. Cut in half, from top to bottom, the poem became two poems, expressing very different sentiments:

*Let us love and admire
Eternal England.
Curse and eliminate
Nazidom on earth.
Let us therefore support
The seafaring boys.
To them alone
The Palm of victory!*

*Chancellor Hitler
Is not worthy to live.
The people across the sea
Will be the sole survivor.
The German Führer
Will finish the odyssey.
A fitting punishment
Awaits the swastika.*

LIBRARY

The Library has been fortunate in again receiving substantial support from the Parents & Citizens' Association. As a consequence, many additions have been made to the shelves in both the general and reference sections. This year it has been noticed that the range of books read has widened somewhat. No doubt the institution of Library periods has helped in creating this broader interest.

Recent additions include:—

National Portraits, V. Palmer
Winston Churchill, H. Martin
Fighter Squadrons, N. Monks
English Literature, J. Buchan
How to Read a Book, M. Adler
The World, J. Stemberidge
General Geography, W. Batho
Australian Fiction, B. Eldershaw
Aventure Arctique P. Freuchen
Universe of Light, W. Bragg
Children's Encyclopedia, A. Mee

Complete Woodworker, B. Jones
Weaving, Mochrie & Gobey
Appreciations, W. Pater
Lands and Peoples of the Bible,
J. Baikie
Divers in Deep Seas, D. Masters
Wonders of Barrier Reef, T.
Roughley
Wild Flowers of Australia, T.
Harris
What Bird Is That? N. Cayley

THE RECORD

Stamps of the Empire, T. Todd
Australian Legends, C. Peck
Wooden Hookers, C. Maxwell
The Wake of the Raiders, A.
Divine
*Atlas History of Second World
War*, J. Horrabin
What a Word, A. P. Herbert
In Search of Ireland, H. Morton
Story of Architecture, P. Water-
house
Prose of Our Time, A. Ratcliff
History of Europe, F. Schevill

Great Fights, E. Shepherd
Master Minds of Modern Science,
Bridges & Tiltman
Book of Scientific Discovery,
D. Turner
The Sky's the Limit, J. Spaight
Water into Gold, E. Hill
Ships at Work, A. Hardy
Half Hours with Great Engineers,
W. Claxton
Their Finest Hour, A. Michie
Also a number of novels.

The Library Committee, headed by B. Flashman, is carrying out its duties in a splendid manner.

W. E. CUMMINGS.

JUNIOR FICTION LIBRARY

The School thanks those boys who contributed so generously towards the formation of the Junior Fiction Library.

Nearly six hundred books of the lighter type are now in hand, and they will supplement the work of the School Library in the interests of the Lower School.

ODE TO AN OAKEN FOREST

*O forest, cool by day so dark by night,
Thy mighty branches o'ershadowing the grassy banks,
Guarding them against the sun's strong withering light,
Preserving yet their fragile beauty.*

*A friend when dawn renews man's daily fight,
What change is wrought by sun and moon on thee!
Always should human friendship be thy right,
'Though by night you do so grim a duty.*

*Amid thy verdant boughs the fauna toils
In Summer, storing plentiful supplies
Of food ere Winter claim thy larder spoil,
And leave thee gaunt and leafless till the Spring.*

*But when snows melt and sunshine wins the day,
Thou re-wake, and 'mid thee flowers bloom,
Birds sing thy praises, and where acorns lie
Fresh growth begins to carry on when you are gone.*

THE RECORD

*Man loves thee then, but when the darkness falls
He trusts thee not, for where man cannot see
He does not understand, and therefore calls
The dangerous, by night, and full of mystery.*

*Tradition and man's fear condemn thee yet
To bad repute of many years ago;
'Tis sad that thou on friendly grounds art met
Only by day, when in a passive mood.*

T. CHALMER (5c).

OLD HOB

*Three times the village steeple rang, three times its chimes came clear,
Three times old Hobden raised his head, and in salute his beer;
He sat there thinking of past deeds, of struggles lost and won,
For he'd been a youth once, had old Hob, now stained brown with
sun;*

*He'd loved a girl once, poor old Hob, had loved her dear and true,
Had lost her love, and, what is more, had followed her b'er, too.
He'd fought the French, been shot in Spain, and served old England
well;*

*He knew what it was to kill a man and laugh at the Earl of Hell.
What reck'd he then for man or beast, that gallant youth withal,
The only god he thought worth-while the bugle's clarion-call.*

*But Time and ale had wreaked their toll and even he returned
To the land his father had tilled before him, arid fields sun-burned;
In Nature found he a worthy foe, one to be feared and fought,
He tilled the fields and to his God began to give a thought;
Yes, that God, that self-same Lord, that he before had shirked
And had forgot in battle's roar, he thought of while he worked.
He prayed to God, a wayward soul, that he be forgiven;
He prospered well, for God realised how hard and well he'd striven.
And now the sun shone on old Hob and sparkled in his beer,
As, chin on breast, he thought of what to him was once so dear.*

*Four times the village steeple rang, its chimes were dull as lead,
A villager ran down the street, "By God!—old Hob!—he's dead!"*

W. B. HOWELL (4A).

LANGUAGE OF THE SPY

Romantic and exciting, the art of writing secret messages has developed through the ages, so that to-day it plays a highly scientific part in the war. History shows that successes and disasters of many nations' battles have hinged on the mysterious ciphers that go to make

up cryptograms. Herodotus writes of such secret messages being used in the Fifth Century, B.C. *Julius Cæsar* had his own system which to this day bears his name.

Codes and ciphers are two different branches of secret writing. For a code a certain meaning is arbitrarily assigned to a chosen word; sometimes a whole sentence is covered by a single word. A code dictionary, or code book as it is usually called, is made up. To use it, possession of the book by both sender and receiver is necessary. Navies usually bind their code books in leaden covers, so that if a ship is captured, the precious code can generally be sunk without trace.

But for a cipher, only pencil and paper and a knowledge of the system to be employed are all that is necessary. In cipher language, certain fixed terms are accepted for the different steps in making or solving a secret message. The plain language communication is called the "clear"; the resultant cryptogram is called the "message." Putting "clear" into its new dress is called "enciphering," and converting a message back into the "clear" is called "deciphering." All modern cryptographers must be familiar with the "Vigenere tableau," a method of arranging twenty-six alphabets, so that any letter can be replaced by one of the whole number, according to the key word given.

This system was invented in France by Blaise de Vigenere in the Sixteenth Century; for hundreds of years it could not be broken down, but now a plain Vigenere is in the kindergarten class. The variations of this method are, however, still the bases of many modern systems of ciphering.

Some years ago, an officer of the French military academy of St. Cyr, invented a ruler which did away with the laborious work necessary in putting down on paper the Vigenere tableau. His ruler had a fixed alphabet and a movable slide with a double alphabet, on the plan of an ordinary slide rule. The St. Cyr ruler (or sliding alphabets) gives the same results as the Vigenere tableau, but in a more convenient fashion.

There are several variations in the arrangement of the alphabet now used by the spy in the present-day Vigenere ciphers.

F. MILLER (2A).

THE HOUND OF HEAVEN

*"... I know myself a Man—
Which is a proud and yet a wretched thing*

It is at once the pride and the tragedy of the human soul that it is capable of the extremes of conduct, thought and ability. Poor soul, here with so little to hope for, striving against so many overwhelming hardships, subject to desires so incommensurate and inconsistent, surrounded by ugliness and horror, descended from viciousness

and savagery—who could have blamed Man had he been of a piece with his destiny, had he been a barbarous, ignorant creature? And yet we find him filled with imperfect virtues and forever conscious of the struggling pangs of truth and right.

