Events of the Week

History Week (2-10/9) asks the question – How well have we listened to the voices from the past? Do we learn from our history? George Santayana's famous 1905 quote is apt – 'Those who cannot remember the past are condemned

to repeat it'. The importance of learning history is that what we do or don't learn from it shapes our future. *National Child Protection Week* (3-9/9) challenges us to ask whether every child in every community receives a fair go. The aim is to make the concept a reality in every home and school. School Support Recognition Week (4-8/9) aims to recognise the School Administrative & Support Staff (SASS) and non-teaching staff who provide integral support to us in our school life. We held a morning tea for our SASS, financed in appreciation by the SBHS P & C. Thank you all for your dedication!

Tell Them from Me Survey 2023 (cont.)

In our SIP (Strategic Improvement Plan), we are focused on the learning process and how well certain skills are being acquired. It is agreed that explicit instruction is a good way to build capacity in students. *'Students feel classroom instruction is well-organised, with a clear purpose, and with immediate feedback that helps them learn'*. Yes at High 71% v State 64%. During the life of our SIP we would hope to raise this perception to 75% or higher. *'Students understand there are clear rules and expectations for classroom behaviour'*. SBHS 68% State 56%. Our class rules relate to enacting our stated values of *respect, comparison, dedication and integrity*. We have some work to do to operationalise these values as virtues (values in action). We will display the Department's Code of Conduct in every teaching and learning space.

The learning environment is an important catalyst (positive or negative) on student learning. *To what extent are your learning spaces – equipped with technology that helps me learn* 76% (agree/strongly agree); *the learning spaces help me learn* 55%; *the learning spaces are neat and tidy* 60%. I am not

completely confident that the respondents understood the statements fully in respect of learning climate. Also, having had BYOD access to CANVAS and the network for many years, as well as Vиви, students take their environment for granted. Overall, the survey provides us with large scale data on our core business from the perspective of our students. While the survey is flawed and students are sick of redoing it annually, at least the weaknesses are now constants, so we can look at changes and trends more carefully to inform our future practice. We know some areas need improvement in the eyes of our students. We are listening and acting.

Sentence Conscious Pedagogy: Revising and Editing the Draft

Revising means clarifying or altering the content of structure of a draft to make the writing clear, accurate, fluid, sequenced and coherent. Anticipate what information that the reader will need or want to know. Practising revision activities helps develop clarity and coherence; enables students to use sentence strategies when writing at length; provides a way of incorporating substantive changes into a piece of writing in addition to mechanical ones; and leads to more smoothly flowing and more logically connected prose.

Editing involves identifying and then correcting errors in grammar, punctuation, capitalisation, syntax and spelling. Revising needs to come before editing. Practise applying the processes to a teacher-provided bare-bones paragraph. Practise inserting transitions and varying sentence structure. Clarity and accuracy are the goals.

Please label all items clearly with a first **and** last name to enable identification.

It is the responsibility of students to claim their lost property from the McDonald Wing Office during recess. Parents are **NOT** permitted to collect lost property on their son's behalf.

Invitation from Philosophy in Schools association

Dear members and friends,

You are warmly welcome to attend the next free, community event hosted by the Centre for Critical Thinking and Ethics at Newington College at 6:30pm on Wednesday 13 September. Stephen Law (University of Oxford) will be presenting a public lecture on the topic *Thinking Critically about Weird Things*. Here is a bit more on the talk:

Just how reasonable is it to believe in astrology, or that we are visited by aliens, or that some places are haunted by the dead? Given some conspiracy theories are true, how do we tell which are reasonable and which are cranky? This talk provides key pieces of advice on thinking about weird things.

You can learn more about the event and book a (free) spot here:

Sydney High School Old Boys Life Membership FINAL Week for Graduation

Dear Parent,

Firstly, thank you to all the Parents and Boys that have paid their life membership. Many students will graduate with life membership.

You can ignore this email if you PAID already.

For everyone else, SUNDAY this week is the **LAST DAY** to secure Life Membership of the **Sydney High School Old Boys Union** for your son, so that he may receive his Membership Certificate and Badge presented to him at the **Year 12 GRADUATION** Assembly on Tuesday the 19th of September, along with all his friends and parents in attendance.

The Life Membership Graduation Ceremony will be the **FIRST** part of the day and include some special guests providing the Life Memberships.

Life Membership ensures your son need **NEVER** pay another fee to ensure he can access mentoring and University programs, and the Old Boys job and career support network, in addition to discounts on events and products and services provided by Old Boys, regardless of where in the world he will be living.

Please pay the discounted fee of \$450 by Sunday 17 September at the **LATEST**.

You can pay on-line at [STUDENT MEMBERSHIP](#) OR
If you have any queries, or any financial challenges, please contact me on 0411 452 856 or email at president@shsobu.org.au

I have seen great take up this year and with all the recent university Interview proactive sessions and career advisory sessions for Year 12 boys, don't miss this opportunity to make your son a member for **LIFE** and all that entails for this one off payment.

WHY Joining the Sydney High School Old Boys Union is a MUST

As we finalise the separate presentation on Friday of Life Memberships to most of the boys, I wanted to ensure you had this last chance to sign up your son Tyler, so that he doesn't miss out on the opportunities membership of the Old Boys Union will provide him for life.