The secret of his mystery is his innate conception of a higher Duty, the idea of something owing to himself, to his comrade, to his God: an ideal of virtue to which he would rise if he were able; a limit of shame below which, if it be possible, he would not sink. Regardless of where we observe him, in any part of the earth, under any social system, in any depth of ignorance, labouring beneath any erroneous beliefs, in the slums of cities, existing among indifferent thousands in mechanical employment, in ships at sea, a man accustomed to horrid privations and horrid pleasures, in the hovels of poverty, inured to filth and want, a fool, a thief, the comrade of thieves . . . even here guarding some tenet of honour, keeping some trace of pity and sympathy, sitting down amidst his mercenary, momentary life to debate of Right and Wrong, and the attributes of God, often rendering service, loyalty and faith in return for the whole world's scorn and persecution, often tenaciously adhering to a scruple or a principle and rejecting riches to keep something of higher worth, withstanding the petty tyrant, and the brutal too, in the name of liberty, in the face of death and sin and ruin still prepared to "swear that beauty lives though lilies die": everywhere some virtue cherished or affected, everywhere some claim to goodness and justice, everywhere the sadly tattered ensign of Man's ineffectual righteousness.

They are not far to seek, if we be sympathetic, these men and women, all the world over, in every era in history, under every abuse of error, in the direst extremities of failure and despair, without hope, without aid, without reward, still obscurely fighting the last fight of virtue, forever clutching, in the factories, in the gaols, in the trenches, on the scaffold, at some pitiful rag of honour, poor jewel of their souls!

This is Man's inescapable privilege, not only his glory but his doom—all his life long the desire for good is at his heels. He is condemned for all time to some measure of deathless nobility . . .

McI. (5F).

BRITANNIA RULES THE WAVES!

The Record has news of some recent "Old Boys." Fred Torrington (Arts II), Robert McMillan and Peter Hardacre have joined the "King's Navee." They signed up for anti-submarine work, subsequently leaving these shores for England *via* the Cape after calling at Durban. Their ship was convoyed by the Royal Navy, and reached port safely. The lads spent a happy fortnight in London, and were

most impressed by St. Paul's Cathedral, Big Ben, and the Tower of London. Indeed, they saw all the sights.

Their final allocation was to destroyers in the Royal Navy, where they are gaining valuable experience

Raymond Langmead also joined the Navy, and was transferred on loan to the Royal Navy. Recent news indicates that he took part on a Navy vessel in the evacuation of Greece, and has experienced a number of Naval encounters and sinking of enemy ships in convoy.

TO CONTRIBUTORS

The Record thanks the scribes who have contributed articles for this year's issues. The rationing of paper by the authorities is a restraining factor, and we have selected a limited range of contributions, holding over the remainder for consideration for the November number.

We earnestly invite writers of talent to submit articles in verse and prose as soon as possible. *The Record* is your journal, and you should assume some responsibility in ensuring that the literary section will be not only equal to that of the numerous excellent school magazines we receive in exchange, but also that the standard will be worthy of your own School.

FIRESIDE STRAINS

To my mind, the height of comfort is achieved at the fireside, in a deep, luxurious armchair, with the elements raging without, the warm glow of the fire within, and the soft strains of the radio proceeding from the distant gloom. 'Tis then, with my favourite session of old-fashioned songs, that I like to lay down my book and give myself up to reverie.

To the strains of *Killarney* (I always have felt that there must be a drop or so of Irish blood in my veins, this tune has always so appealed to me!) I feel myself wafted on high to distant Ireland, to the land of Irish brogue and Irish sweethearts. But 'tis to that mystic land of lakes and mountains that I go—Killarney! the dusk gathering over the azure waters, the deep purple of approaching night flushed with scarlet crimson, and there, before me, a sight inseparable from my conception of Killarney, two lovers drinking deep of the bowl of happiness, peace and beauty offered to their greedy lips by an all-merciful Providence. The peat-stained peasant and his lank-boned horse both halt to admire God's omnipotence; then slowly wend their way towards the distant thatched cottage that they call home.

Ah, yes! But home to me means something different—not so romantic, I own, but to my mind, the finest place, the greatest palace on earth. The quiet tune of *Home! Sweet Home!* ravishing my enchanted ears, in thought, I stand enthralled before that low green cottage where I spent my boyhood. The small, neat garden, a vivid patchwork of brilliant colour, the well-groomed hedge (how often I hurdled it when racing good old Rover!), the close-cropped lawn, where my childish self, with memory's grace, still plays, all strike my hungry vision; and there, silhouetted in the gathering twilight, stands she whose form I know so well.

I am dimly aware of the graceful melody of *Mother Macree* as there I pause, afraid to move lest thereby I might dispel the vision. O mother mine, with thy soft blue eyes, thy youthful form, thy auburn hair unstreaked with grey! What fatal chance snapped that fair cord of life whilst thy ruby cheek still held its youthful bloom! What should I give for one faint pressure on thy rounded arm that nursed me as a babe?

The tears start to my eyes as, conjured up by *Auld Lang Syne*, former friends appear from out the mist beside my mother. Old friends, how now I yearn for friendship that was held so light in days gone by, how now I yearn to grasp each strong, firm hand in friendship's name! It is too much for one of mortal blood to gaze upon your elfin features and still have not the right to kiss your brow.

With the last strains of the music they fade away, and I am left, lonely and desolate, upon the shores of heavenly reverie, immersed in memories. . . .

W. B. HOWELL (4A).

EXHILARATING WINTER!

Many beautiful poems and essays are composed by famous men and women on subjects such as "Spring," "Summer" and "Autumn," but how many are composed on "Winter"? If a person was asked what season he liked best he would say "Spring," because he has read so many hymns of praise on "Spring" that he thinks that this period must be really lovely for so many people to talk about it so much.

If one were to record one's weight just before and after Winter, it would be found that there is a much bigger increase than in the Summer. Who does not look forward to a game of football when he knows that he can play without becoming sticky with perspiration? The very air exhilarates even the laziest of people, and clears the mind when studying. When is bed looked forward to most? The answer again is Winter. In Summer one becomes restless and hot. A cold,

drizzling day is always referred to as Winter, but the sun is most enjoyed in Winter when it keeps one warm and not hot.

Winter is a period of relaxation to most of Nature, but it makes everyone feel really alive and in high spirits.

J. MEERS (2A).

INCOMPARABLE SYDNEY!

Sydney! Incomparable Sydney! Dream city. City of my birth. My love for you is made up of a thousand-and-one indefinable and ineffable impressions. Never do I realise what you mean to me until I am travelling on my long-anticipated holiday. After the hurly-burly and hustle of departure, the farther away from you I travel, the more something seems to tug at my heart-strings. Unbearable pangs make me wish to return. My thought of holiday has turned to wormwood.

When at last I return to you, I slip off to my wonted haunts. A stroll down the Domain reveals unexpected beauty spots. Here a deep bay, there a small inlet, the serrated edge unfolding itself into a maze of coves and indentations. Then into the Botanic Gardens, unsurpassed for their beauty. The shimmering water reflects a glorious stretch of Sydney's own harbour. Ferries scuttling to and fro, sailing boats careening with the wind, and other craft dotting the expanse of water present a spectacle on which my eyes feast.

Gossamer clouds drifting overhead in the azure blue play hide-and seek among the miniature skyscrapers of Sydney, lining the city.

The stately arch of that monument of engineering ingenuity, the Harbour Bridge, rears itself into the sky. Breath-taking in its immensity, yet it mars the natural beauty of that scene. The sullen roar of a train rumbling across the bridge jars on the æsthete.

Magnificent parks in which flowers and trees riot in their native environment are rivalled only by the superlative beaches and bays of your rocky coast-line. Your sprawling suburbs are the envy of the world's great cities. Your Zoo, Taronga, is magnificent in its setting. It would require an adjectival riot to begin to describe its many wonders.

Although I have seen the glamour of the East, and I have been in other parts of the world, and have heard first-hand experiences of the world's great cities—London, New York, Paris, Rome and Athens—Sydney still remains "Incomparable City of Dreams!"

R. COLMAN (2A).

THE RECORD

S.H.S. PARENTS AND CITIZENS' ASSOCIATION
Founded 1925

Office-Bearers, 1941

President:

R. S. BETTY, Esq.

Vice-Presidents:

H. B. Edwards, Esq. G. A. Wood, Esq.

Council:

Mesdames W. Perry, D. L. Davis, G. Khan.

LADIES' AUXILIARY

President: Mrs. W. Perry.

Honorary Secretary: Mrs. C. H. Raymond.

Honorary Treasurer: Mrs. H. S. Norington.

The annual meeting of the Association was held on Thursday, 20th March, 1941, when the above members were elected office-bearers for the ensuing year. The President, Mr. R. S. Betty, presided, and gave a résumé of the year's work, and thanked all those who assisted to obtain such a successful result.

It is very pleasing, in view of the present economic and national conditions, to be able to report that the past year, although a difficult one, was a most successful year in every respect. This splendid effort on behalf of the School has only been possible by the fine co-operative spirit and cordial relations that exist between the Ladies' Auxiliary, the Headmaster, the staff, the boys, and this Association.

The President and Executive would like to take this opportunity of thanking most sincerely Mrs. J. H. Killip for her very enthusiastic support in all matters appertaining to the Auxiliary and Association.

THE RECORD

and to all those who have so generously given their time and assistance in raising the amount that has been spent in connection with the School and its activities during the year.

When the budget for 1940 was under consideration by members, a most optimistic view was taken, despite the fact of the seriousness in the position of the International sphere, and this view has been justified and borne out by the results. We budgeted for £650, and the net amount expended on the School was £598, and with a bank balance of £32, makes a total of £630.

At the first meeting of the Association this year, the following budget was submitted to members by the Executive and confirmed:—*Estimated Revenue*: Headmaster's Appeal, £75; School Concert, £40; Ladies Auxiliary, £50; "Market Day," £200; Dances, £150. Total, £515. *Estimated Expenditure*: School Library, £150; School Prizes, £35; School Equipment, £30; Rowing, £60; Cricket, £30; Football, £10; McKay Sports Oval, Centennial Park, £125; Printing and Stationery, £25; Sundries, £50. Total, £515.

The following programme was also agreed to:—19th June, P. & C. Meeting; 21st June, Football Dance; 17th July, P. & C. Meeting; 19th July, Prefects' Dance; 14th August, P. & C. Meeting; 16th August, Athletes' Dance; 18th September, P. & C. Meeting; 20th September, Cricket Dance; 11th October, G.P.S. Dance; 16th October, P. & C. Meeting; 1st November, November Dance; 20th November, P. & C. Meeting; 11th December, P. & C. Meeting; 13th December, Christmas Dance; 19th February, 1942, P. & C. Meeting; 21st February, White Dance; 26th February, P. & C. Re-union of Past and Present Parents; 5th March, P. & C. Annual Meeting.

The Annual Re-union of Past and Present Parents was held on Thursday, 27th February, 1941, when a very delightful evening was spent by those present, who numbered 325. We are grateful to Mr. and Mrs. Brunton Gibb, and Mr. Stanley Clarkson, who presented us with a very enjoyable programme. We were very pleased to welcome during the evening a number of old stalwarts and pioneers of the Association, as well as many new parents, to whom we also extend a cordial welcome and invitation to become active members. We trust this will mean the introduction of a number of new workers to the Association. There is still room for many more.

Our thanks and appreciation are generously given to those ladies who, by their kindness and personal service, have made the sporting fixtures at the McKay Sports Oval, Centennial Park, so successful by providing luncheon and afternoon tea to the various teams in the G.P.S. Cricket and Football matches, and to those ladies and gentlemen who have assisted in conducting the monthly dances and supplying supper, which entails a great deal of work. We also wish to thank all our friends and supporters for whatever assistance they have been

THE RECORD

able to render; there have been many individual instances too numerous to mention.

We are very pleased to say that we were able to give very valuable aid to the Sports Ground Committee in installing electric light and power to the McKay sports pavilion, a very essential service that will give material assistance and comfort to those using the pavilion.

The Ladies' Auxiliary held "Market Day" on Friday, 2nd May, 1941, in the Great Hall of the School. The stalls were most attractive and well stocked. To all those ladies of the Auxiliary who worked so assiduously under the guidance of their President (Mrs. W. Perry), the Executive of the Association desires to tender sincere thanks, and to offer their congratulations on the magnificent result of £239/12/1. This splendid achievement was the reward for considerable organising by the stall-holders and their assistants, who had been arranging card parties, picture nights and inspections of various industrial firms, etc., to help augment funds to stock their various stalls. This they did with the same zeal as they have undertaken various other objectives in connection with the works of the Association.

The amounts raised by the various stall-holders are as follows:—Hamburger Stall, £31/0/1; Refreshment Stall, £32/6/4; Grocery Stall, £42/6/3; Ice Cream Stall, £47/12/-; Cake Stall, £19/9/-; Jam Stall, £25/5/10; Sweet Stall, £24/10/7; Hoop-La, £15/12/8; Tickets sold not used, £1/9/3. Total, £239/12/1.

The Executive stresses the need for every parent to give the Association a full measure of support, to enable us to assist the boys in their intellectual and physical education. We earnestly invite you to give the Association whatever support you can, even if it is only by attending the monthly meetings which are held at the School at 8 p.m. on the third Thursday of each month. We would like to point out to the hundreds of mothers whose sons attend the School, that the Ladies' Auxiliary hold their meetings at 2 p.m. in the School on the second Wednesday of each month. The object of the Auxiliary is to give those mothers who find it not possible to attend the meetings of the Association in the evening, an opportunity to take an active interest in the welfare of the School, so we invite you to attend which ever is most convenient, or both if possible, and thereby help in this good work of helping the School, which is so adequately fitting your son to take his place in the world.

SYDNEY M. S. PHILLIPS,
Honorary Secretary.

THE RECORD

SOCIAL ACTIVITIES

The thirty-sixth Annual Dinner was held at the University Club, Phillip Street, Sydney, on Thursday, 12th December, 1940. Those who attended spent a very enjoyable evening, and were privileged to hear an interesting address by Mr. R. T. McKay.

OBITUARY

The Late Lieutenant-Colonel Archibald James Cunningham

Lieutenant-Colonel Archibald James Cunningham, aged 42 years, Officer Commanding First Field Ambulance, A.I.F., was, in February of this year, killed in action at Benghazi.

On leaving the School he commenced his medical course at the Sydney University, but interrupted his studies to enlist in the A.I.F. during the last war. The Armistice was signed before he left for overseas.