As an example, A recent old boy graduating with distinction average could **not get any job offers** in his final year despite making the interview round.

After an in-depth discussion with our Mentorship coordinator Eric Wong ('00), he secured offers within next 2 weeks after changing his approach to interviews, including a Management Consulting role and a Corporate Strategy Advisory role within his preferred company, and one more offer from his foot in the door option. This and much more are available to your son via his Sydney High Old Boys Union membership.

Finally, please make sure your son updates his own contact details in the OBU Database by clicking on this [link](#) so he will always be up to date with news from the OBU and the school as he commences his post school life. Many of the boys have your emails and phone listed, not their own.

Kind Regards

Paul Harapin ('83)

Meet the Teacher - Ms Zhang

Describe a little bit about yourself and your role at this school.

I was born in Shanghai and completed my upbringing and schooling in China. My current role at this school involves teaching Chinese, advocating for the language, coordinating external Chinese activities, and guiding students to reach their utmost potential across all academic years, with a particular focus on HSC students.

Describe a little bit about your background in education and how you came to be a Languages teacher at this school.

Upon graduating from Shanghai Teacher's University, I embarked on a journey to Australia in pursuit of better prospects. After arriving in Australia, I began teaching at a Saturday Chinese school and found the experience highly rewarding. This prompted me to pursue the necessary qualifications for teaching in Australia through

university studies. My teaching journey encompassed various institutions before I was offered a full-time position at Sydney Boys High.

Is there anything you find unique about teaching at SBHS?

Teaching at SBHS is an immense privilege that has significantly enriched my professional journey. I find it exceptionally fulfilling teaching Chinese language and its history and culture to both heritage Chinese students and non-native speakers.

What is an interesting fact about you, or a hobby that you have?

I'm passionate about a range of activities including cooking, travelling, yoga, swimming, running and reading.

Fundraiser for Boggabilla Central School

Boggabilla Central School is situated within the Euraba Education Centre which provides an extensive range of educational services to students from preschool age to adulthood in the Boggabilla, Toomelah and Goondiwindi communities in Northern NSW. A couple of weeks ago (on Friday 18 August), the 56 members of the Community Services Committee (CSC) hosted a Bake Sale and Mufti Day to raise critical funds to support the Boggabilla School in northern NSW, a school proud of its indigenous heritage. The support from SBHS students for the bake sale and mufti day was overwhelming, helping CSC to raise a total of \$1,600. This money will be used to provide textbooks, technology, and other learning materials. Thank you to Mr. Ormsby for his support and the SBHS P&C for assisting CSC in promoting the bake sale to parent chat groups.

Sydney High School Cadet Unit (SHSCU)

Passing Out Parade and 140th Anniversary Supper

On Tuesday, 29 August 2023, Sydney High School Cadet Unit (SHSCU) hosted the Passing Out Parade and 140th Anniversary Supper. Nearly 200 guests attended the Parade. In attendance at this event, we were fortunate to have General the Honourable Sir Peter Cosgrove AK AC (Military) CVO MC (Retired), Patron of the ADF Cadets, Colonel Andrew White, Brigadier Robert Lording, Dr Kim Jaggar, President of Paddington-Woollahra RSL Sub Branch Terry Farley and thirty Old Boy cadets from 1950s to 2021. The Hosting Officer was SHSCU Lieutenant AAC Ronald Luo.

A Passing Out Parade, which marked the conclusion of a 6-year journey of cadets for the Year 12 graduates and the commencement of the cadet journey for new recruits, provided an opportunity for meaningful discussion and a chance for SHSCU to showcase their parade, practised and prepared, months in advance. As the Year 12's marched onto the parade for the final time, acknowledgement of their commitment as well as others' to the unit was deserved. 2023 would also recognise a staggering 140 years of the SHSCU in operation, signifying the presence of a continuously thriving community of cadets and supporters who have been keeping a century-old tradition alive.

Following the Passing-Out Parade, the 140th-anniversary supper commenced. A supper organised by our committed Defence Approved Helper Binh Johnsun as well as numerous parents and caregivers who dedicated their afternoon preparing food for almost 150 guests. An extensive thank you to all parents and caregivers involved with the smooth running of the supper, to whom we express immense gratitude.

Dr Kim Jaggard addressed the evening supper, followed by speeches from the official party. We express many thanks for the time taken by the official party. The SHSCU was generously gifted the Sword of Service, and the Sword of Courage by the Paddington-Woollahra RSL Sub Branch, presented by Terry Farley, the current President. One of the swords was used to cut the celebratory cake shortly after.

Parents & Guardians of Cadets:
Please download **SZapp** from the Apple App Store or Google Play and subscribe to 'CADETS.' SZapp installation guide can be found at the end of High Notes.

SHSCU's rich history was showcased through a collection of old photographs and memorabilia, highlighting the progressive change from the beginning of the unit to the present as supper was served.

Soon after supper had been served up, Brigadier Robert Lording, accompanied by CUO Jiya Daga and CUO Dean Johnsun, cut the celebratory cake. The SHSCU has reached a colossal milestone, continually growing, 140 years after the unit's founding and for many more to come.

The SHSCU thanks all attendees and volunteers for their time in making this event successful and wishes all the best for the Year 12 graduates.