In 1921, on completion of his medical course with honours, he became Senior Resident Medical Officer at Sydney Hospital, later superintendent of the Royal Hospital for Women, Paddington.

He conducted a large practice at Bondi Junction until 1937, when he left to study in Europe, England and U.S.A. He was elected member of the Royal College of Obstetrics and Gynæcology (Eng.).

The Late Mr. Thomas Lindsay Willan

Mr. Thomas Lindsay Willan, Geologist, who died in December, 1940, of a fatal tropical disease in the jungle of Burma, while engaged in the study of tin deposits, was born in Balmain in 1895.

Mr. Willan attended "High," and then graduated in Science at the University of Sydney with the highest honours. A geological map of the Sydney district prepared by him was published by the Geological Surveyor of the State. Prior to his work in Burma, he was engaged similarly in the Federated Malay States from 1924-1935.

The Late Dr. Otho P. Fox

Dr. Otho P. Fox died early this year. He had conducted a practice at Mortdale, and was an active supporter of the Union. He is survived by his widow and two children. As Dr. Fox sat for his Junior in 1905, it is probable that he completed his course at High in 1907, when he would have been a candidate for the Senior Examination.

THE RECORD

ITEMS OF INTEREST

John Tonkin, who joined the R.A.F. in Cairo, has been doing cipher work, and is now Adjutant to a squadron in the desert.

Alan Beveridge has forsaken the old haunts and taken up a new position with Howard Auto. Cultivators at Parramatta.

S. G. Hirst, who returned from abroad a short time ago, is now practising as an Architect in Sydney.

Flight-Lieutenant D. L. G. Douglas is with No. 10 (Flying Boat) Squadron, R.A.A.F., in England. His Xmas card was appreciated by the members of the O.B.U.

Congratulations to Reg. Ralph on his recent marriage.

N. A. (Peter) Talty, not content with being a solicitor, is attending the University to study Economics.

Word has been received from Allan O'Neil, who is still resident at Newcastle. His assistance to Rowing in the old days, is well remembered.

Old Boys prizes awarded:—

John Waterhouse Prize—R. Loton.

Old Boys' Union Prize—R. Loton.

John Skyring Prize—J. Ellis.

Mr. R. T. Mackay, it was learned with regret, has been ill, but is now on the way to recovery.

Rex Loton has taken up a position with the Bank of N.S.W.

Congratulations to C. H. Franks on his marriage last year.

T. J. Hennessy, once a School "rugger five-eight," has given up the pigskin and is now a tennis fiend.

E. (Toby) Belschner can now be contacted at Jantzen (Aust.) Ltd.

O.B.U. COUNCIL REPORT

Owing to the lack of a quorum at the Annual General Meeting called for 26th February, 1941, at the School Hall, it was unanimously resolved by a special meeting of the Council, held on Thursday, 6th March, that the personnel of the Council of 1940 remain unaltered for 1941, subject to their consent.

Last year's President, Dr. G. Hardwicke, who had enlisted, was sent overseas at very short notice. All Old Boys wish him *Bon Voyage* and a safe and speedy return.

The Union is fortunate to have as President for 1941 Mr. Charles N. Hirst, who attended the School 1914-1918, has been a member of the Council for many years, and was a familiar figure at the Rowing Camps of past years.

The new President at his first Council Meeting, in outlining a programme for 1941, set the principal aim of the Union as raising £125, which is the estimated minimum amount required to meet the year's commitments of the O.B.U.

Mr. Hyman, the retiring Secretary, whose untiring efforts and personal enthusiasm have been an example to all members of the Council, carries with him the appreciation of the entire O.B.U. for his services rendered during his two years' tenure of that office.

S. J. Lacey, Secretary for the ensuing year, attended "High" from 1930-1932, and has been a member of the Council since 1939. Secretarial duties are a new field for Mr. Lacey, who is applying himself to the job whole-heartedly, but his efforts will be greatly encouraged by the co-operation and support of all Old Boys.

MEMBERSHIP AND FINANCE

Financial membership is the life-blood of the Union, which is almost entirely dependent on membership subscriptions and donations to meet financial obligations in its share of the upkeep of the McKay Sportsground, instalments on the Dressing Shed loan, the usual annual prizes, and to assist the School in activities such as Rowing, etc.

Owing to restriction of the space in *The Record* this issue, it is impossible to include details of subscriptions, but a complete list will be forwarded to all members in due course.

It is pleasing to record, however, that to date £52 has been received, and the Council has every reason to believe that its appeal will receive spontaneous support. The active membership already almost reaches that of last year.

Victory will not mean a rose-strewn path for post-war youth. The processes of readjustment will create problems, and they will create circumstances in which the young man without financial reserves (no matter how small) may be severely handicapped.

Take no risks with your child's future! Build up, through the Commonwealth Savings Bank, a strong safeguard against dependence upon others. A small weekly deposit, made regularly, quickly grows into a substantial reserve—a reserve which will reinforce your child's security at the most critical stage of his or her life.

COMMONWEALTH SAVINGS BANK OF AUSTRALIA

THE RECORD

SPORT

CRICKET

FIRST GRADE

G.P.S. Matches

In conformity with the request of the Editor of *The Record*, the cricket report is curtailed.

Competitions in all branches of G.P.S. sport have been abandoned during the war and, accordingly, the cricket fixtures have been carried out as a series of social games. Throughout the second half, 1940, and for a couple of matches in 1941, umpiring duties were assumed by the players, but the system was unsuccessful, and was discontinued.

In the second half, 1940, matches were played against Newington College, The Scots College and St. Ignatius, the results being: Win outright, first innings loss, and first innings loss respectively.

J. Norrie (now at Duntroon) had the best batting figures, *viz.*, 12 inn., 2 n.o., highest score 120, aggregate 556, average 55.6. K. Binns made 300 runs, average 25; W. Kneen compiled 211 runs, average 23.4., and J. Ellis had an aggregate of 258 runs, average 21.5.

In the bowling department, J. Norrie captured 23 wickets for 446 runs, average 19.3, and E. Sullivan secured 18 wickets for 417 runs, average 23.2. D. Sulman, wicket-keeper, stumped 11 and caught 4, total 15.

Highest individual scores were: J. Norrie 120 and 91, K. Binns 96, W. Kneen 84, J. Ellis 67, T. Antico 60, R. Loton 49, G. Conomy 23, B. Phillips 20.

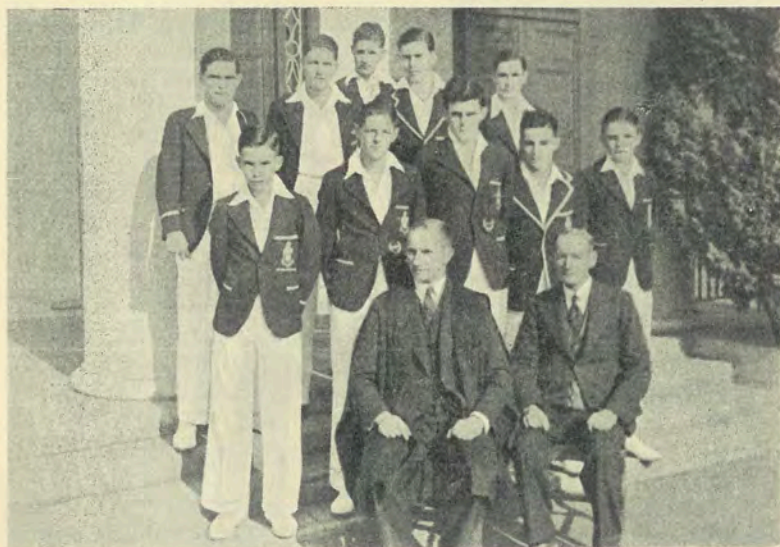

J. Norrie (35) made top score in the Combined G.P.S. match *v.* Sydney University. Our representative, Roy Cawsey, with innings of 55 and 48, had a similar distinction in 1938 and 1939 respectively in matches *v.* N.S.W. Cricket Association. W. Kneen (27) was associated in the winning partnership in the G.P.S. (Seconds) match *v.* Associated Schools. In the previous year, Kneen contributed 78 in a corresponding fixture.

In the first half, 1941, games were played against S.C.E.G.S., The King's School, Sydney Grammar School and The Scots College, and were all lost outright, although against S.G.S., a lead was obtained on the first innings. This result reverses the position attained in 1938 (Premiership year) and 1939 (runners-up). There is a considerable amount of latent ability in the team, but a tendency towards "fear psychosis" manifested itself. This aspect is likely to disappear as the players gain experience. W. Kneen was the most successful batsman.

THE RECORD

In one over, he scored 22 runs (three 6's and one 4) *v.* The Scots College. Kneen made 201 runs at an average of 28.7 per innings, highest score 72 not out. In the bowling section, R. Peet delivered 62 overs, 8 maidens, for 252 runs, 17 wickets, average 14.8. D. Sulman caught 5 and stumped 5. Catches were made by: Taylor 4, Kneen 3, Dexter 2, Woolridge 2, Meers 2, Greville 2, Phillips and Peet one each.

The best individual batting efforts were: W. Kneen 72 not out, B. Hopkins 34, C. Moore 29 not out, D. Sulman 29, B. Phillips 25, E. Sullivan 21, J. Dexter 19, J. Woolridge 16, R. Peet 15, P. Taylor 14.

CRICKET — S.H.S. FIRSTS, 1941

Top Row: R. COOMBES, F. BLUNDELL, J. WOOLRIDGE, B. PHILLIPS, J. DEXTER.

Second Row: B. HOPKINS, D. SULMAN, W. KNEEN, E. SULLIVAN, C. MOORE.

Front Row: J. H. KILLIP, Esq. (Headmaster), O. S. SMITH, Esq.

Absent: P. TAYLOR, R. PEET, O. A. TAYLOR, Esq.

[Photo: K. R. Rutherford (V.).]

C.H.S. Matches

C.H.S. competitions have been conducted as usual. In the second half, 1940, first innings wins were recorded against Fort Street and Canterbury, and a loss on the first innings was sustained against North Sydney. J. Norrie compiled 100 at Newcastle for a Combined C.H.S. XI *v.* Northern High Schools, and J. Ellis (opening batsman) made 23 in good style in the match played against a team selected by the International player, Mr. S. J. McCabe. A pleasant social game against the R.A.A.F. extended over two Wednesday afternoons, and resulted in a win for the Air Force by a margin of 43

*For Appearance, Comfort

ALL AKUBRAS ARE PURE FELT

THE RECORD

runs. In this match, B. Phillips captured 4 for 8 (first inn.) and 6 for 35 (second inn.), whilst excelling with the bat, he scored 44 not out in the second innings. Playing against Canterbury, the School had lost 8 wickets for 48 before Blundell and Sullivan became associated. When Blundell was dismissed for 53 (8 fours) the total was 158. Sullivan remained unconquered with 62 not out (10 fours). The leading batting averages for 1940 were: L. Cawsey 46.0, W. Kneen 31.6 (aggregate 190), J. Ellis 27.7 (aggregate 250), K. Binns 19.5, E. Sullivan 17.2, J. Norrie 14.7.

The best results in the bowling section were: B. Phillips, 75 overs, 16 maidens 231 runs, 30 wickets, average 7.7; T. Antico, 24 wickets 153 runs, average 6.3; E. Sullivan, 11 wickets 222 runs. D. Sulman, wicket-keeper, caught 17, stumped 6, total 23.

In the first half, 1941, a first innings win was gained against Parramatta, followed by first innings losses against Macarthur Memorial H.S. and North Sydney. E. Sullivan (30 not out) and R. Coombes (20) added 42 for the last wicket in the fixture against Parramatta. W. Kneen (60 not out) and J. Woolridge (23 not out) figured in an unfinished partnership of 87 against North Sydney (second innings). B. Phillips made 29 against Northern High Schools, and in the same Combined C.H.S. match, W. Kneen contributed 46, in the second innings. In the Competition matches, B. Phillips secured 11 wickets for 161 runs, average 14.6, and F. Blundell obtained an average of 11.6 (6 wickets for 70 runs). Other wicket-getters were: P. Taylor 5, R. Peet 3, E. Sullivan 3. Catches were made by B. Hopkins 3, R. Peet 2, Masters, Greville, Blundell and Woolridge, one each. W. Kneen had the splendid batting average of 61.3 (aggregate 184), highest score 79 not out. Other batting averages were: Taylor 21, Woolridge 18, Sullivan 17.2, Hopkins 12, R. Coombes 10.5.

Conclusion

We are greatly indebted to the Parents and Citizens' Association for financial and administrative support, to the Ladies' Committee of the P. & C. for intensive cricket-welfare-work in the interests of the School, and to the "Ground Committee" for efficient management of the Mackay Oval, Centennial Park.

We conclude with the following alliterative aid: "Concentration creates constancy; constancy creates confidence; confidence creates cricket."

O. S. SMITH.

SECOND GRADE

The Seconds have had a fair season and, with a little more luck, would have a much better record to show. However, the team is a well-balanced one, and will develop with more experience and playing practice.

THE RECORD

Rain on the first day against Parramatta prevented us from winning outright, and we had to be content with a first innings win. When we were in a commanding position against Macarthur Memorial, rain again intervened, the match being drawn. The match against North Sydney was an interesting one, the North Sydney team gaining an outright win when, after being behind on the first innings, they recovered well to win by a very narrow margin.

Good batting performances were rendered by Meers, Tidswell, Dexter and Bylos. Burnett and Meers, both good slow bowlers, captured the wickets, and were given good support by Dethick, Read, and Sweet. J.D.

THIRD GRADE

Third Grade completed a very successful season, going through the first half of the competition undefeated. Notable features were the rapid improvement in general team work, the keenness displayed during the matches, and the enthusiasm for practice. The players were very ably captained by Grose till his promotion to Second Grade and his successor, Timmins. Both Captains likewise displayed great skill with the ball. Cummins was the outstanding batsman. Not the least enjoyable fixture was the match with Fourth Grade. The latter performed very creditably by suffering an honourable defeat on the first innings.

Details

High (103; 2 for 13) v. Parramatta (37; 76). Won outright

High (216) v. Hurlstone (7 for 10). Drawn.

High (189; 6 for 115) v. North Sydney (153). Won on first innings.

FOURTH GRADE

Three matches were played during the first term, that against Parramatta being confined to play on the second day owing to rain cancelling the first day's play. In this match, Parramatta scored 100 and High 77, resulting in a loss on the first innings.

Against Hurlstone, High won outright, the match finishing in the last over of the first day's play. Scores: High 122, Hurlstone 42, 54.

In the match against North Sydney, which was lost by six wickets, High was unfortunate that, in their first innings, one of their opening batsmen was unable to bat until late in the innings. This meant a substantial difference in their first innings total. Scores: High 89, 139. North Sydney 171 and 4 for 61.

Featherstone has highest aggregate (93) and highest average (23) in the batting, and May has taken the most wickets (17) at an average of 7.8.

CENTENNIAL PARK CRICKET

Our Park Cricket season commenced on 29th January with thirty teams—eight from the Upper School, six from Third Year, and eight each from Second and First Years. Although three days were spoilt by rain, the season, which closed on 5th April, was very successful. Various competitions were held, and the champion teams were: 5C, 4C and 4E, 3C, 2D, 1C.

It might be advisable to stress certain important features in the organisation of these games. Every match lasts two days. Although as far as possible teams are made eleven a side, the size ranges from nine to thirteen.

Every boy must have at least one innings in the two-day match. Although he must retire at 20, he must complete his innings if his score is below that total. If he is the last man on his side, he does not carry his bat but finishes his innings single wicket.

In order to make sure that every boy has an innings, the scores made are recorded on the mark-off cards before he leaves the field.

SWIMMING REPORT

The season just concluded has been very satisfactory. The sport was popular, attracting more than 200 boys in addition to those attending life-saving classes. Thirty boys were taught to swim, and in competitive fields our representatives achieved considerable success.

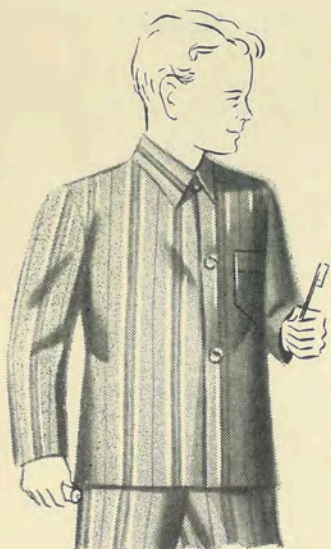

The School Carnival was held at Drummoyne Baths on February 28. Trophy winners were:

Senior Cup, E. Smith; Junior Cup, J. Campbell.

Under 14 Cup, J. Underhill; "Claude Tressider" Shield for Breast-stroke, A. Searle.

At the C.H.S. Carnival, the School won the Junior Cup, was third in the Senior Cup competition, second in the Under 14 competition, and won the title of Champion School for 1941. Outstanding boys were J. Campbell and P. Dreelin among the Juniors, and J. Underhill in the Under 14 section. Campbell equalled the Junior 55 yards record, and assisted his team to break the Junior Relay record. Underhill broke the back-stroke record. Special praise is due to E. Smith and E. Swinbourne, who, though Juniors, fought hard and successfully in Senior events.

Drewett, of Technical High School, won the Senior 880 yards, and with it the "Rawson" Cup, which Baret won for S.H.S. in 1939 and 1940. We congratulate Drewett and "Tech."

STRIKE A HAPPY MEDIUM IN BRITISH TWILL 'JAMAS

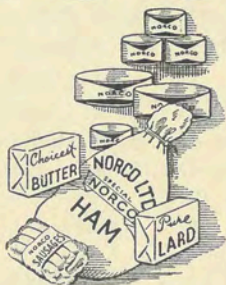

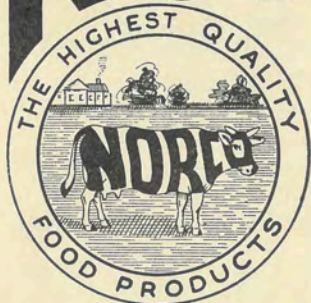

*If you froze in mid-July,
roasted in bed all Summer.*

SENIOR CHAMPIONSHIPS

- 880 Yards—E. Smith 1, J. Campbell 2, E. Swinbourne 3. Time: 13 min. 3½ secs.
440 Yards—A. Smith 1, E. Smith 2, C. Shanks 3. Time: 5 min. 56 secs.

THE RECORD

- 220 Yards—E. Smith 1, A. Smith and R. Hart 2. Time: 2 min. 49.1 secs.
 100 Yards—E. Smith 1, R. Hart 2, W. Nott 3. Time: 67 secs.
 50 Yards—E. Smith 1, J. Dreelin 2, P. Smith 3. Time: 28.1 secs.
 100 Yards *Breast-stroke*—A. Searle 1, J. Dreelin 2, B. Collins 3. Time: 83.2 secs.
 50 Yards *Back-stroke*—A. Clarke 1, E. Smith 2, R. Hart 3. Time: 35.6 secs.
Diving—W. Brown 1, E. Smith 2, A. Clarke 3.
Points—E. Smith 49, R. Hart 17, A. Smith 12.

JUNIOR CHAMPIONSHIPS

- 440 Yards—J. Campbell 1, E. Swinbourne 2, J. Peryman 3. Time: 6 min. 4 secs.
 220 Yards—J. Campbell 1, P. Dreelin 2, E. Swinbourne 3. Time: 2 min. 41 secs.
 100 Yards—J. Campbell 1, P. Dreelin 2, E. Swinbourne 3. Time: 62.3 secs.
 50 Yards—P. Dreelin 1, J. Campbell 2, P. Goldacre 3. Time: 27 secs.
 50 Yards *Breast-stroke*—E. Paine 1, P. Dreelin 2, J. Campbell 3. Time: 37 secs.
 50 Yards *Back-stroke*—J. Campbell 1, P. Greville 2, E. Swinbourne 3. Time: 36.2 secs.
Diving—J. Dexter 1, P. Dreelin 2, E. Swinbourne 3.
Points—J. Campbell 41½, P. Dreelin 30, E. Swinbourne 22.

UNDER 14 CHAMPIONSHIPS

- 220 Yards—J. Underhill 1, K. Gordon and J. Molesworth 2. Time: 3 min. 0½ secs.
 100 Yards—J. Underhill 1, J. Windshuttle 2, J. Molesworth and D. Millar 3. Time: 1 min. 20 secs.
 50 Yards—J. Underhill 1, K. Gordon 2, Tibbey 3. Time: 29.3 secs.
 33 Yards *Breast-stroke*—J. Underhill 1, J. Windshuttle 2, D. Millar 3. Time: 27.6 secs.
 33 Yards *Back-stroke*—J. Underhill 1, D. Millar 2, K. Gordon 3. Time: 24.1 secs.
Points—J. Underhill 40, K. Gordon 15, J. Windshuttle 14.

LIFE SAVING

The 1940-41 swimming season resulted in a very fine roll-up of candidates for awards of the Royal Life-Saving Society at the Clovelly Pool. The training of squads ran smoothly and efficiently in the hands of capable instructors, the work of D. Backner, K. Parker, R. Dan and J. May, in particular, being of a highly commendable character throughout. Another feature was our success in the Australian Bronze Cross award (22), in which section the effort of E. Smith was of outstanding merit.

TENNIS REPORT

Tennis activities for 1941 have begun most satisfactorily. The summer tennis was played on the School courts, provision being made for 32 boys.

G.P.S. Tournament

The annual G.P.S. Tournament was held at White City on May 7 and 8. The event has become more popular from year to year, and the enthusiasm our boys showed was almost rewarded with success. As in previous years, S.H.S. entered a Senior and two Junior teams.

The Senior team had bad luck to be narrowly defeated by Grammar, to whom we offer our heartiest congratulations for being treble winners.

Meanwhile, the Junior "A" team reached the final, only to be defeated by a very strong team from Grammar.

The Junior "B" team performed splendidly. After eliminating Shore, the team fought hard in the final against Grammar "B," without final success.

C.H.S. Tennis

The task of the selectors for the grade teams was very difficult, as the ability of a great number of boys appeared to be equal. After many challenges, the teams were finally finalised, viz.:—

First Grade—Crealy, Thompson, Humphrey, Fisk.

Second Grade—Howell, Cunliffe, Dooley, Quist.

Third Grade—Blanche, Cocks, G. Niccol, J. Niccol.

Fourth Grade—Molesworth, Davis, Dickie, Featherstone and O'Neill.

The School Tennis has again been in the hands of Messrs. Blake-more and Edmunds, to whom we can only extend our hearty thanks for their profound interest in us, one and all.

D. CREALY, *Hon. Secretary.*

S.H.S. ROWING REPORT

Unfortunately, rowing this year was on a modified scale owing to the cancellation of the G.P.S. "Head of the River." In spite of this, enthusiasm was undiminished. Each crew did its utmost to maintain the high traditions of S.H.S. rowing, and although not very successful, in consideration of the limited time and facilities which were available, all crews acquitted themselves creditably.

The Eight and First and Second Fours competed at St. Ignatius' Regatta on 5th April. The Eight ran second in its heat, but found the competition a little too superior in the final. The First and Second Fours were likewise unsuccessful, but, nevertheless, put up a good showing.

The highlight of the rowing season was the first S.H.S. Regatta, held on the Parramatta River on April 19. The credit for the organisation of this regatta was due to the Rowing Master, Mr. Cummings, whose untiring efforts were responsible for its unqualified success.

The competition was limited to school crews, in reality, an unofficial G.P.S. "Head of the River," High School entering an Eight and five Fours. The Eight finished fourth behind Shore, St. Joseph's, and Grammar, and we take this opportunity to congratulate these crews on their meritorious performances.

The First and Second Fours were unplaced, the Third and Fourth Fours came third, whilst the Fifth Four won, a very fine performance on the part of the latter crew, considering they had only been together for a short time.

We should also like to extend our appreciation to the coaches, Messrs. F. M. Nichols and A. Callaway, for their perseverance and time spent in the training of the crews.

At both regattas a launch carried a large crowd of rowing enthusiasts, and in each case the afternoon was enjoyably spent.

Choose wisely from the first at SAUNDERS WATCHES . . .

Every Young Man has constant need of a Smart, Accurate Watch—whether at school, home or sport. Saunders, realising this, have a special range of Sturdy, Handsome and Reliable Watches designed for Young Men. Finished in Chrome, Gold-filled or Solid 9ct. Gold Cases on Tough Leather Straps or Bracelet Bands. Every 15-JEWEL Lever Movement has been adjusted to split second accuracy by Expert Watchmakers, and is fully GUARANTEED by SAUNDERS.

Prices range from:—

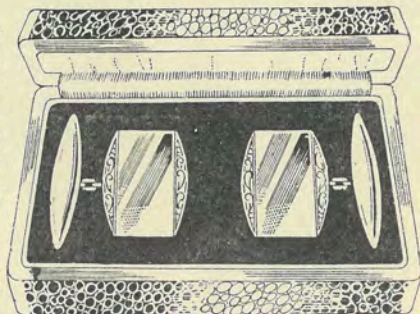

Chrome: 50/- to £5.

Gold-filled: 70/- to
£6/10/-.

9ct. Gold: £6 to £20.

JEWELLERY . . .

It seems to be the common fate of all young men to develop "Sleeve-Link" Trouble with their first man-style shirt! The first pair of Links are usually a cheap pair, and the frail links are soon broken—and so it goes on—a seemingly endless trail of broken Sleeve Links. Why not end all this by going along to SAUNDERS, and selecting a pair of Smart, Strong, Gold-plated or 9ct. Gold Sleeve Links! You will, with reasonable care, get years of service from these Links. For a very small extra charge you can have your Initials Engraved on each Link. Prices range from:—

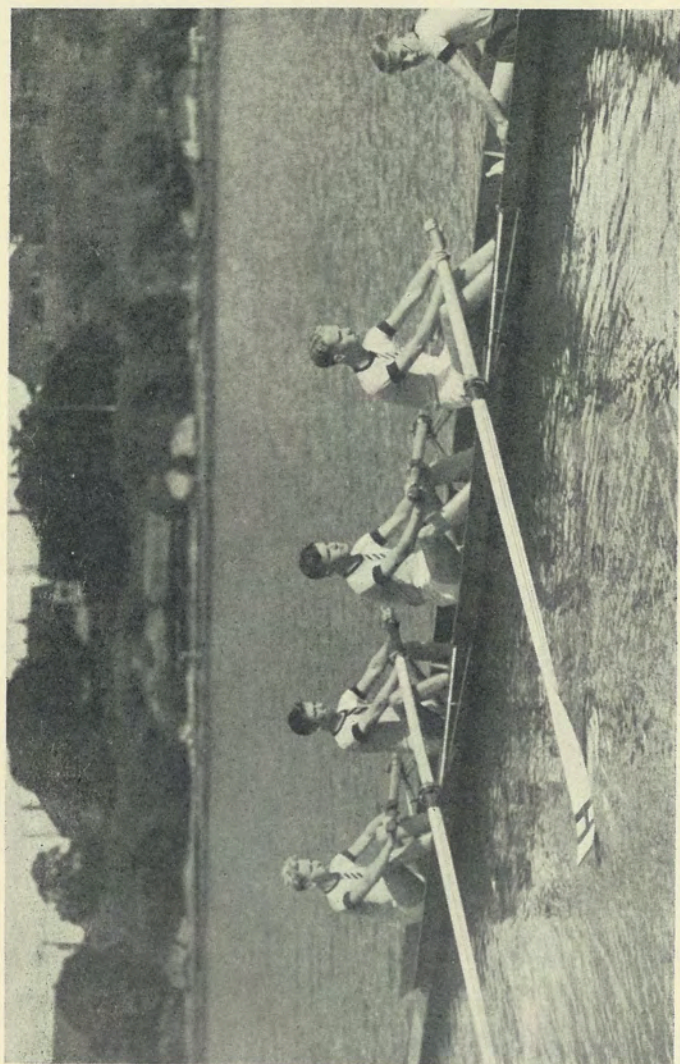

Gold-plated: 7/6, 10/6.

9ct. Gold: 22/6, 30/-, to 60/-.

Bow, J. HOBSON (10.0); 2, R. HEATLEY (9.8); 3, J. MATHLIN (11.5); Stroke, J. DARBY (10.2);
Cox, D. HAIN (7.7). (Coach, A. CALLAWAY, Esq.).

Winter rowing will be resumed shortly, and it is hoped that the bigger boys of the School will turn their interest to such a noble sport, and help maintain the rowing traditions of which this School is justly proud.

PAUL SMITH,
Captain of Boats.

S.H.S. Regatta

The School held its first Regatta on Saturday, 19th April, using the Cabarita course. As no G.P.S. Regatta was held this year, our Regatta aroused considerable interest in the schools, and the entries were very pleasing.

Our crews had shown great enthusiasm and, in the limited time given to training this year, made good progress. A fine lead was given by the Captain of Boats, Paul Smith, and his Deputy, Bruce Gordon; their good work, both in the boat and in the shed, was much appreciated.

On the day of the Regatta, the River was in its most genial mood, and provided a fine setting for the racing. Some fine rowing was seen, and in most of the events close, exciting finishes occurred. The afternoon ended with a keenly fought race for the Senior Eights. For most of the course the crews were closely bunched, with Shore holding a slight advantage. Over the final stages, Shore beat off challenges made by St. Joseph's and Grammar, and, rowing well together, went on to win by three-quarters of a length.

Results

Novice Fours No. 1—Shore School 1, King's School 2, Sydney Grammar School 3. $1\frac{1}{2}$ lengths, 2 lengths. Time: $1-46\frac{1}{2}$.

Novice Fours No. 2—Shore School 1, King's School 2, Sydney Grammar School 3. $\frac{1}{2}$ length, 2 lengths. Time: $1-53\frac{1}{2}$.

Junior Eights—St. Joseph's College 1, King's School 2, Scots' College 3. Canvas, $\frac{1}{2}$ length. Time: $2-52\frac{3}{4}$.

Fifth Fours—Sydney High School 1, Scots' College 2, Shore School 3. $\frac{1}{2}$ length, canvas. Time: $3-28\frac{1}{2}$.

Fourth Fours—Shore School 1, Scots' College 2, Sydney High School 3. 4 lengths, 2 feet. Time: $3-8\frac{3}{4}$.

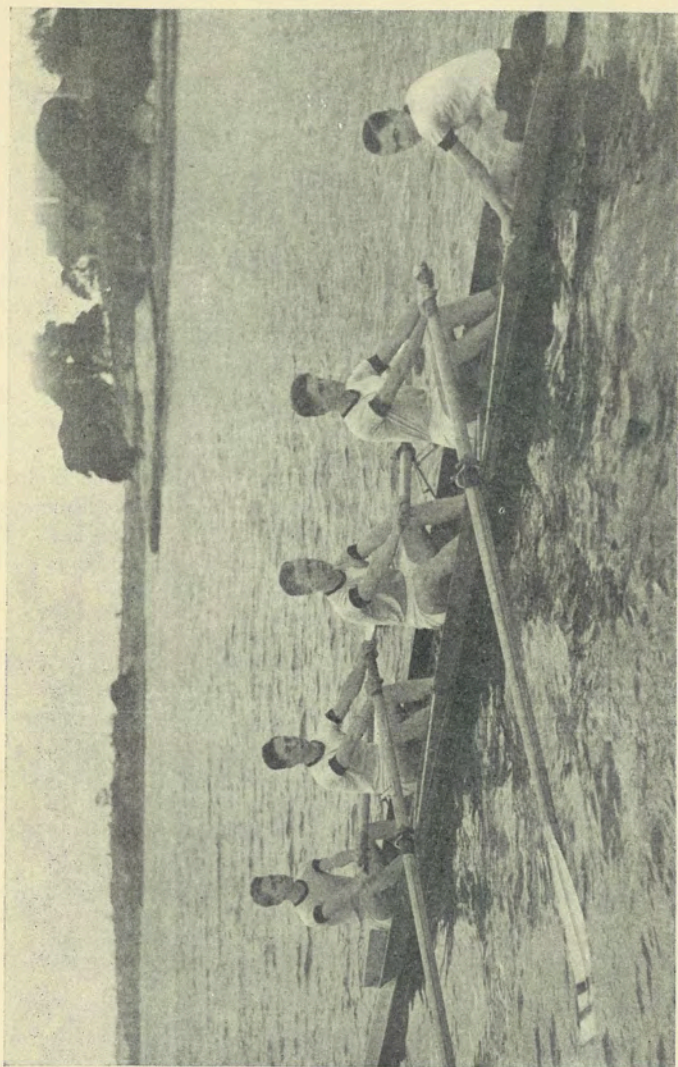

Third Fours—Shore School 1, Scots' College 2, Sydney High School 3. $1\frac{1}{2}$ lengths, 2 lengths. Time: $3-6\frac{1}{4}$.

Second Fours—St. Joseph's College 1, Shore School 2, King's School 3. 1 length, 3 lengths. Time: $3-2\frac{1}{4}$.

First Fours—Shore School 1, St. Joseph's College 2, Sydney Grammar School 3. $\frac{1}{2}$ length, $2\frac{1}{2}$ lengths. Time: $2-56\frac{3}{4}$.

Senior Eights—Shore School 1, St. Joseph's College 2, Sydney Grammar School 3. $\frac{3}{4}$ length, $\frac{1}{2}$ length. Time: $2-33\frac{1}{2}$.

W. E. CUMMINGS.

SECOND FOUR, 1941.

Bow, A. HOWELL (9.13); 2, G. NICOL (11.0); 3, R. ROULSTON (11.0); Stroke, J. GILES (9.4);

A DEMAND FOR YOUTH

Now is the time to Start Your Training

To-day, business activities rapidly expanding, are handicapped by the reduction in the number of trained workers available. Not only must vacant places be filled, but new appointments must be made. The youth of Australia is urgently needed to carry on essential services in commerce and industry.

Times of stress are times of test. Are you equipped to respond to the pressing demand for trained workers?

Blennerhassett's Institute of Accountancy Pty. Ltd., specialists in Commercial Training, offer special advantages and exceptional facilities to ambitious youth.

B.I.A. Courses of Specialised Instruction, comprehensive, up-to-date, offer the ideal means of qualifying for efficient service, quickly, and at the lowest cost.

B.I.A. Accountancy Course, covering the qualification of both commercial and practising accountants, providing training for the competent carrying out of practical work.

B.I.A. Secretarial Course, covering both the academic and practical requirements of private, company, and public secretaries, providing an expert training in secretarial work and duties.

B.I.A. Banking Course, covering the whole ground of practical banking, including qualification for the Bankers' Diploma.

B.I.A. Individual Training and Personal Individual Service, pioneered in Australia by B.I.A., and standing alone as the most productive method of coaching, concentrates on the training of each individual student on lines specifically adapted to his personal needs.

B.I.A. EMPLOYMENT SERVICE SECTION, assisting each student and prospective student to make the right start and to obtain a progressive position, free of all cost or obligation. This service is available to you, now. Call and register your name.

Enrol with B.I.A. Duty calls—opportunity offers. Start now to qualify for advancement.

Call or write for a post free copy of "The Accountant and Secretary," giving full details of Courses, Training, Service, Fees, etc.

THE RECORD

OLD BOYS AT THE UNIVERSITY

The School congratulates the following Old Boys on their outstanding success, among many other good passes by Old Boys, at the annual University examinations, 1940:—

In Arts III, D. P. Scales, Lithgow Scholarship No. 3 for French, and Garton Scholarship No. 6 for German.

In Arts I, R. J. Thomson shared the Garton Scholarship No. 1 for French, and won Garton Scholarship No. 4 for German.

In Arts II, K. M. Glass shared the G. S. Caird Scholarship for Philosophy.

In Engineering II, A. Milston shared the Barker Scholarship No. 1 for Mathematics.

In Medicine I, Barry Wyke was equal for the Haswell Prize for Zoology.

In Agricultural Science II, Victor Lewis won the Fitzroy Prize for Principles of Agriculture.

We pay freight. When ordering kindly mention the "Record."

MURDOCH'S LTD., PARK ST., SYDNEY

"Where the good hats are."

It's ideal for school books

Smart, convenient, light and sturdy, the Globite School Case is made to stand the rough and tumble of school use. It weighs and costs less than leather. Its glossy finish is weatherproof. Its fittings are neat and strong and it has a handy metal lid stay. Globite School Cases are just the right size . . . 16 inches long. Ask to see one . . . feel how light it is!

CLOBITE SCHOOL CASE

Use a Globite Case, too, for holiday trips . . . for college or boarding school . . . all needed sizes available.
